THE HON'BLE MR. G. H. STUART, M.A., *Barrister-at-Law*,

DIRECTOR OF PUBLIC INSTRUCTION,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

Cul. 132. below.

In continuation of my letter No 872, dated 1st February last, and with reference to G.O. No 820, Educational, dated 7th December 1899, I have the honour to submit two statements furnishing with regard to two typical districts, Nellore and Chingleput and also with regard to the Madras Municipality, the information required by Government. The percentages given in the last column but one of the statement A represent the proportion of the grants drawn by Panchama schools in 1898-99 as compared with the sanctioned allotment in the local fund and municipal budgets, respectively. The last column of the statement gives the amount of increased grants that would be drawn, if all the teachers were qualified.

2. In view of the remarks contained in paragraph 1 of the G.O. under reference, I beg to withdraw the recommendation contained

30-7-00.

The enclosures received with the D.'s letter will be returned to him for explanation.

It is not understood in statement A. why the second & third columns are made sub-columns of major column 2.

The numbers given in the case of schools for backward classes & for Panchama schools require to be made clear. If the Panchama schools are included in the others, the total in the major group is less than that in the minor.

It is not ~~clear~~ apparent why in the column of "probable increase of grant" a percentage is given in the case of one district & the amount of grant in that of the other districts.

2. The statement ~~explanation~~ should be recast & made intelligible, & the D. should state why, seeing that the two statements are dated 1st February & 23d April, the report could not have been submitted earlier.

To

The Secretary to Government,

Educational Department.

Sir,

With reference to Memorandum No 226, Educational, dated 30th July last returning for revision certain statements relating to Panchama schools, I have the honour to submit revised statements showing the number of schools for Panchamas and other backward and indigent classes, their standards, number of pupils and qualifications of teachers during the year 1899-1900. From the remarks column of statement B it will be seen that all the Panchama schools in Nellore, including those in municipalities were given grants as if all the teachers were qualified, and that this concession was allowed to them in accordance with G.O.No 151, Educational, dated 28th March 1900, under which primary schools intended for backward classes or situated in backward localities were exempted from the rules of recognition as regards staff and accommodation.

2. The delay in submitting the statements is due to the fact that complete information was received from the Inspecting officers only on the 28th ultimo. Some of these officers having misunderstood the scope of the reference made to them, the information received from them at first was incomplete.

I have the honour to be,

Sir,

Your most obedient servant,

G H Stuart

Director of Public Instruction.

EDUCATIONAL DEPARTMENT

C. No. 910 of 00

SUBJECT.

Dr. Downie's memorial.

FOR ORDERS.

The Rev. D.Downie in a memorial submitted on behalf of the Americal Baptist Mission, Nellore, represented that it was very difficult to get fully qualified teachers for Panchama schools in Nellore and requested that some special consideration might be shown in the matter. The D.P.I.to whom the memorial was referred recommended the relaxation of the rates in their case for four years. In G.O.No. 880 Edl. d/ 7th December 1899 the Govt. objected to the relaxation of the rules on the ground that it would withdraw all inducement for raising the qualifications of the teachers during the time it was in force and that no necessity had been shown to exist for according exceptional treatment to Nellore in the matter. He was therefore required to compare Nellore with other districts of the Presidency and to state what percentage of grants were drawn by those schools, what would be drawn if all the teachers in them were qualified and what amount of such grants were paid from Provincial and from Local or Municipal funds respectively.

3. In the current read above the D.P.I.furnishes the information and withdraws his recommendation for the

...ions of the draft...

the relaxation of the rules.

5. May the Rev. D. Downie be now informed that the Govt. sees no reason for granting the concession prayed for, to teachers of Panchama schools in Nellore ?

His prayer is very vague & perhaps had reference to the concession to backward localities.

A.T.P.

4. Please see the note to article 1 of chapter II of the Edl.rules which exempts lower primary schools in villages with a population of less than 4000, and primary schools for backward classes or situated in backward localities (schools in Municipalities being excepted) from the operation of articles 2, 3, 4, 7, & 10 of chapter II until the 1st April 1898, which has since been extended to the 1st April 1901. (G.O. No. 151 Edl. d/ 28th March 1900).

This concession is applicable to Nellore the whole of which district (excepting municipal towns) is classed as backward and nothing further seems necessary.

T.K.
18-7-00.

P.T.T.
18-7-00.

Dr. Downie did not in so many words ask for any concession. He said that there was one point which he hoped the Govt. would bear in mind-viz. that his mission had difficulty in finding men who were at once Christians, Telugus, and possessed of the technical training required by the Educational department, and that therefore the schools of the mission needed special consideration.

It is quite possible that he was reckoning on the possibility of Govt. withdrawing the concessions allowed in the case of "backward districts"; and if so, his request "for consideration" has already been for the time disposed of in G.O.No.814, dated 22nd May last, which extended to the end of the current official year, the concessions allowed to districts of the kind mentioned. When the Director replies to the call for a report at the end of that order, the point raised by Dr. Downie will again be considered.

The order may run as in the draft.

Secretary. A.T.P.
21-7-01.

The Statement A-I is to me quite unintelligible. Please ask the D.P.I. what it means.

(a) Why are columns 2 & 3 made sub columns of major column (2).

(b) Are Panchama schools quite separate from schools for backward classes? I suppose they are really included in them - if so how are they more in number than the major group?

(c) Why in the column of probable increase of grant" is one district given in p.C. in other two cases in terms of the amount of the grant?

Asstt. Secretary. M.H.
24-7-00.

(C. No.171 from the D.P.I. d/ 7th February 1901)

As directed by the Secretary revised statements were called for from the D.P.I. These are submitted with the Director's letter of the 7th Instant on page 7 of the current file. May the order which was drafted on the 21st July last and which is placed below now issue?

14/2/1 The position is not quite the same as in July last, as the time for the expiration of the concession now allowed to primary schools "without" municipal areas is not far off, but there is nothing to prevent the issue of the draft

(& a better disposal
the alternative) could be to "recast" the papers,
for as stated in my note of
July 21, 1900, Mr. Downing merely
expressed a hope that such &
such things might be borne in
mind; & the correspondence except
in so far as it has caused certain
statistics & he & compiled has
been from the beginning rather
unnecessary. Moreover, it is now rather
late in the day to reply to Mr. Downing's
2. He as regards these statistics,
a statement which (in parts) was not intelligible
has been replaced by another;
there has been great delay, &
while an explanation of this,
so far as the period from July
last up to the 7th instant is
concerned, has been given by the
Director, he has not accounted
for the previous delay. Perhaps
the matter may be dropped, as
the Director (as head of the department) solely
is responsible for
any remissness on the part of
his subordinates & may be presumed
to have taken what notice was
necessary, while as regards his
own office, there was hardly

any case for special remarks
by the Madras Government; it
is evident that the question
has been badly dealt with,
but in a department the officers
of which are overburdened with
returns this must sometimes occur.

Secretary.

The statement submitted was not quite
complete and did not give us the information asked
for. But it would seem that the number of
unqualified teachers in Nellore is large as
compared with Chingleput & Madras. The
Municipality will no doubt come up again
after April when the present concessions cease
and if it is submitted matters may be left as
they are till they come up again, the papers
being in the mean time recorded.

Dr. Downie will be informed that the Govt. cannot make any further concessions to the Nellore district than those which it at present enjoys as one of the backward localities of the presidency and which are applicable to all primary schools without municipal areas.

H.E. in Council will give careful consideration to the circumstances of the district when the period, for which the concessions are to last, expires.
