From A. WILLIAMS, Esq., Deputy Secretary to the Government of India, Home Department (Education), to the Secretary to the Government of Madras, Educational Department, dated Calcutta, 4th December 1901, No. 579.

In paragraph 9 of Home department letter No. 434, dated the 19th December 1900, the Government of India requested that the sexes might in future be distinguished in the following entry contained in general table III appended to the annual report on education:—

And it was also desired, with reference to the entry in the same table relating to the number of scholars on the 31st March classified according to race or creed, that the information should be given in a new supplementary table to be numbered 3-A.

2. It has been brought to the notice of the Government of India by the Director-General of Statistics that these instructions have not been observed in the preparation of the statistical tables for the report on public instruction in the Madras Presidency for the year 1900-1901, and I am to say that the Government of India would be obliged if this could now be done at an early date.
