To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to report that I have permitted Mr. A. Chatterton on special duty to go to Bangalore to confer with the Secretary of the Tata Institute who desired his advice and assistance in carrying out the scheme for the Institute. The Secretary has offered to defray the expenses of Mr. Chatterton's journey to Bangalore and back.

I have also permitted Mr. Chatterton to proceed from Bangalore to the Cauvery Falls in order to visit the electric power installation there.

I request that you will obtain the formal sanction of Government for these journeys of Mr. Chatterton.

I have the honour to be,

Sir,

Your most obedient servant,

*G. H. Stuart*

Director of Public Instruction.

D. O.

Office of the Director of Public Instruction,

Madras, Nov 6<sup>th</sup> 1901.

My dear Weir,

Please see the enclosed from Chatterton. Padsah the Tata Secretary offers to pay his expenses to & from Bangalore but if Govt. allows him to assist in devising a scheme for the Institute I think it

would be best to  
send him as a  
Govt officer & to  
let him draw  
only travelling  
allowance.

I think Chatterton  
would be useful  
to the Tata people,  
& as the Institute  
would be of benefit  
to Madras if it were  
to be built at  
Bangalore, Govt  
might lend his

services.

Yours sincerely

G H Stuart

My dear Stuart,

I enclose three letters I have received from Padshah, the Secretary of the Tamil Research Institute Committee. In the third I am asked if I can meet Chibbom & Orme-Mason at Bangalore on the 11<sup>th</sup> or 12<sup>th</sup>.

So far I have only promised to discuss the question with Orme-Mason in Madras. If I am to take any part in the Proceedings it would naturally be advisable to attend the meeting at Bangalore and I should be glad if you would let me know how far I am to assist in these Preliminary Proceedings. I suppose you can give

the permission to go to Bangalore  
but I think it would probably be  
advisable to ascertain the views of  
Government as to whether they wish  
me to take any active part in  
drawing up a scheme for the Institute.

If I go to Bangalore I should like  
to take advantage of the opportunity  
if possible to see the Cawvery  
electrical installation as it is a very  
important industrial development  
which I ought to see. Will you kindly  
let me know if I may go on there  
supposing I am allowed to go to  
Bangalore.

Yours sincerely  
Rajna Chatterjee

No papers can be traced containing a final decision about the location of the Institute of Research. The conference which was held at Simla in October 1899 to consider the whole subject thought that the choice lay between Bombay and Bangalore but under certain conditions recommended Bangalore - vide page 1019 of the Gazette of India dt 18<sup>th</sup> November 1899. In Professor Ramsay's subsequent report he said he unreservedly selected Bangalore as an ideal site - vide page 8 of the Madras Mail of the 13<sup>th</sup> March 1901.

If Mr. Chatterton has to assist in devising a scheme it seems advisable that he does it as an officer of this Govt. He can apparently be allowed to proceed on duty for this purpose under Article 73 of the C.S.R.

The Director should apparently have a reply today as tomorrow is a holiday & Mr. Chatterton should leave with 16<sup>th</sup>.

4. Pm.

✓ spoke to Mr. Chatterton about this. ✓ think we may allow him to go to Bangalore as a Govt. officer. He says he has individual work there also. This meeting is only to settle preliminaries & will Mr. S. expect only last a 2 or 3 days. Mr. S. anticipates however that he may hereafter be asked

to assist in drawing up a scheme  
for this Institute. & then would  
occupy time. It is submitted that  
Govt. has not the information  
before it now which to decide  
whether Mr. S. can be permitted  
to take an active part in  
elaborating the scheme.  
He may be told that the  
Secretary of the Institute shd  
address Govt. if Mr. S.'s services  
are wanted. & shd explain  
the grounds which he thinks justify  
the request. Such information  
as we have about the Institute  
& its objects are in part up below.  
It doubtless deserves every amount  
of merit. & I understand the Mysore  
Govt. propose assisting it with  
money & grant of land.

This comes up in a most in-  
convenient form & I think  
Chatterton & Smart should have  
known better. We cannot refuse  
this application & Chatterton when he  
goes to Bangalore may as well go to see  
the Caveri installation. As the Govt.

papers of his going to Bangalore  
are tendered but intercepted  
them, but Mr. C. will go on  
duty.

As to C's <sup>further or future</sup> services in connec-  
tion with the Data Institute  
we can say nothing till  
approached in the proper & formal  
way by those who desire his  
services. The Director - or Mr. C.  
may tell the Data people  
accordingly.

My dear Stuart,

Your D.O. of the 6th instant. You may tell Chatterton at once that he can go to Bangalore and also to the Cauvery installation. But you should then address Government officially in ordinary course to enable them to pass formal orders.

*8/11*

Chatterton will then be authorised to go on duty, and the Tata authorities informed that as the expenses of his going to Bangalore have been entered Government will accept them.

As to any further or future connection of Chatterton with the Institute the Government cannot of course say any thing until they are approached in the proper and formal way by those who desire his services, and the Tata authorities may be so informed.

Yours sincerely,

2. As the authorities of the  
have  
Tata Institute offered to pay the  
expenses of Mr. Chatterton's journey  
the Govt. will accept the arrangement.
