NOVEMBER.

Aluminium Industry.

Communicating to the Director of Public Instruction, for remarks, letter from the Government of India on the subject of limiting the — at the School of Arts to the supply of army requirements.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From J. B. FULLER, Esq., C.I.W., Secretary to the Government of India, Department of Revenue and Agriculture, to the Secretary to the Government of Madras, Educational Department, dated Simla, the 29th October 1901, (P.A. & M.) No. 3007-37-2.

In reply to Mr. Weir's letter to the Finance and Commerce Department No. 523, Educational, dated 16th September last, forwarding a letter from the Indian Aluminium Company (Limited) on the subject of the trade in aluminium carried on by the Madras School of Arts, I am directed to say that the subject, though referred to, was not dealt with at the recent Educational Conference, as it has no real connection with technical education.

2. The question raised by the Company is whether the time has not now come to limit the operations so successfully conducted at the School of Arts by Mr. Chatterton. I am directed to say that the Government of India are inclined to think that the school work in aluminium should now be limited to the supply of army requirements. But they do not fully understand the nature of the experiments being made at the school or that of the control exercised over importation of the raw material—circumstances which are cited in support of the continuance of operations on the present scale. I am to request that the Government of India may be furnished with fuller information on these points and also with the views of His Excellency the Governor in Council on the suggestion to restrict operations to the supply of army wants.

ORDER—No. 664, Educational, dated 15th November 1901.

Communicated to the Director of Public Instruction for early remarks.

(True Extract.)

C. J. WEIR,
Ag. Secretary to Government.

To the Director of Public Instruction.

Ed. S. J. Pereira.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 664, EDUCATIONAL, DATED
15TH NOVEMBER 1901.

[SUBJECT.—*Manufacture of aluminium ware at the School of Arts.*]

From the Government of India, No. 3007-37-2, dated 29th October 1901.

H.M.—

The letter herewith has just been received from Government of India regarding our aluminium business. I send it at once as the matter is under Honourable Member's consideration. When returned the letter will be dealt with in ordinary way.

C. J. WEIR.
4-11-01.

The letter you will have to circulate, I think. It can then be sent me.

J. T. [HOMSON].
4-11-01.

Seen.

A [MPHILL].
6-11-01.

H. M. W. [INTERBOTHAM].
8-11-01.

Honourable Member has noted on the files on the subject of aluminium manufacture and will not apparently now require this letter back. It may therefore be referred at once officially to the Director of Public Instruction for remarks. In Mr. Chatterton's letter on page 7 of G.O., No. 522, Educational, dated 16th September 1901, reference is made to the experiments carried on at the School of Arts, but what they are is nowhere stated and the information wanted by the Government of India on this point has to be supplied by the Director. Information regarding the control exercised over importation of the raw material can be gathered from Mr. Chatterton's letter on page 6 of the order quoted.

2. If operations are restricted to army wants, the expenses of carrying on the manufacture would be enormous or the teaching work would be of little practical value—*vide* Mr. Chatterton's letter on page 8 of the Government order. Honourable A | Member has just noted that an annual expenditure of 2.50 lakhs may be incurred, but with the army requirements alone this may not be possible. The Director's remarks may, however, be awaited.

P. T. THARYAN.
12-11-01

Secretary—

For orders.

I am doubtful about the use of further references to the Director of Public Instruction. The point raised at A is of importance. Perhaps the military authorities might be able to give a rough estimate of their annual requirements.

A. T. PRINGLE.
14-11-01.

We had best have the Director's remarks, which should be asked for early. A copy of this letter from India should be kept.

C. J. WEIR.
14-11-01.

The draft placed below may issue.

P. T. THARYAN.
