Reformatory School.

Approving plans and estimates for certain additions and improvements to the — and transferring them to the Public Works department.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Barrister-at-Law, Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 30th June 1902, Ref. on Cur. No. 3733.

In submitting herewith with reference to the endorsement of the Educational

- 1 comparative statement.
- 1 report.
- 1 statement showing excess and saving on building executed
- 2 sheets of calculation for strength of girders—detailed estimates.
- 1 report for a dormitory.
- 1 detailed estimate for a dormitory.
- 1 site plan.
- 2 plans of dormitory.
- 2 „ of school building.
- 1 plan of workshop.
- 1 „ of blacksmith's shop.
- 3 level sheets.
- 1 culvert plan.
- 1 sluice plan.

department, No. 144, dated 23th May 1902, the marginally-noted plans and estimates relating to the additions and improvements to the Reformatory School, Chingleput, received from the Superintending Engineer, V Circle, I have the honour, subject to the following remarks, to request that Government may be pleased to approve the revised estimate for Rs. 90,945 in lieu of that sanctioned in G.O., No. 2,361 W., dated 7th September 1899. The necessity for the revision of the original estimates which has resulted in an increase of Rs. 11,046

is explained in the comparative statement

and in the report giving cover to the revised estimate. The construction of an upper storey to the school house, the abandonment of the proposed two storied building for the workshop and the dormitory and the construction instead of a separate building for each and the provision for drainage are some of the chief items that have contributed to the increase over the original estimates.

(1) *The compound wall dividing the Court-house from the Reformatory.*—This wall should run from the northern side of the building shown as Public Works department sub-division office to the corner of the existing wall running westwards from the taluk cutcherry. The District Judge wrote some time ago to the Superintending Engineer to say that this position of the wall besides depriving the court of a large portion of its compound would disturb its work by the ground thereby enclosed being used as a play ground. The Superintending Engineer has made a reference to me on the subject, and I am informing him that the most suitable line for the compound wall would be that originally proposed in paragraph 9 of Dr. Duncan's letter embodied in G.O., No. 1279, Judicial, dated 15th June 1895, that it should include in the reformatory premises the Public Works department office, the Sub-Registrar's office and the sub-jail, that the court-house compound could be extended, if necessary, on its north-eastern side where there is a large vacant plot of ground belonging to Government and that the recreation hours of the boys and the hours of business at the court are not the same. The site plan provides for a shorter wall running eastwards from the south end of the Public Works department office and excluding that building the northern half of which has now for some years been the headmaster's quarters. Of this alignment I do not approve, and I request that orders be issued for the construction of the longer wall originally proposed.

Entrance compound wall on the west.—The height of this wall has been fixed at 4 feet which is not enough: its height should be the same as that of the wall on the northern side, viz., 9½ feet.

The new dormitory.—The site originally selected for this building has, on digging trial pits, been found to be unsuitable and a new site has been selected by the sub-division officer; this new site is considered by the Superintendent to be better than the original one and may be approved.

Coir rope hammocks.—The estimate provides Rs. 10 for each hammock, and the Superintendent reports that for this rate he can supply strong hempen rope hammocks. I would therefore suggest that the hammocks be made of hemp instead of coir and that the work of making them be entrusted to the school.

2. I request that the school room which has remained half built for about two years be taken in hand first and completed during the current year.

3. The enclosures to this report which were referred to the Superintendent of the school were detained by the late Acting Superintendent until Captain Foulkes, the present Superintendent, resumed charge; and the latter officer was obliged to delay his report for a few days for want of professional advice and certain additional information which he required to enable him to understand some of the entries in one of the estimates. His report was received in this office on the 18th instant.

ORDER—No. 417, Educational, dated 22nd July 1902.

The plans and estimates submitted with the Director's letter are approved subject to the modifications suggested by him and will be transferred to the Public Works department.

(True Extract.)

H. A. STUART,
Ag. Secretary to Government.

To the Public Works department.

„ Director of Public Instruction.

„ Judicial department.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 417, EDUCATIONAL,
DATED 22ND JULY 1902.

[SUBJECT.—*Additions and improvements to the Reformatory school, Chingleput.*]

From the Director of Public Instruction, dated 30th June 1902, R.C. No. 3733.

The Judicial department may be asked whether there is any objection to the construction of the compound wall as proposed by the Director of Public Instruction.

T. KANAKASUNDARAM PILLAI—7-7-02.

Yes.

