To

The Secretary to Government,

Educational Department.

Thro' the Accountant-General.

Sir,

I have the honour to request that you will be so good as to obtain the sanction of the Government of India under Article 1150 of the Civil Service Regulations for a permanent monthly travelling allowance of Rs.50 to the Sub-Assistant Inspector of Sanskrit schools whose appointment was sanctioned in G.O.No 742,Educational,dated 1st November 1899. From appendix 24 to the Civil Service Regulations it will be observed that the Sub-Assistant Inspectors of schools in the hill tracts of the Northern Circars are in receipt of a permanent monthly allowance of Rs.50,while those in Malabar,South Canara and North Coimbatore are paid a monthly allowance of Rs.37½ and all other Sub-Assistant Inspectors Rs.25. I recommend the payment of a permanent monthly travelling allowance of Rs.50 in this case for the reasons given in the next paragraph.

2. The Sub-Assistants who under appendix 24 to the Civil Service Regulations draw Rs.50 have only two or three or at most four taluks to travel over,and their tours of inspection are so arranged that the monthly allowance covers their expenses;but this officer has to travel over the whole Presidency and to make two long tours (vide programme enclosed) each extending over a period of two or three months,during which period he has to examine as many as eighty schools scattered over a very wide area. Under Article 1170 (ii) of the Civil Service Regulations he cannot draw mileage except on days on which he travels more than 20 miles,but this he can seldom do as most of the schools he has to examine are within 20 miles of each other. Even in cases in

which he can draw mileage,he is not benefited much,the mileage rate allowed to him under Article 1127 of the Civil Service Regulations being only 2 as. Nor do the rules regarding halting allowance help him much,as there is not sufficient work even in large municipal towns like Chidambaram and Madura to occupy him for more than a couple of days (vide enclosed copy of his programme). During his recent tour extending over 70 days in the Central and Southern districts,where travelling is less difficult than in other parts of the Presidency,he had to travel 760 miles by country cart,and his actual expenses including railway fare amounted to Rs.274,but the allowance he can claim under the Civil Service Regulations is only Rs.147 (vide statement enclosed). His next tour is to be in parts where travelling is more difficult and his expenses will probably amount to about Rs.350. I therefore recommend that a permanent monthly allowance of Rs.50 be sanctioned and that under article 1147 of the Civil Service Regulations he may be permitted,whenever his actual travelling expenses for a journey exceed double the amount of his permanent allowance for the period occupied in the journey,to draw the difference between such double permanent allowance and the allowances admissible under chapter XLVIII in addition to his ordinary permanent allowance for such period. This concession has been granted to the Sub-Assistant Inspectors of girls' schools and of Muhammadan schools.

3. Provision has been made in the Budget Estimate for the year 1901-1902 for a permanent monthly allowance of Rs.50 to the Sub-Assistant. His travelling allowance for the current year may be met from the savings under the head of travelling allowance in the budget estimate of this office.

I have the honour to be,

Sir,

Your most obedient servant,

H H Stuart

Programme of inspection tour.—Approving and sanctioning, with remark, the — of the Sub-Assistant Inspector of Sanskrit Schools, for 1900–1901.

No. 7067.

Proceedings of the Director of Public Instruction, dated 18th July 1900.
Programme.

Read the following letter from M.R.Ry. R. KRISHNAMACHARIAR, M.A., Sub-Assistant Inspector of Sanskrit Schools, Madras, to the Director of Public Instruction, Madras, dated Old College, Madras, 2nd July 1900, No. 1:—

I beg to submit, for your approval and orders, a copy of my tour programme along with the necessary instructions to be issued to the Managers of Sanskrit Schools and Inspecting officers. There are 154 indigenous Sanskrit schools (excluding those in the district of South Canara) in this Presidency, of which twenty schools appear to have been recognized and twelve in receipt of grants. Of these, five are returned as "Advanced High Schools" and the rest as "Middle Schools." The managers of many of these schools are not aware of the advantages now offered to them by the Government in the appointment of a separate officer to inspect these schools and co-operate with the managers towards their organization, though I have already received letters from the proprietors of the Sanskrit schools at Vichintangal, Orati and Karampozya inviting me to inspect their schools and to guide them in improving their condition. I propose to inspect nearly 73 schools in the eleven Southern districts in the months of July, August and September and the other schools in the months of January, February and March. This cannot affect my work in the office as Assistant to the Director of Public Instruction, as I am not likely to be away in the months of October, November and December, the season when the office work is heavy. I beg permission to exclude such of the small schools as are far out of the way (like those in South Canara) as, otherwise, it will involve waste of time and money.

Programme of inspection work of the Sub-Assistant Inspector of Sanskrit Schools for the official year 1900–1901.

Proceedings, No. 7067 of 1900.

The tour programme of the Sub-Assistant Inspector of Sanskrit schools is approved and sanctioned.

2. It is hoped that the Managers of Sanskrit schools will avail themselves of the facilities now afforded by Government for the improvement of their schools.

3. The range Sub-Assistants and the Inspecting schoolmasters will render every help in their power to the Sanskrit Sub-Assistant during his tour.

4. The Sub-Assistant Inspector of Sanskrit schools will submit a copy of his reports on the various schools inspected by him to the Assistant Inspectors of the divisions in which those schools are situated.

5. The Sub-Assistant's request to omit from his programme this year such of the schools as are situated in out-of-the-way localities is granted.

