To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to request the special sanction of Government for the admission into the hospital assistant class of the Medical College of one K.V.Dikshatulu, a Godavari student, in view to his undergoing training for service under the Godavari District Board. The candidate is not eligible for admission into the class, having passed only the lower secondary examination. But the President, District Board, Godavari, in the following extract from his letter, strongly recommends that, in view of the paucity of qualified men in the District, the candidate named above may be specially exempted.

"Owing to paucity of certificated persons available for service as Hospital Assistants, the District Board has been training candidates at its own cost on condition of their serving under the Board for at least five years. This practice has been in vogue since 1895 and six persons have already taken up service under the Board and two more are under training in the Medical College, Madras.

2. In spite of the heavy expenditure which the District Board has been incurring in the shape of scholarships to these men, not to speak of the risk of losing money if the selected candidates fail in the final examination or leave the Medical College in the middle of their course, the Board has not been able to secure pupils who have passed Matriculation Examination (who alone are eligible for admission into the Hospital Assistant's class of the Medical College). Last year, when a Matriculate pupil who completed the pre-collegiate

course, at the cost of the District Board, declined to go to the Medical College (Hospital Assistant's class) on the ground of ill-health, no Matriculate willing to undergo training as Hospital Assistant could be secured to take his place.

3. One K.V.Dikshatulu has come forward to undergo training required for Hospital Assistants, at his own cost in the Madras Medical College. He has passed the lower secondary examination and is prepared to execute necessary agreement to serve under the Board on passing the Hospital Assistant's Test.

4. As he has not passed the Matriculation Examination, he is, under ordinary circumstances, ineligible for admission into the Medical College. I have, therefore, the honour to request you to be so good as to exempt him from passing the Matriculation Examination. He has been undergoing the pre-collegiate training in the local Municipal Hospital under the Civil Surgeon for the last four months. Such occasions as the present one viz:- candidates offering to undergo training at their own cost and binding themselves to serve the Board along with those trained at the Board's cost—are extremely rare—indeed this is the only case that has come to my knowledge. It seems desirable that this should be encouraged and the Board saved expense and risk thereby!"

In the circumstances stated by him, his recommendation has my support and I beg that it may be approved.

I have the honour to be,

Sir,

Your most obedient servant,

G.A. Stuart
Director of Public Instruction.
