The Hon'ble Mr. H. Bradley, I.C.S.

Read the following letter from W.A. Fowler, Esquire, Deputy
Commissioner, Southern Division, Ref. on G.R. No. 2176 of 01,
dated 3rd January 1902:-

Reference.

In submitting herewith a list of Petty Offi-
cers, etc, recommended for exemption from Examination rules in
view to their appointment as acting and temporary Sub-Inspect-
ors, I have the honour to report as follows:-

2. My Assistant Commissioners have for some time past been
recommending the exemption of one or more Petty Officers on
the ground that the number already exempted is quite inade-
quate to meet ~~the~~ requirements; but I have steadily set my
face against it on the ground that exemption should not be
carried farther than is absolutely necessary.

3. The Assistant Commissioners, Negapatam and Trichinopoly,
have renewed their request and represent that efficiency of
the service demands that more such men should be made avail-

available for short vacancies.

4. The number of Petty Officers who have already been
exempted is as follows:-

Trichinopoly Sub-Division-----	8
Negapatam "-----	4
Tinnevely "-----	4
Calicut "-----	10

5. Trichinopoly Sub-Division. There are 80 ranges in this
Sub-Division. Of these 20 are ^{either} hilly, malarious or otherwise
unhealthy ranges. Owing to the extremely unhealthy character
of some of these ranges, men fall ill frequently and apply for
leave. There are also applications for privilege leave under
ordinary circumstances coming in frequently. When, as happens
in a large number of cases, the Assistant Commissioner is un-
able, for want of duly qualified men to act, to ~~be~~ make satis-
factory arrangements for the conduct of their work during
their absence, such applications are rejected. Personally I
very
am averse to deprive the men of their privilege leave when
they want it, for, leave earned by men of this department is
generally well earned, and it is to the advantage of the ser-
vice that the men should give themselves periodical rest. The
practice of doubling up ranges, which is freely resorted to
when leave has perforce to be granted and the Assistant Com-
missioner is unable to secure a suitable substitute, appears
to me to be most objectionable. Both the ranges in such ~~in~~

circumstances, suffer ⁱⁿ efficiency and the Sub-Inspector in charge is not slow to take advantage of the situation. He does as little as he can and when taxed with bad work excuses himself by stating that he has too much to do. It is often very difficult to secure duly qualified outsiders for short vacancies, and when they are had, they are, as the Board is well aware, more often than not useless. A man on the spot with a knowledge of the work he has to do is therefore what is wanted. There are only 8 such men for the whole Sub-Division. Of these one has expressed in writing his inability to cope with the Sub-Inspector's work. There are, therefore, only 7 men available and this number is quite inadequate to meet actual requirements. The Assistant Commissioner has therefore submitted the names of five persons (one of which I have struck off as too junior) who have been selected by him personally with regard to their physical qualifications, educational attainments and general efficiency after going round the whole of the Sub-Division. I think that these men are really necessary for this Sub-Division ~~NAME~~ and on mature consideration it appears to me that the department is better served by Petty Officers who have permanent interest in the Department and also know the work than by ignorant outsiders, who by the time they gain an inkling of their work have to make room for permanent men.

6. Negapatam Sub-Division. The Assistant Commissioner has submitted a list of six men for exemption. ^{He has already four men.} For a small Sub-Division consisting of six circles with 50 Sub-Inspectors, 10 men are too many. I have selected three of the 1st grade Jamadars and recommend that

these be exempted. Seven men should be able to meet all the reasonable requirements of this Sub-Division.

7. Tinnevely Sub-Division. Of the four men exempted in this Sub-Division, one Velumailoo Pillai, has recently been reduced to a 1st grade Duffadar and as he will not for a considerable length of time be ~~again~~ again made to act as a Sub-Inspector, another Petty Officer who has passed the Middle School Examination in the First Class has been included in the list.

8. Calicut Sub-Division. Of the ten Petty Officers exempted in this Sub-Division, the Assistant Commissioner reports that two men have been kept out of acting appointments for special reasons and recommends that two more may be exempted in their places. What the special reasons are for which two men have been kept out of acting appointments have not been reported by the Assistant Commissioner. He has been requested to supply the omission.

9. To the list of men submitted by the Assistant Commissioners, I beg to add ~~that~~ one more. He is the senior attender of this office on Rs. 12/-. Though he has passed the Middle School Examination in the Second class, he is ^a much better worker than many of the passed men and is deserving of encouragement. He is physically well fitted for out-door work. He was a Petty Officer up to July 1899, when he was transferred to this office as attender. All the Officers under whom he served have spoken very highly of him."
