To

The Secretary to Government,

Educational Department.

Sir,

With reference to G.O. R. No. 647 Educational, dated 16th ultimo, I have the honour to state that Mr. Chatterton desires that the surplus stock of Milling Cutters referred to in G.O. No. 502 Educational dated 9th September last, be not transferred to the Public Works Stores, as, if they are transferred, & required later on in the School of Arts, 24 per cent will be added to their original price for departmental charges. If they are not needed, he anticipates no difficulty in disposing of them in the course of a year.

2. In this connection I beg to state that Mr. Chatterton reports that the tools now received by him are of very little use without the other tools included in the original indent and that progress in the aluminium industry is seriously delayed for want of proper machinery. I would, therefore, request that the Director General of Stores may be asked by telegram to complete the indent with as little delay as possible.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

NOTE FOR THE A.S.

There is no question of the immediate transfer of these cutters to the P.W. Stores. Please see the P.W. Secretary's note in G.O. No. 502 Ed. dt 9th September 1901. ^{General Superintendent of the P.W. Stores} present the ~~the~~ simply desires to know whether the cutters will be useful to him & at what cost he may have them if found useful. His information will have to be furnished even afterwards in case Mr. Chatterton desires to get rid of them. Submitted therefore that he may be asked to furnish it now.

2. In letter No 677 Ed. dt 20th November 1901 the D.G. of Stores has been requested to authorise Messrs Taylor & Challen to proceed with the contract. Is it necessary to telegraph to him about it now?
