The Secretary to Government,
Educational Department.

Sir,

A building for the Government Training school, Villupuram, South Arcot is one of the works included in class B works of the budget of the Public Works Department for the current year. The Inspector of schools, Southern Circle, recommends that the present premises occupied by the school together with an adjoining plot of ground with buildings thereon be acquired. A rough sketch of the portions to be acquired marked a and b therein is submitted herewith. This site is bounded on the east and south by public roads, on the west by Ponnambala Mudaliyar's lands and on the north by Guruswami Pandaram's house and premises. The Executive Engineer, South Arcot Division who inspected it reports that it is suitable for the construction of a training school building. I have the honour therefore to request that Government will be pleased to issue early instructions in the departments concerned for the acquisition of the site in question under the Land Acquisition Act and for the preparation of the necessary plans and estimates.

2. I propose to address you in a separate communication regarding the transfer to the Public Works budget of a sum of Rs. 50,000 out of the provision made for building grants in the Educational budget. I therefore request that the construction of the building for the Villupuram Training school be transferred to class A works and that steps may be taken to spend during the current year a sum of Rs. 10,000 in connection with this building.

I have the honour to be,
Sir,

demanded by the owners for the two plots of land together with the
buildings on them is Rs. 5000, but that the Inspector considers that
Rs. 4000 for both would be a fair price.

that Rs. 4000 for both would be a fair price. The Revenue authorities should perhaps have been consulted, but the amount concerned is not much and the Collector may be asked to take steps for the acquisition of the property.

Should we not, under the recent arrangements, refer to the Rev. Dept. first?

I have ascertained from the Revenue Dept. that it is not necessary to refer this to them.

No: 1001 D dated 5th August/02. P.W. Department
There are no funds at the disposal of the Public Works Department to admit of the work being transferred from Class B to Class A. The requisite allotment should therefore be made from the sum of Rs 50000 which the Director of Public Instruction proposes to transfer to the P.W. Department in a separate communication. Orders in regard to this transfer will have to issue in the Financial Department. It is suggested that Para 2 of the draft order may be modified accordingly. Subject to this modification, the draft is accepted in the P.W.D.
