

ORDINARY MS.

G.O., No. 692

DATED 27. 12. 00

INDEXED.

[Despatch Abstract.]

Forwarding to the Sanitary Commissioner  
petition from C. Subrahmanya Aiyar,  
Union Clerk, Ambasamudram, with the  
remark that if H. A. & Matriculate  
applicants be below the required number  
there is nothing to prevent him from  
nominating men with lower qualifications  
to fill up vacancies in the Sanitary Inspector  
class of the Med. College.

FURTHER PAPERS.

## NOTE FOR THE ASSISTANT SECRETARY

\* & also the SC  
 \* The pet. have naturally  
 been misled by  
 the absurd fame of  
 the D.P.I.'s practice  
 which for years have  
 been made to look  
 as like font. aides  
 as can be. W:

M. J.  
 20/12/00

The Govt has issued no such order  
 in para 3 of the petition, restricting  
 into the Sanitary Inspectors class to  
 matriculates and F.A.s. The restriction  
 suggested by the D.P.I. and according to  
 letter recorded in G.O. no. 660 Ed D 27<sup>th</sup> 1900  
 it has not been found possible in practice

2. Perhaps the Sanitary Commissioner  
 he asked U.O. whether in these circumstances  
 he has any objection to re-nominate the  
 unless all the applicants this year were under  
 in which case the petitioner has no chance. It  
 is likely however that the Sanitary Commr. will  
 modify his circular of the 8<sup>th</sup> October <sup>after</sup> ~~when~~ all the  
 applications for the year have been received if  
 finds that there is not a sufficient number of  
 under graduate applicants.

P. J.  
 20/12/00

We may refer the papers  
 of the San. Comr. up to  
 proposed above, &

7  
o.NOTE by the Sanitary Commissioner for Madras, dated

21st December 1900.

Reference.—

A. Paragraph 4 of G.O.No. 437 dated 8th September 1900 led me to believe that Government fully approved the principle to which attention was invited in the Proceedings of the D.P.I. para 5, although final orders had not been passed, and that I had perhaps erred in not taking action upon the same suggestion made in the previous year's Report of the D.P.I.; consequently, I felt it my duty to stay all nominations until final orders were received. The case of the petitioner and some others is decidedly hard. If I do not hear to the contrary from Government, I shall understand that it does not desire the right of nomination be held in abeyance. Government will doubtless issue final Orders on the subject, in connection with my letter on the present position of Sanitary Inspec-

There seems to have been some misapprehension in this matter all along. In paragraph 7 of his proceedings no. 8437-A at 35 of G.O. no. 569 Est., of 31<sup>st</sup> August 1899  
B Director said that in the selection of candidates preference might be given to undergraduates of the F.A. Standard and to those who ~~had~~ passed the matriculation examination in the first class. In paragraph 5 of his proceedings no. 7486 at page 30 of G.O. no. 437 of 8<sup>th</sup> September 1900, the  
A Director called the attention of the Principal and the Sanitary Commr. to the above. The Govt. thereupon asked whether preference ~~was~~ not thus given to F.A.s and first class matriculates. Paragraph 4 of G.O. no. 437 of 8<sup>th</sup> September 1900.  
A 2. It is submitted that giving preference to F.A.s and first class matriculates is one thing and restricting admission to these is another. The Govt. understood the Director all along to mean only the former and that is by all means most desirable and necessary. If however there are not enough of F.A.s and first class matriculates to apply

have full discretion in the matter.  
therefore the number of J.A. and  
class matriculate applicants this  
is below the total number required,  
Sanitary Commr. may be authorized  
nominate as many more as may be  
anted including the petitioner, a similar  
course being adopted in future.

The Sanitary Commr's letter referred to  
at the close of his note appears to be  
under disposal in the local and municipal  
depts. to which therefore this note may  
be forwarded for acceptance.

Note for the Secretary

The Sanitary Commissioner's letter, referred to  
in para. 4 of the note above, is now with the H.M.  
and orders are not likely to be passed thereon until  
after the Xmas holidays. As the Sanitary Inspector's class  
be formed early in January next, the course

educational department may, it is  
be adopted for the present.
