GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Barrister-at-Law, Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 10th May 1902, Cur. No. 3730.

With reference to rule 5 of the rules for the Educational department printed as an annexure to G.O., No. 445, Educational, dated 10th September 1900, and with reference to the telegram of the 24th ultimo, I have the honour to submit in proof, for favour of publication in the gazette, consolidated lists of (1) text-books approved for native schools, (2) those approved for European schools only, and (3) those for technical schools.

2. The lists have been cast into the new form for facility of reference and I propose adding a column for "Price" when they are next published. Books approved by the Text-book Committee at its December meeting have been included, but the results of the deliberations of the committee at its April meeting have not yet been communicated to this office.

3. As the rule referred to above is not quite clear, I request that the following proposals with regard to the publication of the lists be approved:—

(1) That the lists of books recommended for use as additional readers or found suitable for libraries and the list of rejected books be published by me in the issue of the gazette next to the one in which the list of approved text-books is published by Government.

(2) That the books approved by the committee at its meeting held in April each year be published by me soon after its receipt for the information of the authors or publishers, as these books cannot be included in the lists submitted to Government to be published early in April of the same year.

ORDER—No. 306, Educational, dated 17th May 1902.

The lists submitted by the Director will be approved and published in the *Port St. George Gazette*.

2. The first of the proposals in the third paragraph of the Director's letter is sanctioned, but as regards the second it will be better to include any books which may be approved after the annual list has been published in the next year's list.

(True Extract.)

A. T. PRINGLE,
Assistant Secretary to Government
[in charge].

To the Director of Public Instruction,
Gazette.

ANNEXURE.

The following is a consolidated list of text-books approved by Government.

2. Heads and Managers of Schools are informed that, where more books than one are approved for any form or class, they are at liberty to select any of the books so approved.

3. No books not authorized by Government shall be used in any recognized school.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 306, EDUCATIONAL, DATED 17TH MAY 1902.

[SUBJECT.—List of text-books approved for use in schools.]

From the Director of Public Instruction, C. No. 3730, dated 10th May 1902.

The list published last year under G.O., No. 404, Educational, dated 20th July 1901, was of books recommended for use in Government and board schools. The present list is a consolidated one of books required for all schools, and its publication is necessary under No. V of the rules for the Educational department in G.O., No. 445, Educational, dated 10th September 1900. This list (in three parts) may be now approved* and published.

* Yes.

A. T. PRINGLE.

2. With reference to the first of the questions raised in paragraph 3 of the Director's letter, No. 17 of the rules for the text-book committee in the proceedings just mentioned requires that "in the case of books rejected as unsuitable by the text-book committee some brief indication of the grounds on which the judgment has been formed shall be given". "Unsuitable" means evidently unsuitable as text-books. Some of these books may be suitable for use as additional readers or for libraries, but all the same for the purpose of the rules they will be "unsuitable." It does not seem possible for the Director to intimate to every author or publisher the reasons for the rejection of these books, and the Director may† notify them in the gazette as proposed, but such publication will be outside the rules and under his signature.

† The gazette is the place. The unsuitableness is of course as text-books. Neither the committee nor the Director can go beyond that consideration.

A.T.P.

3. As regards the second question raised in paragraph 3 of the Director's letter, books approved after the date of publication of the annual list should apparently go into the next‡ year's list and not into any earlier supplemental list.

‡ Yes.

A.T.P.

1. That the lists of books recommended for use as additional readers or found suitable for libraries and the list of rejected books be published by me in the issue of the Gazette next to the one in which the list of approved text books is published by Government.
2. That the books approved by the Committee at its meeting held in April each year be published by me soon after its receipt for the information of the authors or publishers as these books cannot be included in the lists submitted to

*Proceedings of the Madras Government, Educational Department,
7th June 1864.*

No. 25. Read the following letter from the Reverend D. SIMPSON, Secretary, Madras Diocesan Committee of the Society for Promoting Christian Knowledge; to the Chief Secretary to Government, Fort Saint George, dated Madras, 26th May 1864.

At the South Kensington Museum a collection of all kinds of school apparatus has been formed, for the information of persons interested in education.

2. The Madras Diocesan Committee of the Society for Promoting Christian Knowledge, believing that it would be attended with great advantage to the cause of education (comparatively few persons knowing what valuable aids are available), were a similar collection (necessarily on a smaller scale), formed in Madras, has been seeking the assistance of the great Educational Society in England, and of the leading publishers.

3. Their views have been responded to very cordially, and the Committee hope in a short time to be able to open to public inspection a fairly complete collection of really useful educational appliances of all kinds.

4. They are anxious to have specimens of all educational works published in South India; and have desired me to request Government, through you, to grant them specimen copies of all such publications, prepared or issued in this country under Government sanction.

5. The articles are not for sale, but each will be labelled for the information of the public with the names of the Donor, the Publisher, and with the retail price.

No. 26. ORDER THEREON, 7th June 1864, No. 161.

The Governor in Council authorizes the Director of Public Instruction to present to the Madras Diocesan Committee of the Society for Promoting Christian Knowledge one copy of every educational work which has been published by Government in this Presidency.

(True Extract.)

Chief Secretary.

To the Director of Public Instruction.

Ms. D. C. S. P. C. H.

Madras 26th May 1862

To

The Chief Secretary to Government
Fort Saint George.

Sir,

At the South Kensington Museum a collection of apparatus has been formed for the information of persons interested in Education.

The Madras Diocesan Committee of the Society for Promoting Christian Knowledge, believing that it would be attended with great advantage to the cause of Education (comparing few persons knowing what valuable aids are available were a similar collection (necessarily on a small scale) formed in Madras) have been seeking the assistance of the great Society and of the leading publishers.

Their views have been responded to cordially - and the Committee hope in a short time to be able to open to public inspection a fairly complete collection of really useful Educational appliances of all kinds.

They are anxious to have specimens of all Educational works published in South India.

request Government, through you, to grant them specimen copies of all such publications, prepared or issued in this country under Government sanction.

The articles are not for sale - but each will be labelled for the information of
