Subject. Progress report of expenditure from
Special grants for education in 1902-1903.

Item 1. Application has already been made for sanction
to appoint a Deputy Director - vide G.O. no 120-121 Edl d 5th
March 1902 and in G.O. no 465 Edl d 8th August 1902
the Director ^{was} requested to submit proposals for
filling up the appointment. ~~and~~

Item 2. The appointment of three Assistant inspectresses
will probably be notified in the next Gazette. The proposition
statement for the entertainment of three Assistant
inspectors has already gone to the Govt of India - vide
G.O. no 432-33 Edl d 25th July 1902 - and that for 62
new Pub. Assistants will go this week. That for the new
inspector of European Training Schools is still with
the Financial Dept.

Item 3. The indent for the apparatus went to the Secretary
of State in December last - vide G.O. no 771-72 Edl d 4th Decr
1901. It is ~~apparently~~ now under supply.

Item 4. There will be some lapse under this head not only in
the provision for the Law College but also in that for the
Engineering College. The reorganization of 1899 provided
for a Professor of Civil Engineering - vide G.O. no 383 Edl
d 23rd June 1899. This Professor was to have been

Item 5. The Director does not say what progress has been made in the establishment of new model primary schools. His attention ^{has however} ~~may~~ been called to the matter in P.O. no 46502.
dt 8th August 1902.

Item 7. A portion of the additional allotment under this head ~~is to be~~ has to be transferred to adjusting heads as it is intended as a subsidy to Local Boards. The provision under Local will have to be correspondingly increased. The Director may be asked to submit re-appropriation statements in consultation with the AG. ^(from the provision for building grants will probably have a sum of Rs 50000 to be Budgeting to the Fin. Deptt.) ~~to be~~ transferred to the ~~Board~~ ^{from the provision for building grants}. The Director has been asked to submit proposals about this.

Item 9. The Coll: of Danjore has reported that ~~he~~ he has submitted the draft notification for the acquisition of the site for the Kumbalkham hotel. This letter has gone to the P.W.D. for investigation as the notification has not yet reached Govt. That department ^{some} maybe asked to put pressure on the Superintending Engineer so that the work may be commenced at once. The hotel committee

may in the meantime be asked to apply for the grant.
The scheme for the management of the hostel was approved
in G.O. no 304 Vol. II 30th May 1899.

Item 11. As it is not likely that the new medical school at Rayapuram will be opened for some time to come a portion of the provision under this head will have to be transferred to the head ^(there is perhaps no hurry about this) Medical College. The estimate for adapting the old bullet factory at Rayapuram for the school seems to be with the P.W.D. and that department has already been asked to hurry up the C.A.

Items 12, 13 & 14. Mr. Chatterton has, as usual, no idea of adhering to the budget. ~~The provision under items 12 & 13 will~~ At the present rate of expenditure the provision under items 12 & 13 will be found insufficient at the close of the year & there will be a large surplus under item 14. The Director may be asked to call his attention to this matter.

Item 4. The sum of Rs 4000 appearing in the statement is the increase in the current over the previous year's budget ~~at the~~ grant under Govt Colleges - Professional.

It does not relate to any particular item. Of this figure ^{however} Rs 1500 belong to the College of Engineering under which there is provision for the new Professor.

Item 5. The proposal was sanctioned in G.O. No 578 dated 30-7-02. These schools however cost only Rs 480 per annum.

2. As regards this ~~query~~ note about item 4 it is submitted that Col. Love was performing the duties of the Professor of Mechanical Engineering between the date of Mr. Chatterton's relief and of his successor's arrival. He acted as Professor of Mechanical Engineering and the chief instructor in the office of the Professor of Civil Engineering. He is now ~~in the office of the Professor of Civil Engineering~~ ^{now looks after} the duties of the Professor of Civil Engineering. vide page 2 of G.O. No 322-329 dated 29th May 1902.

3. In regard to this query against item 5 it is submitted that the Director did not deprecate a school for each Taluk, but the Govt did - vide para: 3 of letter No 8850 dated 18th February 1902. No reply has however been received from the Govt of India and no definite orders have issued, but there is provision in the current year's budget for only about 40 of the 109 schools originally proposed.

4. As to the query against ^{item} 9, this is a special grant which can be drawn ~~from~~ even before the work is completed. The Collector is the ^{of the general,} Chairman, & the sub-collector the ^(the P.W. is executing the work.) Chairman of the Executive Committee of the hostel. In the same way the grant for the Victoria hostel is being drawn before the completion of the work.

assistants have been forwarded to the Government of India. A proposition statement for the appointment of an inspector of European and training schools will be transmitted shortly.

(3) Government Colleges - Professional.

In addition to the saving under Law College pointed out by the Director there will be short expenditure under College of Engineering also owing to the non-appointment of the new professor of Civil Engineering. It will be considered in the P. W. D. whether an officer can be spared for this post.

(4) Government schools- General

The Director will be reminded that proposals have not yet been submitted for the establishment of any of the model primary schools for which provision has been made; and that up to this date arrangements for taking over only one girls school have been completed.

(5) Government Schools-Special

The report called for from the Director in G.O.No..465 Edl. dated the 8th instant will be awaited.

(6) Grants-in-aid. The

Director should submit without further delay proposals for surrendering Rs. 50,000 of the provision under Building Grants for transfer to the P. W. department.

(7) Scholarships. A notification

regarding European scholarships was published in the Fort Saint George Gazette of the 19th instant.

(8) Miscellaneous. The

Collector of Tanjore recently reported that he had submitted through the Superintending Engineer a draft notification for the acquisition of a site for the Kumbakonam hostel. Orders will issue in the Public Works Department directing the early submission of this notification and the prompt execution of the work. Meanwhile the hostel committee will be requested to submit an application for the grant.

(9) Establishment of medical schools.

Orders will also issue in the Public Works Department for the early execution of the alterations and buildings required for the medical school at Rayapuram.

(10) Carpentry, metal work &c.,

and weaving departments of the School of Arts.

At the present rate of expenditure the provision for the first two of these departments will be found insufficient at the close of the year and there will ^{be} a large surplus in that for the third. The Director should call Mr. Chatterton's attention to the fact and personally enquire further into the matter. The budget grants under the first and second heads should not be exceeded.

(11) Victoria hostel. The

Director's remarks will receive attention in the Public Works Depart-

repartment; he will however report
whether the hostel committee has actually
drawn the grant and placed it at the
disposal of the Consulting Architect.
