From

The Secretary to the American Madura Mission,

To

Pasumalai, Madura District,

The Secretary to Government, Educational Department,

Fort St. George, Madras.

Sir,

I have the honour to send you herewith a memorial concerning the American Madura Mission Training Institution at Pasumalai, and request that you will be good enough to hand the same to His Excellency, the Governor of Fort St. George in Council.

I have the honour to be,

Sir,

(Five Enclosures.)

Your most obedient Servant,

J. P. Jones

Secretary to the American Madura Mission.

Pasumalai,

1 - 11 - 1900.

ms. D. 8

To

HIS EXCELLENCY

The Governor of Fort St. George in Council.

MAY IT PLEASE YOUR EXCELLENCY,

We, The American Madura Mission, have the honour to memorialize Your Excellency in reference to our Training School at Pasumalai, and the recent action of Your Excellency's Government concerning the same.

We would respectfully draw Your Excellency's attention to the following facts:—

1. The Mission, through its Training School at Pasumalai, began its work of training Teachers, including the Primary, Lower Secondary and Upper Secondary Grades, in the year 1887. The Institution was recognized as a Training Institution, according to the New Rules, by the Director of Public Instruction in his Proceedings No. 10465, dated 1st August, 1892. The first scholarship grant to the institution from Government was sanctioned in 1888, and the salary grant for Teachers in 1887.

2. This institution was established by the American Madura Mission relying on the declared policy of Government as set forth originally in the Despatch of 1854, and emphasized by the Education Commission of 1882, which in paragraph 475 of its report recommended "that while existing state institutions of the higher order should be maintained in complete efficiency wherever they are necessary the improvement and extension of privately managed institutions be the principal care of the Department.....The rules should therefore be such as to make it clear that to evoke, guide and strengthen private effort is the object to which the main attention of the Department should always be given." The Government of India at the time accepted these recommendations as embodying its educational policy. This policy of Government has been recently re-affirmed in the Proceedings of the Government of India in the Home Department (Education), dated Simla, the 28th October 1899, and republished in the Fort St. George Gazette, November 28, 1899, in which (See Paragraph 7 Fort St. George Gazette), reference is made to para 30 of Home Department Resolution No. 10—309, dated 23rd October 1884 where "it was laid down that for all kinds of 'advanced education' private effort should in future be increasingly and mainly relied on, and that every form of private effort should be systematically encouraged....." And further (See para 8 Fort St. George Gazette) the Home Department Resolution, dated 18th June 1888 is quoted in which it is stated that "it is the policy of the Government of India to avoid entering into competition with private enterprise."

3. Prior to the year 1900 our Institution was the only Training Institution of the Upper Secondary Grade in the Madura District. There was, however, a District Board Training School in Madura City, training teachers of the Primary and Lower Secondary Grade only. In addition to training teachers of the Upper Secondary Grade for the Madura

District a considerable number of teachers of this grade coming also from the Tinnevely and Trichinopoly Districts have been trained at Pasumalai.

4. The Student-Teachers of the Upper Secondary Grade at Pasumalai up to 1890 received the sum of Rs. 5 per mensem as stipendiary grant from Provincial Funds; from 1891 to 1894 such students received the sum of Rs. 8 per mensem from the same funds. In 1894 a change was made in the Grant-in-Aid Code discriminating against students in Training Schools under private management by which such students of the Upper Secondary Grade would thereafter receive only Rs. 6 per mensem. Thereupon, on the request of the Manager of the Training Institution at Pasumalai, the Madura District Board requested Government to sanction an annual grant from Board Funds of Rs. 480 to be available at the rate of Rs. 4 per mensem for ten students of the Upper Secondary Grade to be trained at Pasumalai, until the District Board should itself add an Upper Secondary class to its Institution in Madura. (See enclosure A.) This request was recommended by the Director of Public Instruction and sanctioned by the Government in G. O. No. 222, L. Mis. dated 6th February 1895.

