To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to request the sanction of Government for the following changes in the Grant-in-Aid Code for 1901-1902 published in Part I B of the Fort Saint George Gazette, dated 5th February 1901. The changes now made are due to the revision of the curriculum in lower secondary and primary schools sanctioned in G.O.No 389, Educational, dated 24th August 1900, which escaped my notice when I submitted my letter No 11869, dated 22nd November 1900.

Article 90. Standard scale of grants.

(1) According to the old curriculum the teaching of Geography and Hygiene and Elementary Sanitary Science began in the second and the third standards respectively, but, as these subjects are now begun only in the third and the fourth standards, the scale of results grants for the subjects prescribed for the former standards should be omitted.

(2) The subjects Geometry and Algebra and the scale of grants prescribed for them should be omitted, as they have been removed from the curriculum in lower secondary schools.

(3) Book-keeping and Commercial correspondence have been newly introduced as optional subjects for the seventh standard. The scale of grants for each of these subjects may be fixed at Rs.5 for an ordinary and Rs.6 for a merit pass, in common with the scale prescribed for Agriculture.

Appendices F and L.

For the foregoing reasons, Geometry and Algebra should be omitted from Appendices F (c) and L, and Book-keeping and Commercial correspondence should be inserted in their place.

2. I beg to enclose a draft notification embodying the above changes for publication in the Fort Saint George Gazette. In

anticipation of the sanction of Government, I have requested the Superintendent, Government Press, to carry them out in the copies of the Code to be issued.

I have the honour to be,

Sir,

Your most obedient servant,

G H Stuart

Director of Public Instruction.

Draft notification.

corrections shall be made
