(Thro' the Accountant-General).

Sir,

I have the honour to request sanction for a permanent advance of Rs.400 for the Teachers' College hostels in the special circumstances set forth in the subjoined extracts from the Principal's letter on the subject:-

"We have three hostels attached to the College in which about 75 students board. Under the hostel rules, all boarding charges are payable by the 3th of each month, in advance, but, from experience, I find that this rule cannot be enforced without causing considerable inconvenience to the members, especially to those who are not Government stipendiaries. All the provisions have, nevertheless, to be purchased on the 1st of each month and if they are bought on credit, the charges are higher than when they are paid for in cash. Moreover, students do not get their stipends until after they have been in the College for 3 months, as is the case this year and consequently no payments can be made to the Hostel by the members out of their stipends. In the current year, I have advanced to the hostel Rs.550 and my 2nd assistant, M.R.Ry.S.Subrahmanya Aiyar, who is a member of the Committee has advanced Rs.200. Nearly Rs.1200 are due from the members and this amount can be collected only when their first stipends are paid for the months of January, February and March 1900. In certain seasons of the year, certain articles of food are cheap and I can buy them and store them up in large quantities. If I am allowed a permanent advance, I can meet charges like the above on payment from it. The accounts will be adjusted on the 31st December of each year

when one batch of students finishes their course and another comes in. The Head clerk of the Teachers' College who has furnished a cash security of Rs.250 is the manager of the hostel and I am the Superintendent. We will conjointly hold ourselves responsible for any advance that the Government may be pleased to make. I understand that, in the Christian College, similar advances are made as occasions arise and recouped afterwards!"

But fees are strictly payable in advance by the 15th - P.H.

2. The Principal of the College, who is also Superintendent of the hostels, and the Head clerk, who has furnished a cash security of Rs.250 and is also manager of the Smartha hostel, will conjointly hold themselves responsible for the permanent advance.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Public Instruction.

Submitted to Government.

No Permanent advance is admissible under article 77 Civil Account Code as that is intended to meet petty contingent expenditure only and to be recouped from time to time from the treasury on abstract bills but Government can sanction if it pleased, a special advance under article 157 (a) tenable for one year (i.e) to be drawn say in January and to be re-funded in December of the same year.

To

The Secretary to Government,

Educational Department.

Sir,

Referring to Memorandum, No 104, Educational, dated 25th April 1901, regarding the grant of a permanent advance for the Teachers' College hostels, I have the honour to say that the advance is required mainly to reduce the cost of boarding by purchasing the necessary articles of food in the proper season and in large quantities when prices are low, the amount thus laid out being recovered little by little every month. The price of these articles has been very high during the past few years and the Principal considers it impossible at present to raise the boarding fee so as to create a small fund as suggested by Government, without putting the boarders to serious hardship and inconvenience.

2. As regards payment of the boarding fees in advance, the Principal will, in future, inform the students before they join the College that they should be prepared to pay their boarding fees in advance by the 15th of every month.

I have the honour to be,

Sir,

Your most obedient servant,

Permanent advance - Teachers' College hostels.

FOR ORDERS

As to whether the special advance should be sanctioned. The account objection may be got over in the manner suggested by the Accountant-General, but the principle seems to be bad. The students ought to be taught punctuality and all dues must be strictly made payable in advance by the 15th of the month. This is what is done in the Christian College hostels. At present the students of the Teachers' College hostels are allowed to be in arrears for months together, but they should not depend on their stipends for payment of their boarding fees. They must advance their boarding fees from their own pocket and recon the advance on receipt of their stipends.

2. In the Christian college hostels again it was only just about the time they were started

started that advances were required. The expenditure has however been so adjusted that there is now a fund from the savings (a small one no doubt) from which whatever advance is required is met. A similar course should, it is submitted, be adopted in the Teachers' College hostels which must be educative also in their influence.

C. No. 487. G

The draft below may issue. The requirement of advance payment by the 15th of every month is, I understand, in force at the Christian College hostels, & this appears to be a much more wholesome arrangement than that obtaining at the Presidency College.

2. The creation of a fund as suggested ~~has~~ is perhaps open to objection in some ways, but we may hear what the Director has to say. The arrangement is said to answer at the Christian College.

MS

Very well. We may have Director's Remarks on the suggestion.
