JUNE.

Medical Schools.

Addressing the Government of India in regard to the grant of local allowances to the Superintendents and senior instructors of the Rayapuram and Vizagapatam —.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers:—

From the Hon'ble Mr. G. H. STUART, M.A., Barrister-at-Law, Director of Public Instruction, Madras, to the Secretary to Government, Educational Department (through the Surgeon-General and the Accountant-General), dated 21st March 1902, Ref. on Cur. No. 1491.

In continuation of paragraph 3 of this office letter Ref. B. on C. No. 5146/01, dated 28th September last, I have the honour to submit the proposition statements called for in paragraph 4 of G.O., No. 320, Educational, dated 10th June 1901.

2. As sanctioned in G.O., No. 42, Educational, dated 29th January 1902, all the eight assistants now on the staff are retained for the college and a uniform teaching allowance of Rs. 100 is attached to all the assistant professorships with the exception of the assistant professorship of hygiene, which is an educational appointment.

3. Owing to the separation of the hospital assistant department, the following have been eliminated:—

Two assistant demonstrators of anatomy.
The allowances for clinical instruction.
Three servants—one on Rs. 6 and two on Rs. 5.

The two attendants sanctioned in G.O., R. No. 387, Financial, dated 4th April 1900, have been omitted as they were sanctioned only as a temporary measure and as the Principal considers that the question of their retention may be decided after the transfer of the hospital assistant department. The allowance of Rs. 100 paid to the lecturer on midwifery will also no longer be necessary with reference to G.O., No. 668, Educational, dated 16th November 1901.

No. 134.

Forwarded.

Madras, 27*th March* 1902.

D. SINCLAIR, M.B.,
Surgn.-Genl. with the Govt. of Madras.

To the Secretary to Government, Educational Department.

No. G. 138—911.

The entries in the column of "Present Scale" have been compared with the registers of this office and are correct.

As the appointments of Superintendents, Medical Schools at Rayapuram and Vizagapatam are to be held by the Surgeon, First district, and the District Medical and Sanitary officer at Vizagapatam, respectively, and as their pay already exceeds

Rs. 5,000 a year, the sanction of the Secretary of State will be necessary to the grant of the Educational allowances of Rs. 200 and Rs. 150 per mensem to them. The appointments of senior instructors are to be held by Assistant Surgeons, and as their pay varies from Rs. 100 to Rs. 200 the sanction of the Government of India will be necessary to the grant of the Educational allowances of Rs. 100 per mensem.

The necessary provision has been made in the current year's budget for the opening of these new schools.

The delay in the submission of the proposition statements is due to the return of the statements first received, for correction.

Fort St. George, 28*th April* 1902.

C. E. CRAWLEY,
Offg. Accountant-General.

To the Secretary to Government, Educational Department.

Telegram from the Secretary to Government, Educational Department, to the Director of Public Instruction, dated 6th May 1902.

Your letter 1491 March 21. How many assistant demonstrators [of] anatomy do you require in future. Letter eliminates two; proposition statement, three. Please send also statement showing particulars [of the] salaries [of] assistant professors, Medical College, distinguishing pay from teaching or other allowances.

From the Hon'ble Mr. G. H. STUART, M.A., Barrister-at-Law, Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 15th May 1902, Ref. on C. No. 3655.

With reference to telegram of the 6th instant, I have the honour to state that only two assistant demonstrators of anatomy will be required in future. The usual sanctioned number is four, which is also the number for which provision is annually made in the budgets, and this number was kept in view in this office letter Ref. on C. No. 1491, dated 21st March 1902. The proposition statements which originally accompanied that letter were, however, returned by the Accountant-General for revision and in the revised proposition statements, dated 21st April, which are the same as those now before Government, the number of assistant demonstrators in the present scale was shown as five as the Government Order sanctioning an additional assistant demonstrator for last year (G.O., No. 268, Financial, dated 26th March 1902) had been received at the time the revised proposition statements were prepared.

2. I beg also to submit, as required, a statement showing separately the pay and other allowances of the assistant professors of the Medical College.

Enclosure.

Order—No. 356, Educational, dated 14th June 1902.

