DECEMBER.

Teachers undergoing training.

Addressing the Government of India on the subject of the grant of certain concessions to native teachers undergoing a course of instruction at a training or agricultural institution.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again the following paper:—

G.O., No. 536, Educational, dated 23rd September 1901.

READ—also the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 29th November 1901, Ref. on Cur. No. 7561.

In reply to G.O., No. 536, Educational, dated 23rd September 1901, I have the honour to state that the Secretary of State has sanctioned the following three concessions to native Government teachers sent for training to the training college at Kurseong:—

(1) That they be granted leave on half pay during the period of their training.

(2) That the time so spent be allowed to count as service towards pension.

(3) That they be given the travelling allowances of their respective classes for journeys to and from the training college.

2. In this presidency the practice is slightly different, the concessions allowed to teachers sent for training to the teachers' colleges and training schools under departmental management being as shown below:—

(1) Under article 22, chapter VI, of the Madras educational rules such teachers may at the discretion of the Director or the president of a local board or the chairman of a municipal council, as the case may be, be allowed in addition to their stipend any portion of their pay not exceeding one-half whilst under training, the amount depending on the sum available after providing for their substitutes. Under article 449 of the Civil Service Regulations they are, however, treated as on leave without allowances, the portion of the pay given them being considered as extra stipend (please see paragraph 6 of Dr. Duncan's letter read in G.O., No. 652, Financial, dated 4th September 1895).

(2) The time spent by them under training is as in Bengal allowed to count as service towards pension.

(3) They are granted travelling allowances not according to their respective classes, but at the rates fixed for *third-class* officers in the Civil Service Regulations. The only alteration I could propose in these rules is in regard to travelling allowance which, I think, should be given according to the classes to which the officers belong as defined in the Civil Service Regulations. The existing arrangement in regard to half pay works satisfactorily and need not be changed.

3. Under article IX of the rules of the college of Agriculture, Saidapet, teachers deputed to that institution to undergo a special course are allowed to do so free of charge. I recommend that Government, local and municipal teachers who are directed to take a special course in the college of agriculture, the college of engineering or school of arts be allowed the same concessions as are granted to teachers sent for a course of training to an ordinary training school or college.

4. If my recommendations above are approved I shall take steps to introduce the necessary alterations in the Madras educational rules and in the rules of the special colleges referred to above.

ORDER—No. 750, Educational, dated 14th December 1901.

The Government of India will be addressed.

(True Extract.)

C. J. WEIR,
Ag. Secretary to Government.

LETTER—No. 751, Educational, dated Fort St. George, 14th December 1901, to the Secretary to the Government of India, Home Department.

I am directed to acknowledge the receipt of Mr. Williams's letter No. 377 (Education), of the 5th September last, forwarding copy of a despatch from the Secretary of State on the subject of the grant of certain concessions to native teachers deputed to undergo a course of instruction at the Kurseong training college. The Secretary of State is willing to extend these concessions to teachers under training in the normal and agricultural institutions in the Madras presidency if the Government of India find it desirable, and an inquiry is accordingly made whether the Governor in Council has any proposals to make on the subject.

2. In reply, I am to state that teachers sent for training to the teachers' colleges and training schools under departmental management in this presidency may at present, at the discretion of the Director or the president of a local board or the chairman of a municipal council, be allowed in addition to their stipend any portion of their pay not exceeding one-half. This arrangement works satisfactorily and His Excellency the Governor in Council considers that it need not be changed.

The time spent by these teachers while under training is already allowed to count as service towards pension, and in this respect the concession to the Bengal teachers only brings them on a line with those in this presidency.

In regard to travelling allowance, the rates now allowed in Madras are those fixed for third-class officers, but it appears to this Government that they should follow the classes to which the officers belong as defined in the Civil Service Regulations. I am accordingly to submit a recommendation to that effect.

3. As regards teachers deputed to the college of agriculture, the only concession now enjoyed by them is that they can attend the lectures free of charge. For the future, however, the Governor in Council would recommend that Government, local and municipal teachers, who are directed to undergo a special course in the college of agriculture, the college of engineering, or the school of arts, should be allowed similar concessions to those granted to teachers sent to any ordinary training school or college.

C. J. WEIR,
Ag. Secretary to Government.