5. Understanding that a plan was being considered by the District Board to recommend that the Government should take over the Training School at Madura from the District Board and should also add an Upper Secondary class to that School, the Manager of the Training Institution at Pasumalai, on the 20th of Nov. 1899, sent a letter to the Director of Public Instruction, pointing out that such action on the part of Government would practically result in closing the Upper Secondary Department of the Training Institution at Pasumalai, and offering to take over the entire training of teachers for the Madura District. He also requested that the Director do not sanction the opening of an Upper Secondary Department in the Training Institution at Madura and that a grant of Rs. 10 per mensem from Provincial Funds should be made to the students of this grade studying at Pasumalai, in case the District Board was permitted to withdraw its grant of Rs. 480 per annum. (See enclosure B.)

6. To this letter the Director of Public Instruction replied, stating that the Upper Secondary Department of the Government Training School at Madura was intended to train teachers for employment in the Madura and Tinnevely Districts, offering to limit the students admitted to that Department to applicants from the Tinnevely District for the present on certain conditions, and regretting that it was not in his power in any case to increase the grant of Rs. 6 to students in the Institution at Pasumalai. (See enclosure C.)

7. To this letter the Manager of the Training School at Pasumalai replied on the 10th of Feb. 1900, stating that the Institution at Pasumalai had hitherto been training and still continued to train students from both the Madura and Tinnevely Districts and that therefore he was unable to understand why Government had decided to open another Upper Secondary Department so near to the one already established in Pasumalai. He also pointed out the arrangements made by the former Director of Public Instruction, whereby the students of the Pasumalai Institution of the Upper Secondary Grade had received Rs. 10 per mensem. He also pointed out that even were this sum of Rs. 10 continued by Government from Provincial Funds the cost to the Government would still

be very much less than what Government would have to pay to maintain an Upper Secondary Department of its own in Madura. (See enclosure D.)

8. Subsequent to this a copy of the Proceedings of the Director of Public Instruction No. 5396, dated 30th May 1900 was received enclosing a copy of para 4 (3) of Government Order No. 463 L dated 13th March, 1900, stating that certain changes in the Educational Establishment at Madura were allowed, and the proposal of the District Board to discontinue the grant of Rs. 480 to the American Mission Training School at Pasumalai was approved. (See enclosure E.)

9. Accordingly, in January 1900 the Training School in Madura was taken over by Government, an Upper Secondary Department was added, and with the official year 1899—1900 the grant of Rs. 480 by the District Board to the Training School at Pasumalai was discontinued.

10. Your Memorialists beg to point out that it cannot be due to the inefficiency of the Training Institution at Pasumalai that Your Excellency's Government has decided to open a rival school at Madura. The Statement in enclosure B showing the success of the students hitherto trained at the Pasumalai Institution in the examinations for Teacher's Certificates and their success in getting employment afterwards as teachers will speak for the efficiency of this school in the past. As to its present condition we beg to refer to the following from the last Report of the Inspector of Schools, Southern Circle:—

"The Institution continues to be one of the best in the Circle."

The tone and discipline of the school and the dress and manners of the pupils were very satisfactory."

(Signed) C. NAGOJI RAO,

No. 451 M.

Inspector of Schools,

29—3—00.

SOUTHERN CIRCLE.

11. Your Memorialists believe, (1) that one Training School of the Upper Secondary Grade is all that can successfully find a place in the Madura District; (2) that the Government by opening a rival institution so near (the distance is only 2½ miles) to the one which has for so long been in existence and giving the students in its own school a stipendiary grant of Rs. 10 per mensem while only giving Rs. 6 to those of the neighbouring Institution at Pasumalai comes into unfair and ruinous competition with the latter; (3) and that such action on the part of Government is in direct violation of the oft-affirmed policy of the Government of India as noted above.

