GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 329, Financial, dated 10th April 1902.

ABSTRACT.—Explaining the differences between the budget estimates for 1902-1903 of expenditure proposed by the local Government and those as finally settled by the Government of India under *Imperial* and *Provincial* heads, and stating that separate orders will be passed on the distribution of the special grant of 5.50 lakhs and of the balance of the special grant of 3.50 lakhs made by the Government of India.

G.O., &c., Nos. 333, 334, Financial, dated 12th April 1902.

ABSTRACT.—Directing that certain allotments be made from the special grant of 5.50 lakhs sanctioned by the Government of India in the budget estimates for 1902-1903, and stating that orders will issue in the Local and Municipal department as regards the grants proposed to District Boards for expenditure on feeder and other roads and in the Revenue department as regards the additional allotment required for minor irrigation works—Revenue department. Copy to the Government of India.

G.O., &c., Nos. 335, 336, Financial, dated 14th April 1902.

ABSTRACT.—Sanctioning allotments, aggregating Rs. 1,29,362, from the balance of 1.54 lakhs of the special grant of 3.50 lakhs made by the Government of India in the budget estimates for 1902-1903, and stating that the unallotted balance will be held in reserve with the Financial department. Copy to the Government of India.

ORDER—No. 387, Financial, dated 2nd May 1902.

The Provincial budget estimates for the current year contained in G.O., No. 329, Financial, dated the 10th April 1902, as modified by G.Os., Nos. 333 and 335, Financial, dated the 12th and the 14th April 1902, respectively, include provisions for new schemes as well as special grants for items of a non-recurring nature as shown in the appendix to these proceedings. The attention of all heads of departments concerned will be specially drawn to the matter, as it is of great importance that these grants should be utilized during the current year for the purposes for which they have been allotted and that all new schemes for which the budget provides should be brought into effect with as little delay as possible.

2. In order that Government may be kept fully informed on the matter, each head of department concerned will submit a monthly report on the progress of expenditure on the items included in the appendix to these proceedings. These reports, which should reach the Government on the 5th of each month, the first report being due on the 5th June, will be submitted in the first instance to the administrative department of the Secretariat from which they will be transferred to the Financial department.

In the case of works falling under the Public Works department the information will be embodied in the monthly progress reports submitted by Superintending Engineers.

As regards other departments, the report furnished by the head of the department should be in the following form, and arrangements will be made in the Financial department for furnishing the Secretariat departments concerned with forms for supply to heads of departments, with the standing information required in columns 1 to 3 in print:—

Budget head.	Work or scheme.	Allotment.	Expenditure		Remarks.
			In the month.	Up to the end of the month.	
1	2	3	4	5	6

In the case of schemes involving recurring expenditure it will suffice if, when the scheme has been once introduced, the head of the department concerned intimates in his next monthly progress report the approximate amount that will be required in connection with such scheme up to the end of the financial year. Further progress reports as regards such introduced schemes may then be discontinued.

3. Further necessary orders will issue in the departments of the Secretariat concerned.
