With reference to my letter No. S. 10346 of 9th
August 1901, Messrs. Taylor and Challen ask if they
can proceed with the contract for the stores for the
Aluminium Department, Madras School of Arts.

I shall therefore be obliged if you will inform

NOTE FOR THE ASSISTANT SECRETARY.

Government has accepted the Director's view that the time has not yet come for withdrawing from the manufacture of aluminium. Should not the Director General of Stores, India Office, be therefore unwaxed to instruct Messrs Taylor & Challen to go on with the manufacture of the stores for which they have tendered and to have the indent sent home in February last supplied in full as early as possible?

For orders.

I understood from what H. M. said that he wished to go into the whole matter of our manufacture of aluminium ^{after return to} machines, before finally deciding. What course our future connection with the industry should take. As a suspension of the manufacture of the stores has been agreed upon, perhaps a decision as to whether the indent is to be proceeded with, may be allowed to lie over till Lord returns to India.

It is to be noted that the tender has been accepted but I imagine that

the Director Gen. of Stores could get
out of the agreement if the things are
not wanted.
