The Secretary to Government,

Educational Department.

(Thro' the Accountant-General).

Sir,

I have the honour to request sanction for the continuance till the 31st March 1902 of the services of the three temporary assistants for the Government Training College, Rajahmundry, sanctioned in G.Os.R.No 51, Financial, dated 16th January 1900, and R.No 1013, Financial, dated 10th September 1900, one of them being paid at Rs.60 per mensem throughout the period and the remaining two at Rs.65 each for December 1900 and at Rs.60 from the 1st January 1901. The necessity for the retention of the assistants is fully explained in the subjoined extracts from Mr. Stone's letter on the subject:-

"The results in the practising school of the last Matriculation examination (12 passed out of 62) and of the annual examinations (19 per cent passed fully in the IV and 14 per cent in the V Form) point to a decided want of efficiency in the High school.

2. I believe one important cause of this inefficiency has been faulty organization. The upper secondary department was last year taught in seven sections, to all intents and purposes in seven distinct classes and for only two of these was a responsible form master appointed, and only one master taught for more than a few hours in any one class.

3. Educational authorities (followed by the Madras Educational Rules, Appendix to Chapters II, III and IV) express a decided preference for the form master system over complete specialisation in teaching for school work and the system described above must therefore be condemned on theoretical grounds, and as already remarked it seems to be a failure in practice.

4. I have now caused the time-table of the Training College

to be remodelled in such a way that each of six out of seven sections of the High school is taught by ~~an~~ one of the masters for at least half the school hours of each week, and there will consequently be a responsible form master for each of these sections. The first section of the sixth form will, as hitherto, be taught by the best qualified teachers in the various subjects, and its responsible master will be the first assistant. In drawing up this new time-table, which is in effect the basis of a scheme of organization, for the school can hardly be said to have been organized as yet, I have been obliged to assume the continued employment of the three temporary teachers sanctioned in G.Os.Nos.

X 4, Educational, dated 9th January 1900, and 404, Educational, dated 31st August 1900, communicated in endorsements Nos. 239, dated 19th January 1900 and 10057, dated 10th October 1900 respectively.

5. This would not perhaps have been necessary if I had been able to fill the normal classes with qualified men. We have in the Collegiate Training classes, 4 men instead of 6 in the L.T. and 9 instead of 10 in the Second Grade Collegiate class and of these 13 only 4 have had any experience in teaching. Nearly the same amount of teaching under supervision will however be done by students of these grades this year as last. The admission of lower secondary and Primary teachers this year has relieved the staff of some teaching but it has on the other hand made more technical lectures and supervision of teachers necessary.

2. Provision has been made in the current and next year's budgets for the entertainment of one and three temporary assistants respectively, on Rs.60 each per mensem. The additional allotment required for the current official year, amounting to Rs.370 as shewn in the margin can be met from the savings pointed out in the enclosed reappropriation statement.

2. temporary assistants for December 1900 at Rs.65 each	Rs. 130	
2. temporary assistants for January and February 1901 at Rs.60 each	240	
	<u>370</u>	

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart
Director of Public Instruction.

To The Secretary of Government
Educational Deptt:
