SUBJECT.

Requesting to issue orders for the preparation of
plan restimabe for extensions to the Hygiene
Laboratory of the Medical College.

BACK PAPERS.

FURTHER PAPERS.

To

The Secretary to Government,
Educational Department.

Sir,

In submitting herewith a copy of letter No 442, dated 16th January 1902 from the Principal, Medical College, recommending extensions to the Hygiene laboratory, I have the honour to request that Government will be pleased to authorize the preparation in consultation with the Principal of the necessary plan and estimate. The Surgeon-General is also of opinion that the laboratory requires extension and increased equipment and that early steps should be taken to meet these wants.

I have the honour to be,

Sir,

Your most obedient servant,

J. R. Brown

For Director of Public Instruction.

No 442.

Madras
16th January 1902.

To

The Director of Public Instruction,

Madras.

Sir,

In a recent requisition for equipment of his laboratory the acting Professor of Hygiene took occasion to state as follows:- "This laboratory was not designed for bacteriological work ~~work~~ and though there is space enough down the Central line of benches the light there is not brilliant enough for microscopic work. If Bacteriology is ever to be seriously taught a new laboratory will have to be provided!" I am satisfied that the present laboratory is not only not quite suited on scientific grounds but is also insufficient for the increasing use to which it is to be put. It was built at a time when Bacteriology was not taught at the College and when it was but little contemplated that the work to be carried on within it would extend as much as it has done nor was it anticipated that the strength of the class using the laboratory would be as large as it has now become. Moreover when the scheme for bacteriological investigation is finally sanctioned and put in full working order a corresponding increased accommodation and equipment will become necessary to meet up-to-date demands. Under these circumstances, I have the honour to request you will be so good as to obtain the necessary sanction to the extension of the present Hygiene laboratory westwards in line with the Physiological laboratory.

I have &c &c

(Signed) W. R. Browne, M.D.,

Principal.
