READ—also the following paper :—

From J. F. FINLAY, Esq., c.s.i., Secretary to the Government of India, Finance and Commerce Department (Accounts and Finance—Estimates and Accounts), to the Chief Secretary to the Government of Madras, dated Calcutta, 27th March 1901, No. A.-1716.

I am directed to acknowledge the receipt of the budget estimates of revenue and expenditure of the Madras Presidency for the year 1901-1902.

2. The accompanying statement shows the figures accepted by the Government of India under the various heads of revenue and expenditure as compared with the corresponding figures proposed by the Government of Madras. With reference to the differences, I am to make the following remarks :—

3. *Land Revenue*.—The decrease in the Provincial column is due to the omission of the sum of Rs. 75,000 entered by the Government of Madras for the maintenance of a Land Records staff. This correction has been made as budget provision in anticipation of sanction to expenditure is inadmissible.

22. *Education*.—Here, also, the differences in the Provincial and Local columns are due to the fact that sanction has not yet been obtained to the proposal to provincialize the charges for inspecting schoolmasters, which at present are Local.

32. *Miscellaneous*.—The Accountant-General, Madras, telegraphing on the 9th March said that the Government of Madras desired an addition of Rs. 2,45,000 to the local budget estimate under this head. In the absence of explanation of any

special reason for increasing the local expenditure under this head so largely, and as the actuals of past years indicate that so large a budget provision can scarcely be utilized, the addition was not made.

45. *Civil Works, Provincial*.—The figures quoted in the accompanying statement do not include the provision of Rs. 2,99,000 which the Government of Madras desired to make for grants to the Madras and other municipalities for plague expenditure and waterworks. In the absence of sanction to the proposed grants, the proposed provision has been disallowed: but the Government of India have made a lump addition of Rs. 6,00,000 to the budget estimate under the head 45. Civil Works, Provincial, raising it to Rs. 34,05,000. This addition will be available either for an increase of expenditure on Provincial Civil Works or for reappropriation to other heads as the Local Government may decide.

33. *Famine Relief*.—The budget estimate under this head was originally Rs. 5,000 for "flood charges," but the Accountant-General telegraphing on the 9th March said that the Government of Madras desired an addition of Rs. 1,50,000. In the absence of explanation as to the probability of famine relief being necessary during the ensuing year, no budget provision has been passed under this head; there will, however, be no hesitation in sanctioning a supplementary grant should famine relief unhappily be necessary.

3. The figures of the estimates under the heads IX and 11. Forests will be dealt with in a separate resolution in this department, and those for the estimates under the Public Works heads will be reviewed by the Public Works Department. The provision under the head 13. Interest is explained in the resolution in this department, No. 1388 A, dated the 15th March 1901.

4. The usual memorandum showing how the Provincial share of Land Revenue has been calculated is annexed. From this it will be seen that the Government of India have made an Imperial contribution of Rs. 32,14,000 in aid of the Provincial Revenues of Madras. Of this amount, a sum of Rs. 6,14,000 is required to avoid a minus balance in the budget estimate of 1901-1902, and Rs. 20,00,000 are required to restore the closing Provincial balance to the prescribed minimum. The balance of Rs. 6,00,000 rendered possible the addition made under the head 45. Civil Works as explained in paragraph 2 above.

Copy, with copy of annexures, forwarded to the Comptroller and Auditor General and to the Accountant-General, Madras.

(By Order.)

(Signed) J. F. FINLAY,
Secretary to the Government of India.