2. We may ask that the case may be dealt with soon as the Public Works department are anxious to have the papers.

A. T. PRINGLE—8-7-02.

To the Judicial department.

JUDICIAL DEPARTMENT.

The proposal is to construct the wall so as to include the Public Works office, sub-registrar's office and sub-jail, but not the district court, or taluk office—please see site plan. Judicial may accept the proposal.

A. SRINIVASA AIYANGAR—9-7-02.

If a wall is to be built right round the sub-registrar's office, it is not clear how the public will gain access to the office. Perhaps the Director of Public Instruction intends that the sub-registrar should be located elsewhere. Has Educational any further information on this point?

A. R. KNAPP—9-7-02.

To the Educational department.

EDUCATIONAL DEPARTMENT.

The Judicial department may be informed that the sub-registrar's office is to be removed out of the fort and the building handed over to the Reformatory school—*vide* paragraph 9 of Dr. Duncan's letter dated 4th March 1895, and the resolution of the official visitors, dated 9th February 1895, printed in G.O., No. 1279, Judicial, dated 15th June 1895.

T. KANAKASUNDARAM PILLAI—10-7-02.

A. T. PRINGLE—10-7-02.

To the Judicial department.

JUDICIAL DEPARTMENT.

Submitted that, in the circumstances, Judicial need not object to the proposed alignment of the wall. The sub-jail is, apparently, also to be removed.

A. R. KNAPP—11-7-02.

The Director's proposals may be approved in Judicial department.

G. S. FORBES—11-7-02.

Yes.

J. T. [HOMSON]—18-7-02.

The only question seems to be whether the compound wall should be taken to the north end of the Public Works department office or not. The Judge objects that this will lead to disturbance of the court's business as the boys' playing will interrupt its work. But the distance which the alteration will bring the noise of the boys playing nearer to the court is not more than 30 feet and cannot materially matter. The objection may, I think, be disallowed.

G. S. [TOKES]—11-7-02.

The file may now be returned to the Educational department?

A. SRINIVASA AIYANGAR—12-7-02.

Yes.

A. R. KNAPP—12-7-02.

To the Educational department.

EDUCATIONAL DEPARTMENT.

The plans and estimates may now be approved and transferred to the Public Works department with its concurrence.

T. KANAKASUNDARAM PILLAI—14-7-02.

P. T. THARYAN—14-7-02.

A. T. PRINGLE—15-7-02.

H. A. STUART—16-7-02.

I wish to be informed—early—of the grounds for the statement * in the notes Page 7 [of notes connected with G.O., No. 510, Educational, dated 17th October 1900]. that the school is not likely to have more than 150 pupils for some years to come, if ever. My understanding has been, all along, that, continuously, applications for admission had to be refused. Is there no information on this point available to Government?

2. A female reformatory is also, I believe, a desideratum of the country.

3. Knowing the place as I do, it seems to me that the whole of this business has been a mistake which is now probably beyond remedy.

J. T. [HOMSON]—17-7-02.

The following statement shows the strength of the school during the last ten years and the number of pupils who were refused admission:—

								Strength at the close of	Number refused admission during
1892	..	..	..	..	..	..	..	153	17
1893	..	..	..	..	..	..	..	151	8
1894	..	..	..	..	..	..	..	149	9
1895	..	..	..	..	..	..	..	153	7
1896	..	..	..	..	..	..	..	154	None
1897	..	..	..	..	..	..	..	151	5
1898	..	..	..	..	..	..	..	146	None
1899	..	..	..	..	..	..	..	148	None
1900	..	..	..	..	..	..	..	159	18
1901	..	..	..	..	..	..	..	163	38

Mr. Hammick writing in 1900 had apparently only the statistics of 1898 and 1899 before him. The buildings now under construction include 107 new cubicles, and Mr. Moss says that all the accommodation that is ever likely to be required can be easily got into the ground now available without overcrowding it—*vide* paragraphs 1 (8) and 4 (iv) of his note on pages 5 and 6 of the notes connected with G.O., No. 510, Educational, dated 17th October 1900.

2. The establishment of a school for female youthful offenders was considered in 1895—*vide* G.O., No. 589, Educational, dated 19th July 1895. No papers have yet

* Judicial is writing a note on this subject under orders from Honourable Member.

P. T. THARYAN. been traced showing what further action has been taken, but the search is being continued.* The Act was, however, amended and a new Act passed in 1897 (No. VIII of 1897). This Act also does not provide for the confinement of girls in reformatory schools, but a section (31) has been newly enacted to deal with female youthful offenders.
