Through the Accountant-General.

Sir,

S. With reference to G. O. No. 427 Educational dated 2nd instant, I have the honour to submit a proposition statement, in duplicate, for the establishment required for the office of the third Inspectress of Girls' schools newly created. Sanction is requested for the entertainment of four clerks on the same scale as that now in force in the offices of the Inspectors and that proposed for the two Inspectresses already in existence (Vide G. O. No. 442 Educational dated 9th August 1901). In the current year's budget there is provision for only three clerks (50-2-60, 25-1-30, and 15-1-20), the allotment of the previous year having been repeated. But as it will be some time before the clerks are appointed and actually enter upon their duties, the excess charge can be met from savings in the provision made in the budget for the establishment. The necessary provision for ^{four} clerks will be made in the budget estimate for next year.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

There is no account objection to the charge in question being met from the source indicated.
