Despatch to Secretary of State, dated 12th July 1900, No. 26, Public Works.
 „ from „ „ 6th Sept. „ No. 36, „

Resolution.—In Rule III of the Resolution of the 19th July 1892, read in the preamble, twelve and thirteen appointments in alternate years to the Provincial Service of the Engineer establishment of the Public Works Department were guaranteed to passed students of the Indian colleges, and to Upper Subordinates of the Public Works Department; eight appointments, annually being allotted to students of the colleges, and four and five appointments, in alternate years, to Upper Subordinates. This distribution was, however, subject to modification in the event of less than the allotted number of either class being filled up in consequence of a deficiency of qualified candidates.

2. With the sanction of the Secretary of State, it has now been decided to increase the numbers from twelve and thirteen in alternate years to fourteen annually; and to allot nine and ten appointments in alternate years to students of the colleges, and five and four alternately to Upper Subordinates, with the same proviso as before in the event of the full number of appointments of either class not being filled up.

3. The above increase will be effected by raising the number of recruits from the Thomason College, Rurki, in the detailed distribution under Rule III of Resolution No. 2112 G., dated 19th July 1892, from five annually to six and seven in alternate years.

4. As the recruitment for the year 1900 was twelve, distributed as shown in the margin, the detailed distribution for the year 1901 will be as follows:—

Lists under the Government of India, excluding Bengal.	8	Five qualified students from Thomason College, Rurki, and three Upper Subordinates.
Madras, Bombay, and Bengal lists.	4	Three apprentices, one from each college and one Upper Subordinate.
Total ..	12	

Lists under the Government of India, excluding Bengal ...	9	Six qualified students from Thomason College, Rurki, and three Upper Subordinates.
Madras, Bombay and Bengal lists.	5	Three apprentices, one from each college and two Upper Subordinates.
Total ..	14	

Thereafter the number of qualified students eligible for appointment from the Thomason College will be seven and six in alternate years.
