The Secretary to Government,
Educational Department.

Sir,

I have the honour to request that Government will be pleased to approve of Mr. Chatterton's action in having established agencies for the sale of aluminium ware in the Presidency Town as well as in the mofussil. The expenses connected with them, consisting of certain small monthly allowances and commission on sales effected, are objected to by the Accountant-General on the ground that the appointment of these agencies appears to be opposed to the spirit of paragraph 3 of the Government of India despatch No 415, dated 14th December 1899, printed in G.O. No 174, Educational, dated 10th April 1900, and that it should therefore be sanctioned by Government. Mr. Chatterton however considers that, as each mofussil agent will eventually become a local manufacturer, the establishment of these agencies is the most rapid way of fostering private enterprise; and he requests that his action may be approved.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

Cus 354.

NOTE FOR THE ASSISTANT SECRETARY.

The Accountant General does not apparently notice that the views expressed by the Govt of India in paragraph 3 of their despatch No 415 d 14th December 1899 were not accepted by the Secretary of State - vide paragraph 2 of his Lordship's reply No 17 Public (208) d 15th February 1900 printed immediately below the Govt of India despatch. Permission is given in this reply to leave to private enterprise the commercial development of the aluminium industry only so soon as the success of that industry is assured. Mr. Chatterton's action may therefore be approved.

Approval may be given with express reference to said George Hamilton's despatch of the 15th February 1898.
