FURTHER PAPERS.

To

The Secretary to Government,

Educational Department.

Sir,

In its order No. 698, Educational, dated 13th October 1899, Government communicated a letter from the Superintending Engineer, Madras Command, Military Works, intimating that, on account of a ruling of the Government of India against the further exclusive appropriation of land on the esplanade of Fort Saint George, the Lieutenant General commanding the Forces, Madras, was unable to sanction the proposal to convert a portion of the esplanade into a recreation ground for the Law College. The Principal of the Law College urges again the necessity for a play-ground and points out that the college compound, on the Southern side, as defined by the Consulting Architect, is too small for the purpose. I have the honour, therefore, to request that the Lieutenant General Commanding the Forces be moved to let for the use of the College a portion of the unused ground south of it, which, at present is little better than a rubbish heap, on the distinct understanding that it should not be permanently fenced in and should be vacated when required. I am inclined to think that there may be no objection to this proposal as the prohibition of the Government of India relates only to the exclusive appropriation

appropriation of the land on the esplanade.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

C. No. 1747.

SUBJECT U

Recreation ground for the Law College

FOR ORDERS.

As to whether the D.A.G. should be again addressed. There was little or no valid reason for the refusal in 1901 to let the Law Students have the use of the ground to the south of the Law College. No doubt if permission was granted, the ground would have been exclusively appropriated, but it does not appear that this is the kind of "exclusive appropriation" contemplated by the Government of India.

P 2. In his note in G.O. no 698 dated the 13th October 1899 the Hon'ble Mr. A. S. said that the students could play on the ground as much as they liked. It is submitted, however, that what the College Authorities want is power to put up a gymnasium and to construct one or two tennis courts. Unless the land is for

ually made over to them they will
be in order if they put up any
tures: nor will they be able to
up out the public.

Secy.

It is a pity that there have
already been so many encroach-
ments on ground which should
have been kept ~~for~~ absolutely
free from building, but in
this case a rather ^{unright} ~~unright~~
bit of land will be saved,
as it will now be kept
tidy. Some parallel bars,
& a giant-stride or something
of that sort, would be put
up (I am told this is the
intention): nothing else.

Under these circumstances, the

posed.

in order. The Govt of India ~~of~~ passed
in order on an application that some
of the ground sh^d be given as a recreation
ground. So they had apparently regard
the present request as one for exclusive
appropriation
