R.O.C. No. 4,100, dated 13th June 1902.

I have the honour to submit the statements of expenditure
called for in G.O. No. 276, Educational, dated 8th May last.

2. The full extent to which the increased allotments under al-
lowances, supplies and services, contingencies, fixed and results
grants and scholarships have been utilized can be ascertained
only in the last quarter of the year from the registers of the
Accountant General's office and the duplicate copies of grants-in-
-aid bills received in this office.

3. The printed forms referred to in G.O. No. 387 Financial,
dated 2nd May 1902 communicated with G.O. No. 276 Educational,
dated 8th idem were received in my office at Madras only on the

I am not quite certain what kind of examⁿ the Secy. wishes to be given. I have read the statement through out. In one case the spending officer is the Commr. District & in regard to grants in aid (against which there has been up to the end

of last month an expenditure of .34 lac against a grant of 6.06 lacs. The D.P.I. explains that he will distribute salary-grants on receipt of certain applications which have been called for & that the provision for results grants & subsidies to local boards will not be utilised half a year & come. In other cases the D.P.I. appears to be doing what is necessary. In the circumstances, much actual expenditure within the first two months of the year was hardly to be expected.

Item N^o (11). Very little, if any, of this money is likely to be required for assuming that the proposal is sanctioned by the Secy. of State there must be further correspondence before an officer is selected. If the post is created the Director will probably nominate for it an officer already in the Dept. and it will be the place of that officer which will have to be supplied. It would save time if this matter were considered at once and we could then inform the Govt. of India what kind of man we want - whether a mathematician, a science man, a history professor or what. This point was raised in the Notes when the Madras proposal was considered at Simla. Under the new method of recruitment it is proposed to give every officer selected for the Indian Educ^t service some special training before he leaves England so a longer notice of requirements is now necessary.

I would ask the Director to take the matter up at once.

(2) Inspection Rs 82,000. [The amount is obtained in this and all the other heads by subtracting the amount of the estimate for 1901-02 from that of the estimate for 1902-03]

This includes provision for the pay of (1) 3 Asst. Inspectresses and establishment for 8 months — Rs 6,736

This has been sanctioned

(2) Personal allowances to 2 Inspectresses of Girls Schools (bms) Rs 1200

(3) Inspector of European School for 6 mos. Rs 3654

Nos. (2) + (3) have been sanctioned

by this Dept. and the proposition statements have been transferred to the Fin^l Dept. ^{they} ~~it~~ requires the sanction of the S. of S.

(4) 3 Asst. Inspectors + establishment for six months. Rs 5322.

No proposition statement has

A prop. statement for the whole establishment has been received.

yet been received: the Director shd. be reminded.

(5) ⁶² (56) Sub. Asst. Inspectors + establishment for 6 mos. Rs 50,536.

No proposals yet received. The Director contemplated the appointment of only one third of the number this year (page 4 of G.O. 87 2/18.2.02) but he tells me that he may be able to find a larger number of suitable men. He should be asked about this and he should state how he proposes to utilise the balance that will remain. He may as well send a proposition statement for the whole establishment as one for even a third of them will require the Secy. of State's sanction.

Items (3) + (4). Colleges.

The only remark called for under this head is that we have heard nothing yet about the Junior Professor of Law. The S. of S. is to select an officer and we have asked the

He may be sent out this month.
 The pay of this officer for a whole
 year has been provided in the budget
 so there will be short expenditure
 under this head as Mr. Smith ^{who is doing the work} is getting
 only half pay. This may be posted
 out to the Director who may also
 be asked whether the additional
 allotment for stipends at the Teacher
 College is being spent.

Item (5) Government Schools - General
 Rs 30,000

We have had no definite proposals
 for the new schools and these must
 be expedited. I understand that the
 Director has received proposals from
 only one Inspector.

Item (6). Govt. Schools Special - Rs 7,000

The real increase is Rs 18,000 but there
 is a decrease of Rs 12,000 under the
 School of Arts & the net increase
 is Rs 7,000. About Rs 17,000 will be
 spent on increased salaries and stipends

The correct figure is
 Rs 16,000

No proposals or sanction are required
 but the Director may be asked to report
 what is being done.

