To

The Secretary to Government,

Educational Department.

Sir,

The Principal, Presidency College, applied in November 1900 for permission to purchase a lathe and accessories required for the use of the workshop attached to the Physical laboratory in the College; but owing to want of funds the application was allowed to lie over.

2. A specification of the lathe and its accessories accompanies this letter. It will be seen that it is a very complete instrument, and the necessity for its purchase is fully explained by Mr. Jones in the following extract from his letter:-

"It is perhaps hardly necessary for me to say that this lathe is a very accurate tool. It would enable us to construct in the College workshop a class of apparatus for physical work which is entirely beyond our reach with the means available at present. The addition of it to the present equipment of the workshop would go far towards realizing the object aimed at in starting the workshop-viz to enable the College to make from its own designs and under its own supervision all apparatus it requires and so ultimately become independent of outside instrument-makers".

3. The lathe is the property of Dr. Bourne and is now for sale, the price asked for it being Rs. 3750. Mr. Jones considers that it will be a very valuable addition to the workshop and that the opportunity of procuring it should not be lost.

4. I request the favour of very early orders on this application so that the purchase money may be drawn before the official year closes. The charge can be met from savings that will accrue under 'Salaries' for Government Colleges, General in the budget estimate for the current year, owing to the absence on furlough of Mr. Bildebeck and Dr. Wilson. On receipt of the sanction of Government the necessary transfer of allotment will be made by me under Rule 66 of the budget rules.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart
Director of Public Instruction.