The Government of India will be addressed in regard to the grant of local allowances to the Surgeon of the First district in the city of Madras, the District Medical and Sanitary officer at Vizagapatam, and the senior instructors of the Rayapuram and Vizagapatam Medical schools. The proposition statement will be transferred to the Financial department.

(True Extract.)

H. A. STUART,
Ag. Secretary to Government.

To the Director of Public Instruction.
„ Accountant-General.
„ Financial Department.

Letter—No. 357, Educational, dated 14th June 1902, to the Secretary to the Government of India, Home Department.

I am directed to address you regarding the allowances to be paid to the superintendents and the instructors in the two medical schools which it is proposed to create, one at Rayapuram, a suburb of the Presidency town, and the other at Vizagapatam.

2. Owing to want of space and other difficulties, the education of all hospital assistant students cannot any longer be carried on to their advantage in the Madras medical college. It has accordingly been decided to establish the two schools above mentioned. The number of students whose vernacular is Telugu has hitherto been small, and in consequence great difficulty has been experienced in finding suitable candidates to serve in the dispensaries in the Telugu districts. The establishment of a school at Vizagapatam for the training of Telugu students will therefore supply a necessity.

3. In the case of the Rayapuram school, it is proposed to appoint the surgeon of the first medical district in the city of Madras as superintendent, with an allowance of Rs. 200 *per mensem*, and in the case of the Vizagapatam school, the district medical and sanitary officer of Vizagapatam, with an allowance of Rs. 150 *per mensem*. Both these allowances will be local. The appointments of first instructors in the schools will be held by assistant surgeons of the subordinate medical service, and these officers will receive local allowances of Rs. 100 each.

4. As the pay of the surgeon of the first district and of the district medical and sanitary officer, Vizagapatam, exceeds Rs. 5,000 a year, I am to request that the Government of India will be pleased to obtain the sanction of the Secretary of State to the grant to them of the proposed allowances. The pay of the assistant surgeons will vary from Rs. 100 to 200, and the sanction of the Government of India to the grant of the local allowance of Rs. 100 is also necessary.

H. A. STUART,
Ag. Secretary to Government.

Exd. A. F. Eccleston.

Educational Department.

NOTES CONNECTED WITH G.O., Nos. 356, 357, EDUCATIONAL, DATED 14th JUNE 1902.

[Subject.—*Medical school, Rayapuram.*]

From the Director of Public Instruction, R.C. No. 1491, *dated* 21*st March* 1902.

The draft placed below may issue with the concurrence of the Financial department.

P. T. Tharyan—5-5-02.

Telegraph to the Director of Public Instruction asking for explanation on the point of the number of demonstrators and for a statement of particulars of the assistant professors' salaries, in which pay proper is distinguished from teaching or other allowances.

2. A few days' delay will not matter and we ought to have correct information before dealing with the case.

A. T. Pringle—6-5-02.

The draft telegram placed below may be despatched.

P. T. Tharyan—6-5-02.

Yes.

A. T. Pringle—6-5-02.

From the Director of Public Instruction, R.C. No. 3655, *dated* 15*th May* 1902.

The Director states that only two assistant demonstrators of anatomy will be required in future. He also submits a statement showing separately the pay and other allowances of the assistant professors of the medical college.

2. The draft below may issue with the omission of paragraph 2 and with the concurrence of the Financial department.

T. Kanakasundaram Pillai—19-5-02.

A. T. Pringle—22-5-02.

To Financial.

Financial Department.

The net permanent increase on account of the revision of establishment consequent on the opening of the new medical schools amounts to Rs. 12,948 *per annum;* and the temporary decrease amounts to Rs. 4,128 *per annum*. There is provision in the civil budget estimate. The extra cost thrown on Provincial funds on account of alterations in permanent establishments since the 1st April last amounts to Rs. 91,175 *per annum.*

Vide page 161 of advance copy of civil budget estimate; also the certificate of the Accountant-General (paragraph 3).

2. The grant of local allowances which are shown under the new medical schools establishment (the proposition statement for which will be duly sanctioned in this department) to officers whose salaries are shown under a different establishment is not, it is submitted, an alteration of an existing establishment, under section 57 of the Civil Account Code so as to necessitate the submission of a proposition statement to the Government of India whose sanction is necessary to the grant of the local allowances. Besides the Madras Government has ruled (G.O., No. 1323, Financial, dated 2nd December 1899), that no proposition statement is necessary where the only charge in establishment proposed is the grant of a local allowance.