Item (7) Grants in Aid - Rs 6,06,000

This is distributed as follows:

Salary grants to Colleges Rs 10,600

Boys' Schools 13,000

Girls' Schools 10,000

Stipend grants, Training Schools 1,500

~~Rs 2,600~~
 35,100

Building Grants 1,00,000

Result 2,21,000

Subsidy to Local Boards 2,50,000

The Director tells me that ~~Rs 4,00,000~~
 the amount applied for "Salary Grants" has
 already ~~been applied for~~
 amounts to Rs 40,000.

There are many applications pending
 for Building Grants but some of these
 are of long standing and it is doubtful
 whether the money will now be
 required. If there are any savings
 the Director proposes to spend them
 on the erection of Govt. Girls' school.
 He may be asked to hasten his

 Note. The total of these
 increases is Rs 6,14,000
 but because savings
 are taken into account
 the net increase
 is Rs 2,21,000.

quies so that the savings if any, may be allotted while there is yet time to spend them.

The Results Grants & the subsidy to Local Boards cannot be allotted until January - after inspection is completed.

Item (8) Scholarships. Rs 5000.

The draft not announcing the offer of special scholarships for European & Eurasians has not yet been received. The Director will be reminded.

Item (9) Miscellaneous Rs 25,000.

This is for the Kumbakonam hostel. The P.W.D. are to build it, but there has been great delay in acquiring the site and we have had no plans, estimates yet. This must be hurried up and a reminder may go at once to the Collector of Tanjore.

Item (10) Dr. Muller's Hostel. Rs 14,000.

Dr Muller has been addressed by

Item (11) Medical Schools. Rs 46,400

The real increase is only Rs 26,300 the remaining Rs 20,000 being merely a transfer from the Medical College to the ^{new} Rozapuram School. The Rs 26,300 are for the Vizagapatam Medical School. It is not known what has been done about this school and the Director shd. be asked to ascertain & report.

Item (12) Carpentry Dept. Rs 17,300

Proposition statements have just been sanctioned.

allotment made in addition to the
budget grant for the year and might be
replaced

replaced in clauses (4) + (6) of the

as "enhanced allotment".

16.11.

There is a great deal in a name & I think that both the Ind. Dept. & the Public Dept. should protect against the title of Deputy Director for the ~~asst~~ Director's new Assistant.

2. The title of Deputy in Indian official parlance signifies a much more important ~~position~~ & responsible position than Assistant or Secretary. On the one hand the use of the title will ^{serve in time to found demands} ~~serve in time to found demands~~ for enhanced emoluments; & on the other hand it will foster unconquerable and persistent pretensions to the reversion of the Directorship, an app't not limited to the Ed. Dpt.

3. As to this last point, the Director himself ~~was~~ evidently conscious of what use might be made of the position for in his letter of 1st March last (G.O. No. 121 D. 25 March 1902) he writes "I therefore entirely approve of the suggestion that the 'Dir.' sh^d. be assisted by a member of the Ind. Ed. Service who might be called Secretary, or deputy director or asst director. xxxxxx The app't might be for a limited time so that an officer 'w^d not spend the whole of his service

(slip 3)

"in the head office, w^d not be able to base on that fact that he had been or employed a claim to succeed to the directorship."

Mr. Stuart w^d. prevent such claims, which he foresees, by limiting the tenure, but we all know how futile in practice such rules so frequently are. At any rate it w^d. be an additional security if the ~~title of Deputy~~ designation of the new officer were not Deputy, the highest title which under the actual Head of a department.

4. After all he is only intended to be a "well qualified personal asst" for the ^{current} "frontline" work of the head office. (India's letter of 27 Feb 1901 para 3 in G.O. 709 Sd 4 Dec 1901). It is curious to note his transposition. In his letter of 30 Jan 1902 para 2 A., Mr. Stuart provides for him as a "Secretary to the D.P. I. who sh^d. be an officer of the Ind. Ed. service. His pay w^d. be Rs 500-50-1000." And he is so referred to in our letter to India of 18th Feb 1902. Then in his letter of 1st March Mr. Stuart refers to the app't. in the words

G.O. No 87 218/2/1902
slip 5

ibid p. 16.
slip 4

quoted in para. 3 of this note supra.
Thus finally in the letter of 5th March
to India asking definite sanction
for the app't. the new officer is entitled
Deputy. But ~~as~~ unfortunately
there are no notes on record in the
Ed. Dpt explaining why the designation
was changed. The matter was ap-
parently settled in Council.
