Girls' School at Bhimavaram, Godavari District

Estimate of Rs. 6,930, for constructing a — with latrine and compound wall, sanctioned.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From the Hon'ble Mr. G. H. STUART, M.A., Barrister-at-Law, Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 11th March 1901, Ref. on C. No. 15334 of 1900.

I have the honour to submit, for the approval and sanction of Government, the enclosed plans and estimates for constructing a school-house for the Government girls' school, Bhímavaram, Gódvári district. Item No. 132 in page 18 in the list of civil works proposed for execution during 1901-1902, which is recorded in G.O., No. 691, Educational, dated 12th December 1900, refers to this work.

2. The school is now held in a rented building quite unsuitable for the purpose. The question of providing it with proper accommodation has been under consideration for the past six years, but owing to want of funds and the difficulty of getting a suitable site, it has not been possible to do anything in the matter. The site on which it is now proposed to erect the building is reported to be about the best in the town. It belongs to Government and is in charge of the Taluk Board, Narasapur, but the President of the Taluk Board and the President of the District Board, Gódvári, have both expressed their willingness to hand it over to this department, which therefore has now merely to take formal possession of it.

Memo. No. 66, Educational.

Approved and transferred to the Public Works Department.

15th March 1901.

(Signed) A. T. PRINGLE,
Assistant Secretary.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 6,930, for constructing a girls' school with latrine and compound wall at Bhímavaram, in the Gódvári district, is recommended for the sanction of Government with the following remarks :—

- (1) It will be more suitable to use paving tiles for the floor of the school room in lieu of 6-inch concrete plastered over with lime mortar.
- (2) The design for the latrine submitted is not suitable; a revised design and estimate have been prepared in this office at a cost of Rs. 105, which should be adopted.

9th April 1901.

(Signed) A. W. SMART, Col., R.E.,
Ag. Chief Engineer.

ORDER—No. 1195 W., dated 29th April 1901.

The estimate, amounting to Rs. 6,930, for constructing a girls' school with latrine and compound wall at Bhímavaram in the Gódvári district, is sanctioned for execution when funds are available.

2. Attention is drawn to the Chief Engineer's note read above.

3. The sanction accorded in paragraph 1 has been registered as Provincial No. 6 W. of 1901-1902, and classified as Civil Buildings—Original Works.

(True Extract.)

Under Secretary to Government.

READ—the following papers :—
