NOTE FOR THE ASSISTANT SECRETARY

The necessity for the immediate employment of the librarian is not quite apparent. It will be about the middle of November before an order sanctioning the proposition statement can reach the principal and the College will practically close within a fortnight of that date. It will not be in working order again till about the middle of February. It would seem therefore that the principal can conveniently wait till the budget for next year is passed.

It is that the fact in C. does not see the necessity for introducing the employing the librarian during the current year as the College will practically be closed from the beginning of December & not be in working order until the middle of February. ~~that the March payments~~ add that the necessity for the man must be fully established.
