OFFICE OF THE DIRECTOR OF  
PUBLIC INSTRUCTION,  
Madras, 22 November 1900.

No. 11689

From

THE HON'BLE MR. G. H. STUART, M.A., Barrister-at-Law,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

The Grant-in-Aid Code for the current year as amended by the Gazette Notification No 16, dated 31st March 1900 (vide Fort St. George Gazette Extraordinary, dated 31st March, 1900) was issued only in April last. It seems to me unnecessary to publish so soon a fresh code for the next official year, especially as there are not many important changes to be made. I have, therefore, the honour to request that Government will be pleased to order that the current year's code with the changes suggested in the accompanying draft notification shall have force for 1901-1902.

2. The changes proposed are briefly explained below:-

(1). Chapter II, Article 1 provides that the manager or managers of aided institutions should be recognized by the Department. The inspecting officers who are the countersigning officers of fixed grant bills and certifying memoranda, have been permitted to recognize change of management in schools aided on the fixed and results grants systems. The addition suggested is to make the point clear to managers of those schools who frequently apply to this office for recognition of transfer of management.

(2). Chapter II, Article 3. The addition made to this article is with reference to G.O. No 315 A, Educational,

dated 27th July 1900.

(3). Chapter II, Article 6. Government in its order

No 55, Educational, dated 4th February 1899 has sanctioned the inclusion of the class referred to in the list of backward and indigent classes.

(4). Chapter V, Article 27. I would, for the reasons given below, propose the omission of clause (ii) of this article which provides for payment of extra grants up to the limit of net cost to schools for backward and indigent classes and in backward localities. This clause gives inspecting officers a certain amount of discretion in the matter of assigning results grants to the above classes of schools. But, sufficient funds not being available for payment of even a fair proportion of the earnings of results schools, the way in which this discretion has been exercised by inspecting officers has failed to satisfy the managers of this class of schools, while it causes discontent among managers of ordinary schools. It seems to me therefore desirable that the discretionary power given in clause (ii) to sanction extra grants should be withdrawn and that, instead, a higher rate of grant for schools for backward and indigent classes or in backward localities should be fixed. If this be done, then, in distributing the results grants allotments, these schools may be given the same proportion of their earnings at the high rate now proposed as other schools get at the rates prescribed for them. It has hitherto been the practice whenever possible, to pay in full all grants earned at the rates given in Article 27 (i) (4) (c), and to pay more than the full grant (sometimes double, sometimes more) in the case of the schools mentioned in Article 27 (ii): the remaining schools thus received only what was left of the allotment for results grants, divided among them in proportion to their earnings. In Article 27 (i) (4) (c), a 50 percent higher rate has been fixed for pupils of backward and indigent classes enumerated in Article 6, Chapter II. This rate will still be maintained for pupils of these classes reading in ordinary schools i.e. in schools not specially

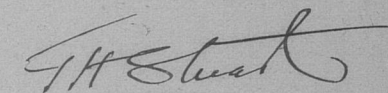

intended for such classes. But with regard to schools for backward and indigent classes or in backward localities for whose special benefit the present clause (ii) of Article 27 was inserted, I would propose that an exceptional rate of 150 percent higher than the standard rates be prescribed for all pupils of such schools, whether they belong to the classes mentioned in Article 6, Chapter II or not.

3. Government in its order No 412, Educational, dated 31st August 1900 desired that the articles in the Grant-in-Aid Code and other publications of this Department should be numbered on the system adopted in the Civil Service Regulations. Effect will be given to this order when the code is next reprinted.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Public Instruction.

Ex?  
m

NOTIFICATION.

His Excellency the Governor in Council is pleased to direct that the Grant-in-Aid Code for 1900-1901 with the following changes shall be in force for 1901-1902:-

Chapter II

Article I. Insert the following paragraph as an addition to this article:-

"Applications for change of management of schools aided on the fixed or results grant system should be made to the Inspector or the Inspectress, as the case may be, and in the case of other schools to the Director!"

Article 3. Add the following paragraph to this article:-

"Managers of aided schools shall, as a condition of receiving grants-in-aid from public funds, be required not to use any text book which is not included in the authorized list of text books, without the express sanction of Government!"

Article 6. Include the following classes in the list of backward and indigent classes:-

Paniyas (Wynaad taluk)  
Kurichiyas ( do )  
Thoriyas (Kollegal taluk).

Chapter V.

Article 27. Substitute the following for clause (i) (1):-

"(1) At 150 per cent higher for blind and deaf and dumb children, and for pupils in schools for backward and indigent classes and in backward localities!"

Omit the following clause:-

Clause (ii) of Article 27.

C. No. 1612 of 1900

SUBJECT

Changes in the Grant-in-aid code.

FOR ORDERS.

Of the changes proposed by the D.P.I. the following alone are of any importance:-

- (1) the omission of clause (ii) of art. 27, ch. V. &
- (2) the addition of the words "and for pupils in schools for backward and indigent classes and in backward localities" to clause (i) (1).

2. It is submitted that these changes may be accepted for the reasons given by the D.P.I. in para 2 (4) of his letter.

3. The Director's proposal to dispense with the annual publication of the Code as required by Article 14 of Chapter I may also be approved.

I do not think this is at all an opportune time for passing the order suggested at A. To do so will hang up for another whole year & a quarter the renumbering & making

confusing & tiresome compilation  
existing in this presidency - if not  
I don't think that the mere  
fact of there being few alterations  
to make should ~~the~~ stand in  
the way of a fresh edition.

12-12-40

It certainly is very advisable that the numbering & sub-numbering of this Code sh<sup>d</sup> be altered as soon as possible - and if not done now it may be delayed. It is probable that the post-ponement of the revision of the Code is suggested by the trouble that the renumbering ordered will give - But this submitted that the Director sh<sup>d</sup> be told to get the amendments he suggests inserted in the Code & the Code renumbered & published as soon as possible.

*I concur.*  
*MS 8.12.00*

The draft placed below may issue.
