OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 26 September 1900.

No. 9561

From

THE HON'BLE MR. G. H. STUART, M.A., Barrister-at-Law,
DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

(Thro' the Accountant-General), Fort St. George.

SIR,

I have the honour to request that you will be so good as to obtain the sanction of Government for an expenditure of Rs. ⁷²⁰~~270~~ on account of certain alterations in the fittings of the gas-works and the supply of gas meters for the pipes in the different laboratories at the Presidency College, the necessity for which will be found explained in the subjoined extracts from the Principal's letter on the subject:-

2. These meters are necessary to enable us to determine the amount of gas supplied to the different laboratories and to the Civil Engineering College. The meter proposed for the Chemical Laboratory is according to Dr. Wilson's specification and, as it is much larger than the two others, is necessarily more expensive.
3. The provision of a larger oil-tank is recommended on the ground that, with a larger storage capacity at our disposal, it will be possible for us to effect a considerable saving by purchasing oil in bulk.
4. The supply of a special valve for the purpose of disconnecting the Civil Engineering College is also recommended. When our new arrangements are in full working order, we shall of course endeavour to provide a constant supply of gas to the Civil Engineering College, but it

might happen that owing to accident or oversight the quantity of gas in the holder is sufficient only to supply the needs of the Presidency College and in such an event, I think, it ought to be distinctly understood that this College, more especially in the interests of the Chemical Laboratory, should have a first claim to the supply of gas."

2. Sanction is also solicited for the following recurring charges in connection with the gas works at the College which it is proposed to incur in place of the more costly arrangement sanctioned in G.O.

No 61, Educational, dated 10th February 1900.

- (i) the appointment of an experienced maistry on Rs. 15 per mensem and (ii) the employment of an additional workman on Rs. 9 a month to assist the maistry, whenever necessary.

In this connection the Principal reports that the current year's allotment (Rs. 1700) under "Laboratory charges" will be quite inadequate to meet current charges if he has to pay from that amount the sum of Rs. 813-11-0 due to Messrs. Mansfield and Sons for the management of the gas works during 1899-1900 and for the supply of gas during the current year, as also the cost (Rs. 241-13-0) of tools and materials for the use of the new mechanic attached to the Physical Science Laboratory; and he accordingly requests that these extra charges amounting to Rs. 1055-8-0 be provided for by transfer from some other head.

3. The above charges aggregating Rs. 1775-8-0 can be met from the savings in the budget provision for "salaries" in the Law College, shewn in the enclosed reappropriation statement.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

The entries in the column of 'Present Scale' have been compared with the Registers of this Office and are correct. The proposed Temporary Establishment is within the sanctioning powers of the Local Government. The sanction should state the date from which it is to have effect and the period for which the Temporary Establishment is to last.

The proposed reappropriation can be sanctioned.

SUBJECT

Gas works, Presidency College.

FOR ORDERS.

The D.P.I. asks sanction

(1) for an expenditure of Rs 720 on account of certain alterations and additions to the gas works at the Presidency College,

(2) for the entertainment of a temporary mistry on Rs 15 per mensem and of a temporary assistant on Rs 9 in connection with those ~~for~~ works.

(This is in lieu of the monthly expenditure of Rs 40, sanctioned in G.O. no 61 Eol of the 10th February 1900) and

(3) for the reappropriation of Rs 1775-8-0 from the provision for salaries under 'Law College' to meet the charges (1) & (2) and the payments to Messrs Mansfield & Co.
2. With reference to the temporary establishment proposed

The proposal to utilize a portion of the
 savings under Law College in meeting the cost of
 furniture required for the Engineering College extension

 disallowed in G.O. no. 548261. of 31st Oct. 1900.

 therefore go to that department for remarks U.O.

Note for the C.A.

The following amounts go to make up the sum of Rs. 1,776 asked for in this file:-

	Rs.
(a) For certain alterations in the fittings of the gas works and the supply of gas-meters in Presidency College...	720
(b) Due to Mansfield and Sons for the management of the gas-works during 1899-1900 and for the supply of gas during 1900-1901...	814
(c) The cost of tools and materials for the use of the new china <u>mechanics</u> ...	242
Total...	1,776

The Educational Department has decided "that the proposed charges must be put off until the beginning of 1901-1902." But please see item (b) above. The charges towards the management of the gas works during 1899-1900 due to Mansfield and Sons cannot evidently be postponed to 1901-1902.

2. The Director of Public Instruction asks in paragraph 2 of his letter for sanction to appoint two temporary hands ^{costing} ~~at~~ Rs. 24 per mensem in connection with the gas works instead of the present arrangement under which Mansfield and Sons supply gas makers and charge Government Rs. 40 per mensem. The proposed measure shows a saving of Rs. 16 per mensem, and may, it is submitted, perhaps on that account be sanctioned now.

Art. 161. 162. C.A.C.

3. In the notes connected with G.O. No. 548, Educational, dated the 31st October 1900, it was decided that the Director of Public Instruction should surrender the whole or a portion, as the case may be, of the saving of Rs. 8,850 anticipated in the grant for the Law College. This amount may now be resumed with the concurrence of the Educational Department.

For the C.S.

It would appear to be safer not to advise E.C. to sanction anything until the D.P.I. has cleared up the ~~sub~~ position somewhat. From the portion marked A of his letter on page 6 of the Current File it would appear that the current expenditure in connection with the gas works at the Presidency College is being met by postponement of money already due for work done &c. Thus, if the fact, is contrary to account rules & should, it is out, be stopped.

2. E.C. may be asked about the resumption postponed at B above?

Educational department

The position appears to be this. A certain sum which is made out in this office to have been Rs 333-11-0 was due to Messrs Mansfield & sons for the management of the gasworks in 1899-1900. It could not be paid in that year as the accountant general raised objections. For 1900-1901 Rs 480 is wanted. The payment up to date has been made but if the total of Rs 813-11-0 has to be debited against the allotment for "Laboratory Charges" in the current year's budget as it has to be, the provision under this head will be found insufficient. A re-appropriation of the amount plus Rs 962 wanted for other purposes is therefore proposed. The Director may however be asked to whether our surmise is correct.

2. In our final note on the Educational budget we have waived our objection to the resumption of Rs 8850 from the provision for the Law College.

Read the following paper:—

no. 1403.

From paragraph 2 of the Director's letter no. 9561 of 26th September 1900 it appears that the current expenditure in connection with the manufacture of gas ~~at~~ at the Presidency College is being met by postponement of money already due for work done. The Director will report whether this is the case and if so, what is the total amount remaining unpaid. He should also state whether ~~the whole or~~ any portion of the additional expenditure now proposed can be conveniently postponed till April, next so as to allow of the savings under Law College being surrendered to the Financial department.