3. It is submitted that the proposition statements to be transferred to Financial are not merely for the entertainment of establishments required for the new medical schools, but also for the abolition of establishments in the medical college which are not now required on account of the opening of the new medical schools and also include the local allowances referred to in the first sentence of the draft order; the second sentence of the draft order may be accordingly altered to "the proposition **B** | statements will be transferred to the Financial department".

A. L. PINTO—28-5-02.

As regards point **A** raised above, Educational does not propose to send a proposition statement to India, and India may be left to call for it if the proposition statement is considered necessary.

2. Educational may be asked to consider the alteration suggested at **B** above. It might also in the draft letter to India refer to paragraph 8 of letter No. 87, Financial, dated 31st January 1902, where the object of the medical schools was set out at some length.

Public should apparently see the file.

C. M. SCHMIDT—28-5-02.

To Public.

PUBLIC DEPARTMENT.

As regards the surgeon, first district, Madras, the proposal in the Educational department draft is to grant him an allowance of Rs. 200 a month as superintendent of the Ráyapuram medical school. From the Surgeon-General's letter in G.O., No. 320, Educational, dated 10th June 1901, and the proposition statements enclosed in the Educational department current, it will be seen that the allowance of Rs. 100 a month now drawn by the surgeon, first district, for clinical instruction to hospital assistant pupils is to be withdrawn. This point is not brought out in the draft letter to the Government of India.

2. If the proposed allowance of Rs. 200 is sanctioned, and the clinical allowance of Rs. 100 is withdrawn, the total emoluments of the surgeon, first district, will be—

	RS.
Pay	1,050
Allowance as medical inspector of emigrants	150
Do. as superintendent of school	200
Total ..	1,400

This will be Rs. 150 in excess of the pay drawn by the more highly paid of the other Presidency district surgeons.

3. Attention is invited to paragraph 29, pages 22 and 23 of the printed notes attached to G.O., No. 135, Public, dated 7th February 1900. It was there pointed out that while the duties of the surgeon, first district, would be increased by the charge of the new medical school, he would obtain relief in other directions, and it was suggested that his allowances should be consolidated at Rs. 250 for teaching and the inspection of emigrants. This would give him Rs. 50 more than the surgeons of the second and third districts. It is for consideration whether this proposal should not now be carried out. It would not be possible exactly to consolidate the local allowances—as that for inspection of emigrants is debited to the head emigration, while the teaching allowance goes under medical. All that would be necessary would be to transfer the allowance for clinical instruction to an allowance for the superintendence of the new medical school.

C. S. SIMPSON—30-5-02.

From the point of view of Public there is no objection to allowing the surgeon, first district, to have more pay than the other surgeons. There are drawbacks attending residence at Ráyapuram, and a comparatively unremunerative private practice, for

which the extra pay may make up. It is for consideration, however, whether Rs. 150 would not be a sufficient allowance for the charge of the school. This would give the surgeon, first district, Rs. 100 a month more than any other Presidency district surgeons. If the new work is so heavy as to deserve an allowance of Rs. 200, it becomes a question whether the first district surgeon can undertake it without being afforded relief in some other direction.

A. R. KNAPP—31-5-02.

For orders.

G. S. FORBES—2-6-02.

Demi-official from Surgeon-General D. SINCLAIR, Surgeon-General with the Government of Madras, to the Hon'ble Mr. J. THOMSON, dated 5th June 1902.

I would give the surgeon, first district, Rs. 200 for the charge of the medical school. The Ráyapuram school will be a big institution and the surgeon's duties in its connection onerous and responsible. There is no paying practice in the first district I understand; hence the district is not much in request.

2. Rs. 200 a month will bear comparison with similar charges elsewhere. In my opinion there is nothing to prevent the surgeon of this district undertaking the school duties in addition to what he is now doing.

Let him * have Rs. 200—*vide* letter from the Surgeon-General.

G. S. FORBES.

J. T[HOMSON]—6-6-02.

His Excellency the Governor before issue.