TO RECAPITULATE, THE SITUATION IS THIS:—

1. The Training Institution at Pasumalai has been doing good work for a period of sixteen years, and was until 1900 the only Institution in the Madura District training students of the Upper Secondary Grade.

2. This institution has a fully qualified staff of teachers, a fair library, Models for drawing, Gymnastic apparatus, ample grounds and buildings, (For a plot of grounds and buildings, see enclosure F) a Practicing branch of good strength, and a Hostel for the accommodation of Brahmin students and another for the accommodation of Native Christian students.

3. By the recent action of Government pointed out above, a rival Government Institution of the Upper Secondary Grade has been opened in Madura which has thus come into unfair competition with the institution formerly established at Pasumalai.

4. It might further be added that in accordance with the recommendation of the Hon. Alfred Chatterton who inspected the Technical School at Madura, the District Board at its meeting held on Monday, the 15th October 1900 voted to ask permission of Government to discontinue the present arrangement whereby the Superintendent of the Technical Institute, Madura, is also the Head Master of the Government Training School, so that the Superintendent may devote his entire attention to the Technical Institute, as the present arrangement is not satisfactory. (See Madura District Gazette dated 1st November, 1900, P. 102.5) *District Board Supplement.*

We understand that this request, if granted, will result in Government being asked to provide the entire salary of a Head Master, as well as to provide suitable buildings for the accommodation of the Training School in Madura.

YOUR MEMORIALISTS THEREFORE HAVE THE HONOUR TO REQUEST,

1. That, in accordance with the spirit of the repeatedly affirmed policy of Government in reference to Government and Private schools, the Upper Secondary Department of the Government Institution at Madura be withdrawn, and the Institution at Pasumalai be accepted by Government as the Training Institution of this grade for the Madura District.
2. And that, if desired by Government, the Primary and Lower Secondary Departments of the Government school at Madura may also be transferred to Pasumalai.

We have the honour to be,

Your Excellency's most obedient Servants,

Signed, (in behalf of the Mission),

J. P. Jones
Secretary.

PASUMALAI,
1st November 1900.

Enclosure A. 7

Copy of the communication No. 61 dated 25th December 1894
from the President, District Board, Madura, to the Secretary to
Government, Local and Municipal Department, Madras.

-o-

The Manager of the American Mission Institution, Pasumalai applied to the District Board for a contribution of Rs. 480- per year on the ground that his institution is the only one in the District which supplied trained teachers of the Upper Secondary Grade, and that the Local Fund Board has no institution of the kind of its own to supply the want of the schools under its control and is largely benefitted thereby. The institution was before the introduction of the revised Grant-in-aid Code drawing as Results Grants a sum of Rs. 500- per year on an average for the Practising Branch from the Madura Taluk Board. The revised Code having disallowed payment of grant to combined system schools, the Manager prays that the District Board may pay each Matriculate or Upper Secondary candidate a monthly stipend of Rs. 4- to supplement the grant of Rs. 6- each paid by Government upto a maximum of 10 students.

The District Board resolution to apply for the sanction of Government is enclosed. I think the proposal may be sanctioned temporarily i. e. until such time as the board opens a similar class of its own.

(True Copy.)

(Signed) C. Adikesavalu Naidoo.

For President.

A true copy of the above letter was received in this office.

President, District Board, Madura.

(True Copy.)

J. P. Jones

American Mission Training Institution, Pasumalai

20th November 1899.

To the Director of Public Instruction, Madras.

Through the Inspector of Schools, Southern Circle.

Sir,

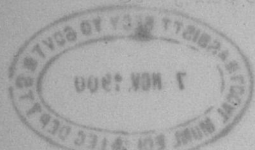

I have the honour to call your attention to the Proceedings of the Madura District Board, No. 65 of 1899, dated ~~14~~ 14th August 1899, having in view their withdrawal from the work of training teachers in the Normal Department attached to the Madura District Board Normal and Industrial Institute, in order to develop Technical education.

