MARCH.

Public Service Notification.

Prescribing certain qualifications for the posts of minor irrigation supervisor, overseer and sub-overseer, and ordering the publication in the *Fort St. George Gazette* of a notification relating to the same.

His attention will in this connection be invited to the papers noted in the margin, and he will be requested to be so good as to state what qualifications are required for the appointments of minor irrigation supervisor, overseer and sub-overseer in view to the necessary insertion being made in the public service notification.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper:—
Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), Mis. No. 174, dated 15th January 1901.

Read—again the following Board's Proceedings, Mis. No. 6422, dated 5th Dec. 1900:—

Read—again Board's Proceedings, Mis. No. 5406, dated 12th October 1900.

ABSTRACT.—Informing the Principal of the Civil Engineering College, Madras, of the appointments comprised in the minor irrigation establishment in the Revenue Department and of the qualifications required for them.

Read—also the following letter from Lieut.-Colonel H. D. LOVE, R.E., Principal, College of Engineering, Madras, dated 23rd November 1900, 2116-C.

Referring to Proceedings of the Board of Revenue, Mis. No. 5406, dated 12th October 1900, I have the honour to state that the *Fort St. George Gazette*, dated 2nd October 1900 (part I-B, page 539), contains an *addendum* to the public service notification regarding appointments as minor irrigation maistry.

2. The *addendum* was not referred to me prior to publication, or I should have pointed out that the course in the artisan class of this college does not qualify a man to become a maistry. The matter is of no great importance however, as the artisan class is about to be abolished and the notification must therefore lapse.

3. I do think it desirable, however, that the qualifications required for the appointments of minor irrigation supervisor, overseer and sub-overseer should be laid down in the public service notification, and I have the honour to inquire whether the Board will be pleased to take steps to have the requisite *addenda* sanctioned.

(Signed) R. V. SRINIVASIAH,

Resolution—Mis. No. 6422, dated 5th December 1900.

Forwarded to the Chief Engineer for Irrigation for favour of remarks.

2. His attention will in this connection be invited to the papers noted in the margin, and he will be requested to be so good as to state what qualifications are required for the appointments of minor irrigation supervisor, overseer and sub-overseer in view to the necessary insertion being made in the public service notification.

(Signed) R. V. SRINIVASIAH,
Secretary.

To the Chief Engineer for Irrigation.

Read—also the following letter from W. HUGHES, Esq., Chief Engineer for Irrigation, Tank Restoration Scheme, dated 24th December 1900, No. 2818-T:—

With reference to the Board's Proceedings, Mis. No. 6422, dated 5th December 1900, I have the honour to state that the following may be laid down as the qualifications for the minor irrigation supervisor, overseer and sub-overseer:—

Office or appointment.	Test.
Supervisors and overseers	Examination prescribed for the engineer subordinate (overseer) class, College of Engineering, Madras.
Sub-overseers	(i) Examination prescribed for the sub-overseer and surveyor class, College of Engineering, Madras. (ii) Examination in agricultural engineering, surveying and levelling, College of Agriculture, Saidapet.

Resolution—Mis. No. 174, dated 15th January 1901.

The papers read above will be submitted to Government, with the Board's recommendation that the qualifications suggested by the Chief Engineer for Irrigation for minor irrigation supervisor, overseer and sub-overseer may be accepted and embodied in the public service notification.

2. With reference to paragraph 2 of the letter from the Principal, College of Engineering, read in Board's Proceedings, No. 6422, dated 5th December 1900, the Chief Engineer for Irrigation will be requested to state what qualifications he would recommend for the post of minor irrigation maistry in the event of the artisan class in the Civil Engineering College being abolished.

(True Copies and Extract.)

(Signed) R. V. SRINIVASIAH,
Secretary.

To the Secretary to Government, Revenue Department.

Chief Engineer for Irrigation.

Copy to the Principal, College of Engineering, Madras.

ORDER—No. 134, Educational, dated 8th March 1901.

The Board's proposals are approved and the following notification will be published in the *Fort St. George Gazette* :—

NOTIFICATION.

In the first and second columns of schedule B of the public service notification add the following under the heading "Revenue department" :—

Offices or appointments.	Tests.
Minor irrigation supervisors and overseers ..	Examinations prescribed for the engineer subordinate (overseer) class, College of Engineering.
Minor irrigation sub-overseers	(i) Examinations prescribed for the sub-overseer and surveyor class, College of Engineering, or (ii) Examinations in agricultural engineering and surveying and levelling prescribed for the diploma in agriculture under the Government technical examination scheme.

(True Extract.)

Gazette.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 134, EDUCATIONAL, DATED 8TH MARCH 1901.

[SUBJECT.—Tests for the appointments of Minor Irrigation Supervisors, Overseers and Sub-overseers.]

From the Board of Revenue (Settlement), No. 174, dated 15th January 1901.

REVENUE DEPARTMENT.

The Board of Revenue recommends, in consultation with the Chief Engineer, Public Works department, that the following tests be prescribed as the qualifications required for the posts of minor irrigation supervisor, overseer and sub-overseer, and that the same be embodied in the public service notification :—

Office or appointment.	Test.
Supervisors and overseers	Examination prescribed for the engineer-subordinate (overseer) class, College of Engineering, Madras.
Sub-overseers	(i) Examination prescribed for the sub-overseer and surveyor class, College of Engineering, Madras. (ii) Examination in agricultural engineering, surveying and levelling, College of Agriculture, Saidapet.

2. Of the tests proposed by the Board, that proposed for minor irrigation supervisors and overseers is the same as that prescribed for the corresponding appointments (engineer-subordinates) in the Public Works department—*Vide* public service notification, schedule B. The test prescribed for sub-overseers of the Public Works department is the same as test No. (i) proposed for minor irrigation sub-overseers. No. (ii) proposed for this class is new.

In paragraph 6 of G.O., No. 696, Revenue, dated 7th December 1896, the Government directed that "no person should be appointed to any of the new posts who has not previously qualified by the tests prescribed for corresponding appointments in the Public Works department."

3. It is not clear from the Chief Engineer's letter, dated 24th December 1900, whether the new test (No. ii) proposed for minor irrigation sub-overseer is proposed as an *alternative* or an *additional* test. Submitted that, before the file is transferred to the Educational department, it may be sent u.o. to Public Works department for remarks on this point.

On page 4 of current file.

Yes, this seems necessary. I think No. (ii) is intended to be alternative.
