The bearer Syde Shariff was for some time Plague Assistant Inspector in the Divisions of Hospett and Sarayana danakeri. In this course I found him to be hardworking. His work of inspection was good. If he is placed as Sanitary Inspector I think he will be giving entire satisfaction.

The Secretary to the Government, Local, Municipal, Educational & Legislative Departments

Through the Sanitary Commission with the Government of Madras

The Humble Memorial of S. Syde Shariff most respectfully sheweth that:—

The Memorialist, a mohammedan and member of a big family owing to straitened circumstances had to deviate his course of studies from the pre-matriculation class (vide copy of cert. granted by the Principal of the Teachers' College, Saidapet enclosed). to the technical branch with the humble view of enabling himself to hold appointments requiring such knowledge (especially in the Department of Public Health).

2. Owing to the Memorialist's perseverance and hardwork he was fortunate enough to win the confidence of Lt. Colonel W. G. King C.I.E., M.B.C.M., & D.P.H., I.M.S., by whom the Memorialist was trained for a Plague Inspector's place, and having turned out successfully at the examination was kindly appointed as an Assistant Plague Inspr. in Bellary Sh. on Rs 25 in memo no. 775/1 dated 2nd April 1898, with instructions not to give up that appointment under any circumstances, a successful future career also being promised if he should be found to work willingly and cheerfully without shirking any work that may be entrusted to him.

3. By giving complete satisfaction to the several officers under whom the Memorialist was placed he was able to get the place of a circle Plague Inspector on Rs 40+30 which he held until the circle was abolished - Plague having subsided a little - and being reverted to his former appointment of an Assistant Plague Inspr. then, he filled up that place until the Plague establishment was completely abolished (i.e.) after a continued service of 2 years and 3 months during which period he earned several certificates (copies enclosed to me that he discharged all his duties - and

2
responsible but also highly hazardous - with a che-
heart and ungrudgingly cherishing hopes of future and
also the Capacity & Capability of the Memorialist to
hold an appointment of superior service).

4. After the abolition of the Plague establishment in
Bellary St. in June 1900, the Memorialist is quite
without employ as the number of appointments in the
Sanitary Department are very limited and as he finds
some difficulty in getting either a Sub-Superintendent's
place in the Salt Department or a Deputy Ranger's
place in the Forest Department (which the Memorialist
is confident is capable of discharging satisfactorily
with the fair knowledge he possesses in English and
all the Vernacular languages of Southern India namely
Telugu, Tamil, Hindustani & Kanerese) if the examination
rules were to be strictly applied in his case.

5. In Consideration of his birth, the hardwork he did
amidst a terrible malady trying always to minimise
and if possible to omit the sufferings of his brethren he
humbly prays in Conclusion that your honour will be
graciously pleased to show a special Concession in his
Case and exempt him from passing the Upper Secondary
examination for purposes of his entering the Govern-
ment service as a Salt Sub-Superintendent or a Forest
Deputy Ranger and thus to relieve him from
his poverty.

The Memorialist begs to remain
Your honour's

most obedient & humble servant