Connected with this action, the Manager of the A. M. Training Institution, Pasumalai, begs to call the attention of the Director of Public Instruction to two things which if carried out will very seriously interfere with the work of the Pasumalai Institution.

1. The Manager understands that the Director of Public Instruction has under consideration a plan for raising the Training School in Madura to the Upper Secondary Grade and that an estimate on this plan has been submitted.

2. The Manager understands that it is the intention of the Madura District Board to discontinue the annual grant of Rs. 480- for the training of the Upper Secondary teachers, in this institution, to supplement the grant received from the Provincial Funds for the same purpose.

With reference to the first item noted above, the Manager begs to state that if this plan is carried out it will practically result in the closing of the Upper Secondary class in the Pasumalai Institution and as a reason why this should not be done, the Manager begs to present the following memorandum to the Director of Public Instruction for his favourable consideration.

J. P. Jones

Web 1
1523

The Pasumalai Training Institution under the American

Madura Mission began its work of training teachers of the three grades from the Primary to the Upper Secondary in the beginning of 1887 and was recognised as a training institution, according to the new rules, by the Director of Public Instruction's Proceedings No. 10465 dated 1st August 1892. The first scholarship grant to the Institution from Government was sanctioned in 1888 and the salary grant for teachers in 1887.

The Institution has been under inspection from the time of its starting and reports for several years show that the school has been making improvement all along and has served the public efficiently. It is the only institution of higher grade that has been opened in this District. Had it not been for this institution the great demand generally felt in this part of the Presidency

could not have been satisfactorily met by the Board Normal School at Madura, which is only training up to the Lower Secondary standard. It is a feature of this Institution that is not intended merely for the benefit of the Christian community, but students of all sects and castes have found free admission in all grades as is the case in a public school. The buildings, their sanitary conditions, the teaching staff and other particulars relating to the organisation of the school have met with the cordial approval of the inspecting officers as can be seen in their annual inspection reports. The defects pointed out therein have been rectified from time to time. The institution as a whole is fully equipped according to the requirements of the Madras Educational Rules.

Most of the men who have gone out of this institution have made teaching their life profession, and a few who have violated agreements have been required to refund the money received by them as stipendiary grants. Examination results subjoined below will show how far the institution has usefully applied public funds, that

that have been entrusted to it in the shape of scholarship, salary grants &c.

A tabular statement showing the number of students trained in the three grades of the Pasumalai Training Institution since its recognition, the number that have received teachers' certificates the number who have found employment as teachers, and the number actually employed at present is herewith submitted:-

STATEMENT.

	From 1887 to 1898
NUMBER TRAINED	
In U.S. Grade	128
In L.S. Grade	106
In Pry. Grade	97
Total number trained	331

(31 students are under training this year and they are not included here.)

NUMBER TRAINED WHO HAVE FOUND EMPLOYMENT	316
NUMBER AT PRESENT EMPLOYED	280

NUMBER SENT UP FOR EXAMINATION from each department during the last five years i.e. from 1894-98

U. S. Class	47
L. S. Class	44
Pry. Class	52

NUMBER FROM EACH DEPARTMENT	U.S. Grade Tr. Cer. 39	
WHO HAVE SECURED CERTIFICATES	Do. Untr. Cer. 4	Total 43
DURING THE LAST 5 YEARS, 94-98	L.S. Grade Tr. Cer. 23	
	Do. Untr. Cer. 7	,, 30
	Pry. Grade Tr. Cer. 34	
	Do. Untr. Cer. 8	,, 42

It will thus be seen that out of a total of 331 trained in the school 316 have found employment as teachers. Of the remaining some 15 have died and others have refunded the stipends received by them. Of the total number trained in the school during the 12 years, since its recognition, 280 or more than 84 per cent. are

are now employed as teachers. Omitting those who have died and those who have refunded their stipends this per centage would still be higher.