G. S. FORBES—6-6-02.

A[MPTHILL]—8-6-02.

Issue.

G. S. FORBES—9-6-02.

* *i.e.*, the Superintendent of the Ráyapuram school.

The file may now be returned to Educational.

C. S. SIMPSON—9-6-02.

A. R. KNAPP—9-6-02.

To Educational.

EDUCATIONAL DEPARTMENT.

Let the draft as altered in the Public department be type-written, please, and submitted to Secretary through me.

A. T. PRINGLE—10-6-02.

The draft has been type-written and is submitted.

T. KANAKASUNDARAM PILLAI—12-6-02.

The Chief Secretary appears to have supposed that the drafts were drafts of an order and letter in one of his own departments, as it is contrary to his practice to do more than "suggest" alterations in drafts of other departments. The draft of the letter as he has altered it has been type-written; it could not go out in its altered form, as a passage occurs twice over. As now revised, I think it may issue.

A. T. PRINGLE—13-6-02.

thro' the Surgeon-General & the Accountant-General

Sir,

In continuation of paragraph 3 of this office letter Ref.B.on C.No 5146/01, dated 28th September last, I have the honour to submit the proposition statements called for in paragraph 4 of G.O.No 320, Educational, dated 10th June 1901.

2. As sanctioned in G.O.No 42, Educational, dated 29th January 1902, all the eight assistants now on the staff are retained for the College and a uniform teaching allowance of Rs.100 is attached to all the assistant Professorships with the exception of the assistant Professorship of Hygiene, which is an educational appointment.

3. Owing to the separation of the Hospital Assistant Department, the following have been eliminated:-

Two assistant demonstrators of anatomy

The allowances for clinical instruction

Three servants, one on Rs.6 and two on Rs.5

The two attendants sanctioned in G.O.R.No 387, Financial, dated 4th April 1900 have been omitted as they were sanctioned only as a temporary measure and as the Principal considers that the question of their retention may be decided after the transfer of the Hospital Assistant department. The allowance of Rs.100 paid to the lecturer on midwifery will also no longer be necessary with reference to G.O.No 668, Educational, dated 16th November 1901.

I have the honour to be,

Sir,

Your most obedient servant,

G H Stuart

Sir,

With reference to telegram of the 6th instant, I have the honour to state that only two assistant demonstrators of Anatomy will be required in future. The usual sanctioned number is four which is also the number for which provision is annually made in the budgets, and this number was kept in view in this office letter Ref. on C. No. 1491 of 02, dated 21st March 1902. The proposition statements which originally accompanied that letter were however returned by the Accountant-General for revision and in the revised proposition statements, dated 21st April, which are the same as those now before Government, the number of assistant demonstrators in the present scale was shown as five as the G.O. sanctioning an additional assistant demonstrator for last year (G.O. No. 268 Financial, dated 26th March 1902) had been received at the time the revised proposition statements were prepared.

2. I beg also to submit, as required, a statement showing separately the pay and other allowances of the assistant Professors of the Medical College.

I have the honour to be,

Sir,

Your most obedient servant,

J. R. Scott

For Director of Public Instruction.

Educational Department.

Cur: No. 680, from the Acctt.-General, No. G. 138/911, dated 28-4-1902.

Order (Press)

8-6-02

The Government of India will be addressed in regarding the grant of ~~teaching allowances to the superintendents and senior instructors~~ local allowances to the surgeon of the first district in the city of Madras and to the district medical & sanitary officer at Rajapalam, and ~~to the~~ of the Royapuram and Vizagapatam medical schools. The proposition statement for the entertainment of the remaining establishments required for these schools will be transferred to the Financial department.

2. With regard to the two proposition statements relating to the Medical college, the Director will be requested

(1) to explain whether in future only two assistant demonstrators of anatomy will be required in the college. In paragraph 3 of his letter it is stated that two of them have been eliminated: it would seem therefore that three would be left;

(2) to distinguish the teaching or other allowance of the assistant professors from their pay. The teaching allowance to one of the native assistants is apparently Rs.50

and not Rs.100 as ~~stipulated~~ implied in paragraph 2 of the Director's letter.

To the Dir: of Pub: Instrn.
