GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 2nd August 1902, Ref. on Cur. No. 3547.

A conference of inspecting officers has hitherto been held in the month of February for the purpose of fixing assignments to schools examined for results grants during the year. But the inspecting officers who attended a conference held in this office in April 1901 having thought it unnecessary that there should be a conference merely for the purpose of distributing the results grants allotments among the schools in proportion to their earnings, I proposed in the draft Grant-in-aid Code for 1902-1903, submitted with this office Ref. on Cur. No. 3012/01, dated 7th September 1901, to dispense with the conference in February and to have one in September for scrutinizing the applications for fixed and results grants and for tabulating them—*vide* rules 73 and 78. The draft Code was approved as modified by Government in G.O., No. 561, Educational, dated 4th October 1901.

2. The work of distributing the results grant allotments devolves mainly on the office of the Assistant Inspector, and it has been represented to me by the Assistant Inspector of schools, Presidency division, that it will not be possible to do this work in an office like that of an Assistant Inspector without the assistance of the Sub-Assistant Inspectors and their clerks meeting in conference. He accordingly suggests that the conference in February may be restored. Two of the three Inspectresses of girls' schools still consider that no conference is necessary, but the majority of the other inspecting officers consulted now think that the conference should be held. The proposal to abolish the conference was made in order that Sub-Assistant Inspectors might not be withdrawn from the important work of school inspection in February.

I am not quite convinced by the arguments of the inspecting officers and think that if the offices of the Assistant Inspectors are slightly strengthened they may be able to do the work without a conference. But as it is of the highest importance, especially this year, that all results grants should be assigned in time to allow of payment being made before the close of the official year, I have the honour to request that early sanction may be accorded for holding the conference for the purpose of fixing these grants in February next, in lieu of that to be held in September, under rule 73 of the Grant-in-aid Code.

3. A notification in the Gazette of the proposed change does not appear to be necessary as it in no way affects the rights of managers of schools. I shall investigate the matter more fully at the time of the proposed conference and will then consider whether a permanent change in the Grant-in-aid Code is necessary.

ORDER—No. 471, Educational, dated 12th August 1902.

The proposal in paragraph 2 of the Director's letter is sanctioned. It is unnecessary to notify the change in the Gazette.

NOTES CONNECTED WITH G.O., No. 471, EDUCATIONAL, DATED
12TH AUGUST 1902.

[SUBJECT.—*Conference of Inspecting officers for fixing result grant allotments.*]

From the Director of Public Instruction, R.C. No. 3547, dated 2nd August 1902.

The Director said that the inspecting officers considered that no conference was necessary; and if it exists only for distribution I can't see any necessity for it. In this letter a new reason is given for its abolition—to not withdraw sub-assistant inspectors. And the reason for resuscitation in this year is to enable payment to be made before the year closes. It seems mixed; but let them confer.