It will further be seen from this table that the number of students sent up for examination during the last five years is:- ~~10~~ for the Upper Secondary Grade 47 of whom 39 have secured Trained ~~10~~ Certificates and four Untrained Certificates, a total of 91 per cent. For the Lower Secondary Grade, 44 have been sent up, of whom 23 have secured Trained Certificates and 7 Untrained, or a total of 68 per cent. For the Primary 52 have been sent up of whom 34 have secured Trained Certificates and 8 Untrained, a total of over 80 per cent. A grand total sent up during the last five years of 143, of whom 96 have secured Trained Certificates and 19 Untrained Certificates or a total of 80 per cent.

The Manager further begs to call the attention of the Director of Public Instruction to the fact that the Training Institution, ^{at} Pasumalai is amply supplied with buildings both for lecture rooms and class rooms for the Practising Branch, together with Gymnastic apparatus, models for Drawing and Library.

The staff of the Training Department is fully qualified ~~1~~ according to the requirements of Government and are men of experience, for whose success the results previously pointed out will bear testimony.

There is further available for the use of students in the Training School a Hostel for Brahmans, which has been in existence for the last seven years and a Hostel for the Christians, which was opened in 1895 and a limited number of rooms for the use of non-Brahman Students.

The Manager further begs to call the attention of the Director of Public Instruction to the fact that the Lower Secondary School, which serves as the Practising Branch of the Upper Secondary class has at present a strength of about 170 students, which is more than sufficient for the needs of the class, while the strength

Strength of this Department is steadily increasing. Primary 30

The Manager begs further to state that if Government wishes he is willing to take over the Lower Secondary and Primary Grade Classes of the Madura Training School, provided he is not asked to receive any students of such Grade coming from outside the Madura District. Such an arrangement would not necessitate any additional expense to Government on account of the Training School at Pasumalai, in items of teachers' salaries or equipment for the school buildings. There would however be additional expenses for, scholarship grants and perhaps for a hostel to accommodate non-brahman Hindu students. The Practising Branch for the Lower Secondary and Primary Grades would also be somewhat small for sometime to come. If the Government does not wish to make this arrangement, the Manager begs to request that in any case the Director of Public Instruction will not approve of any plan which will result in the closing of the Upper Secondary Class in the Pasumalai Training Institution.

With reference to the second item mentioned above viz that the District Board intends to withdraw the annual grant of Rs. 480- made to the Pasumalai Training Institution after Dec. 1899, the Manager has to request ^{that} the District Board be requested to continue this grant, or that the Director should sanction beginning with January 1900, a grant of Rs. 10 to each student in the Upper Secondary Grade from the Provincial Funds, in order that the Upper Secondary Grade students may continue to have the same stipends in the Pasumalai Training Institution, as in other institutions of the same grade.

In conclusion the manager begs to express his appreciation of the aid which the Pasumalai Training Institution has received in the past from various sources of the public funds and begs to request

1. That in view of the good work done by the Training Insti-

Institution at Pasumalai in the past and its present efficiency, the Director of Public Instruction will not give his approval to any plan for establishing an Upper Secondary Class in the Madura Training School, ^{which} would result in the closing of the Upper Secondary class in the Pasumalai Training School.

2. That if desired by Government, the Primary and Lower Secondary classes of the Madura Training School may also be transferred to Pasumalai.

3. That arrangements may be made so that the District Board may continue in the future its annual grant of Rs. 480- hitherto received or that this amount should be made up by an additional grant to the Upper Secondary Grade students, from the Provincial funds, so that each student may receive a monthly grant of Rs. 10- the same as is received in Government institutions.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) G. T. Washburn.

Manager.

(True Copy) *J. R. Jones*

...the Director of Public Instruction will not give his approval to any plan for establishing an Upper Secondary Class in the Madura Training School, which would result in the closing of the Upper Secondary class in the Pasumalai Training School.

