GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Barrister-at-Law, Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 17th October 1901, R.C. No. 6941.

In rules 33 and 39 of the rules of the College of Engineering candidates for admission to the engineer and engineer subordinate classes are required to have passed either the minimum general education tests specified therein or "an examination accepted by Government as equivalent thereto," but under the rules of admission to the sub-overseer and surveyor and draftsman classes the prohibition against the admission into those classes of candidates who have not passed the minimum general education tests therein prescribed, viz., the lower secondary or the late middle school examination, is absolute. As it now stands rule 45 of the rules of the college is a great hardship to candidates who have passed the entrance examination of the Calcutta or other Indian universities, or the lower secondary examinations held under the orders of the Mysore and Coorg Governments, or any other examinations not lower in standard than the Madras lower secondary examination which, after all, is not an obligatory test for pupils of the third form and for which, therefore, many do not appear. To remove this hardship I beg to propose that admission to the entrance examinations of the sub-overseer and surveyor and draftsman classes be thrown open also to persons who have passed an examination accepted by Government as equivalent to the lower secondary or the late middle school examination, and that rule 45 be altered accordingly.

2. If my proposal is approved, I request that the enclosed notification be published in the gazette.

ORDER—No. 605, Educational, dated 25th October 1901.

The proposal of the Director of Public Instruction is approved, and the draft notification will, as altered by Government, be published in the *Fort St. George Gazette*.