The Secretary to Government,

Educational Department.

Sir,

With reference to memorandum No 18, dated 17th January last regarding the travelling allowance of the Sub-Assistant Inspector of Sanskrit schools, I have the honour to state that the double second class fare shown in the statement of actual expenses submitted with this office letter No 12036, dated 4th December 1900 was the actual fare paid by the Sub-Assistant for himself and family. The Sub-Assistant states that it is necessary for him to take some of his family with him on his tours extending, as they do, over the whole Presidency. If account cannot be taken of this, the permanent monthly allowance of Rs.50 originally recommended may be reduced to Rs.40.

I have the honour to be,

Sir,

Your most obedient servant,

G H Stuart

Director of Public Instruction.

C. No. 1721 J 1900

SUBJECT

Permanent monthly travelling allowance to the Sub Assistant inspector of Sanskrit schools.

KM

FOR ORDERS

The D.P.I. requests that the sanction of the Govt. of India may be obtained for a permanent monthly travelling allowance of Rs 50 to his Assistant and Subassistant inspector of Sanskrit schools whose appointment was sanctioned in G.O. No 742 Edl dt 1st November 1899.

2. The ground on which this request is based is that the amount of allowance the officer can claim at present under the C.S.R. is considerably less than his actual travelling expenses. For his recent tour extending over 70 days in the central and Southern districts, for instance, he could draw only Rs 147 whereas his actual expenses including railway fare came to Rs 274. It appears however that much reliance cannot be placed on the statement of actual expenses submitted by him and which works up to the above sum of Rs 274. In the first place double second class fare is shown as having been paid for the journey by railway. This cannot have been actually done. In the next place Cooly & Cart hire

appears to have been very liberally paid. Removal of luggage to and from railway station premises is almost always done by cartmen without extra payment. A sum of 3annas is put down as Cooly hire at the Madras central station but those who travel second class know that not a pice is necessary at this place as the moment a passenger alights from his carriage his luggage is taken charge of by the railway porters. This is only a solitary item but it shows how the Dubassistant has been incurring charges which cannot be lawfully included in a statement of actual expenses. Again a sum of Rs4 is shown as having been paid as cart hire from Tinnevelly to Nanguneri - a distance of 19 miles. Nanguneri is on the high road between Tinnevelly and Trivandrum - a distance of 93 miles - and a first class transit capable of carrying 8 passengers and almost two carts load of things can be had for Rs10 for the whole distance. It is not unlikely therefore that when the necessary subtractions are made the total of the Dubassistants actual expenses will be found to be not much above what he is entitled to under the rules. If so, a permanent monthly allowance seems to be hardly called for.

Cart hire used to be 1½ annas per mile. MS

3. At present only Dubassistants in the hill tracts of the northern Circars get a permanent allowance of Rs50 but travelling in those tracts where very few carts can be had and these at exorbitant rates, is different from journeying in the low country. The Dubassistants in Malabar, South Canara, the Nilgiris and North Coimbatore get Rs 37½ but the Dubassistant of Sanskrit Schools cannot be placed in the same position as these, either. His

Dubassistant has no doubt to go over the whole presidency but this chiefly the easily accessible places that he has to visit and his tours during the whole year take only six months at the most. If therefore it is considered necessary to grant him a permanent monthly allowance it is submitted that he should be placed only on a level with the Dubassistant inspectors of Muhammadan Schools who get Rs 25 with the concession referred to (attached) in para-graph 2 of the Director's letter.

The note above is very damaging to the case before Government, & the contentions in it appear to be reasonable. The D.P.I. should make out something either before Govt. can say well more in the matter.

There is no greater mistake than to put a poor case before the G. of I., & one in which it is frankly asserted that as a matter of fact a single person paid twice over for his railway ticket is on the face of it doubtful. MJ

Probably took the wife! DJ

The man has been liberal in tips and his
charge of double Railway fare is a mistake
But allowing only half what he has entered
for Railway tickets - and reducing his
tips considerably, he still owned be a
considerable loser on his existing allowance.
He serves a Caste where the man gets some
a monthly allowance, but the Govt of India
are jealous of granting such allowances.
The man also appears to have used jutkas
in towns providing schools more than
was absolutely necessary.

I think first the District may be
called upon to explain the double ticket
and him to do that first.

The director's reply to the reference made as above will be found on page 19 of the current file. It now appears that the Sub Assistant inspector was travelling with his "family". The Director recommends that if the charges incurred on account of those who travelled with the Sub-assistant cannot be taken into consideration the amount of fixed travelling allowance for which application was made may be reduced to Rs 140.

2. It is submitted however that the statement of actual expenses submitted by the sub-assistant is throughout affected by the fact of his taking his "family" with him. His own expenses may perhaps be taken at about half of what is shown in the statement, viz Rs 274. There will not then be much difference between the actual expenses and what he was entitled to draw under the regulations, viz Rs 147.

I still venture to think there is no case.

15-3-1

Rs 50 a month is probably too much - but he might be given the same as Sub Inspectors of Schools in Canara - viz 37½ - He does not travel as much as an ordinary Sub Inspector, on the other hand, his pay as the D.P.I. points out that he gains no benefit by boats or long road journeys - The Govt of India

If a bad case is set up I don't feel disposed to worry over converting it into a good one.
MS

might perhaps be willing to give Rs 37½ permanent allowance —