Proceedings of the Director of Public Instruction

Dated 10th January 1900.

Read endorsement of the Inspector of Schools, Southern Circle
Nos. 1031 m / 1 - 12 - 99 & 1120 m / 23 - 12 - 99.

The Upper Secondary department of the Training School, Madura is intended to train Upper Secondary Grade teachers for employment in the Madura and Tinnevelly Districts. If the authorities of the Pasumalai Training School consider that the opening of the Upper Secondary department in the Madura Training School would affect the strength of their Upper Secondary department and if they undertake to continue their Upper Secondary department without special aid from Government or Local Funds and to admit thereto, all applicants belonging to the Madura District, the Director is prepared to limit for the present admission to the Upper Secondary department of the Madura Training School to applicants from the Tinnevelly District only.

The maximum amount of stipendiary grants to Upper Secondary teachers is Rs. 6 which the Director regrets, it is not in his power to increase in any case.

(Signed) G. H. Stuart.

Director of Public Instruction.

American Mission Training Institution, W

Pasumalai, 10th February, 1900.

To

The Director of Public Instruction, Madras.

Through

The Inspector of Schools, Southern Circle, Tanjore.

From

The Manager, A. M. Training Institution, Pasumalai.

S i r ,

The Manager of the American Mission Training Institution at Pasumalai, has the honour to acknowledge the receipt of the Proceedings of the Director of Public Instruction, No. 120, dated 10th January 1900, and begs to make the following reply thereto:-

The Proceedings of the D. P. I. referred to above states that "the Upper Secondary Department of the Government Training School at Madura is intended to train Upper Secondary Grade teachers for employment in the Madura and Tinnevelly Districts". The Manager of the Training Institution at Pasumalai, has the honour to state that hitherto the Training School at Pasumalai, has been open to students from both of these Districts and has so far, with the exception of a small number of students trained at Tuticorin, supplied the demand for teachers of this Grade for both the Districts and is at present engaged in training students from both of them. Seeing therefore that the demand for teachers of the Upper Secondary Grade in the Madura and Tinnevelly Districts has hitherto been met by the Training Institution at Pasumalai, together with the students trained at Tuticorin, the Manager of the Training Institution at Pasumalai begs to state that he is at a loss to know on what ground the Government has decided to open

open another Training School of the Upper Secondary Grade at Madura. In view therefore of the work done in the past by the institution at Pasumalai and the fact that the presence of the Government School in Madura, so near the School at Pasumalai, would tend seriously to interfere with the latter, and further in view of the fact that the Director of Public Instruction is willing to limit admission to the Government School in Madura to applicants from the Tinnevely District, the Manager of the Training School at Pasumalai has the honour to ask whether the Director of Public Instruction would not be willing both in consideration of the welfare of the two Schools, and the convenience of the students of the two Districts named, to remove the Upper Secondary Department of the Government School At Madura to some place in the Tinnevely District.

With reference to the fact that the Grant -in -aid Code does not permit of a grant of more than Rs. 6-0-0 per mensem being made to teachers of the Upper Secondary Grade being trained in Private Schools, the Manager has the honour to state that the Hon. Dr. Duncan, Former Director of Public Instruction, in view of the work which the Training School at Pasumalai has been doing, recommended to the madura District Board that Rs. 480- should be yearly set aside from Local Funds as a stipendiary grant to be available at the rate of Rs. 4- permensem for each of ten students of the Upper Secondary Grade to be trained at Pasumalai, which recommendation was sanctioned by the Madras Government (vide G. O. No. 222, L. Mis. dated 5th February 1895.). This grant was accordingly made by the Madura District Board and has been continued to the current year, when the District Board has withdrawn entirely from the work of training teachers, in order to give more attention to the development of the Technical Institute.

