Sir,

With reference to your letter No.384-Rout., dated 25th June 1901, relative to machinery for the Madras School of Arts, I have the honour to inform you that only one high class lathe has been ordered.

As regards the milling cutters, however, twelve of each size have been ordered, as stated in my letter No.S.5482 of the 23rd March 1901.

The manufacturers cannot take the surplus quantity (viz.eleven of each size) back, and they will therefore be shipped.

I suggest that, in the circumstances, the surplus cutters might be offered to the Ordnance or Marine Departments in India or to the State Railways.

I have the honour to be, Sir,

Your obedient Servant,

E. GILBERT BURLS.

Director General of Stores.

The Secretary to Government,
Educational Department,
Madras.

It is requested that in any further communication on this subject the under-mentioned letter and number may be quoted, and the reply addressed to

I think the last 10 words
 should be omitted. I will
 find out whether P. & D
 can utilize the cutters. Yacht
 I expect to see stock being
 burdened with useless articles.

The omission suggested may be accepted;