The Manager of the Training School at Pasumalai has the

the honour further to call attention to the fact that even were a grant of Rs. 10- per mensem made from the Provincial Funds to ten students of the Upper Secondary Grade at Pasumalai, the Cost to Government for the training of such teachers would still be very much less than for the same number of teachers of the same Grade trained in its own school at Madura, as will be seen from the following:-

	Madura	Pasumalai
Cost of Headmaster to Govt.	Rs. 75 per mensem	Rs. 42-8 per mensem
Cost of rent	40	
Cost of stipends for 10 students	100-	100-
Average cost per student	21-8	14-4
Excess of cost at Madura over cost at Pasumalai per student per mensem	7-4	
Excess for ten students	.72-8	
Excess for one year	Rs. 870.	

The Manager has therefore the honour to ask whether, in consideration of the work which the American Madura Mission Training School has done in the past and is still doing, and in view of the small cost of the A. M. School at Pasumalai, as compared with the Government School at Madura, the Director will not make some arrangement to increase the grant to Rs. 10- per month to students in the Institution at Pasumalai, either by some special arrangement, if necessary, as was made by Dr. Duncan or by recommending to Government such a change in the grant-in-aid Code as will allow the granting of Rs. 10- per mensem to teachers of the Upper Secondary Grade in Private institutions.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) G. T. Washburn.
Manager.

FURTHER PAPERS.

The Secretary to Government,

Educational Department.

Sir,

With reference to memorandum No 314 (Educational), dated 13th November last referring to me for remarks a memorial (resubmitted herewith) from the Secretary to the American Madura Mission, Pasumalai, concerning the A.M. Training school, Pasumalai, I have the honour to state that I have no objection to closing the upper secondary department of the Government Training school, Madura, provided the authorities of the Pasumalai Training school undertake to continue their upper secondary department without any aid beyond what may be given under the provisions of the Grant-in-Aid Code. It is not likely that the District Board will agree to renew the contribution of Rs. 480, nor is it fair to require the board to do so, seeing that it is not incumbent on local bodies to aid training institutions.

2. I do not consider it advisable that the primary and lower secondary departments also of the Government Training school, Madura, should be transferred to the mission.

I have the honour to be,

Sir,

Your most obedient servant,

J. H. Stuart

Director of Public Instruction.

C. No. 1523 of 1900 and 97 of 01.

SUBJECT.

Training institution at Pasumalai.

FOR ORDERS

The first of the communications, read above is a petition from the American Madura mission praying:-

(1) That in accordance with the spirit of the repeatedly affirmed policy of Govt. in reference to Govt. and private schools, the upper secondary department of the Govt. training school at Madura may be abolished in favour of the mission institution at Pasumalai and

(2) That the primary and lower secondary departments of the Govt. school ~~at Madura~~ ^{the mission institution.} may be transferred to ~~Pasumalai~~.

2. The second letter contains the Director's remarks on the above petition. In regard to the first request, he says that there is no objection to closing the upper secondary department of the Govt. training school ~~at Madura~~, provided the mission undertakes to

to continue its upper secondary departt.
without any aid beyond what may
be given under the grant-in-aid code.

ill recently the Madras district board paid a grant of Rs. 480, ^{per annum} and this is not likely to be continued. With reference to the second request, the Director states that it is not advisable to transfer to the mission the primary and secondary departments of the Govt. School.

3. It is submitted that the ^{reply to the} petitioners
may be ^{on the lines} ~~informed in terms~~ of the Direct-
or's letter.

I think so.

ORDER No. 84, dated 16 . 2 1901

Miss.

The American Madura mission will be informed that the Govt. have no objection to closing the upper secondary department of the training school at Madura provided ~~the mission give them an~~ ^{is given} assurance that the corresponding department of the Pasumalai school will be continued without any aid beyond what can be claimed under the grant-in-aid code. The continuance of the grant formerly paid by the district board should not be anticipated.

The Govt. (are not pre-
sented) ~~do not consider~~
advisable to transfer to the
mission the primary and lower
secondary departments of the
school at Madara.
