To

The Secretary to Government, (Educational)
Local and Municipal Department.
MADRAS.

Sir,

I have the honour to submit herewith a draft notification (with a sketch) under section 6 of Act I of 1894 for the acquisition of 7.87 acres of dry land in Mukasa Muppakoil village in Kumbakonam Taluk required for the construction of the Kumbakonam College students Hostel buildings, and to request that the Government may be pleased to approve of the same, and order its publication in the Fort Saint George Gazette.

2. In its order No. 97, Educational, dated 18th February 1897, the Government requested the Collector of Tanjore to take steps for the acquisition of the site for the construction of the Hostel buildings. As it was not clear whether the site selected was to the East or West of the College grounds, a reference was made in August 1899 by Mr. Twigg, then acting Collector, to the Principal of the College, who in reply stated that it was a bit of Mokasa land adjoining the College cricket field, i.e., on the side of the College furthest from the bridge, i.e., to the East.

3. At a meeting of the General Committee for the hostel held on 14th August 1899 (para 2 of 2nd schedule of the Government notification printed in G.O. No. 504, Educational, dated 30th May 1899), it was considered that the site to the west of the College buildings was the more suitable of the two and the Chairman of the Executive ~~Ch~~ Committee (the Revenue Divisional Officer, Kumbakonam) was accordingly requested by the Collector to convene a meeting of that committee for considering the question of (1) the suitability of the site, (2) preparing revised plans and estimates providing the additional accommodation required by Government in its order No. 97 Educational, dated 18th February 1897, and (3) the agency to be employed in the construction.

4. A meeting of the Executive Committee was accordingly convened on 12th December 1899, and a copy of the Resolutions passed at that meeting is enclosed together with a copy of the Kumbakonam Revenue Divisional Officer's letter to the Collector on the same.

639 W. D/10-12-00
102 E/07

5. The Executive Engineer having stated that the sanction of Government was necessary before his Department could undertake the construction of the buildings, the Superintending Engineer, V Circle, Madras, was requested by the Revenue Divisional Officer, Kumbakonam, to obtain it, and the Superintending Engineer has addressed the Chief Engineer, P.W.D., accordingly.

6. At a subsequent meeting of the Executive Committee held on 1st May 1902, it was resolved that the whole extent of 7.87 acres to the west of the College buildings should be acquired instead of the extent originally sanctioned ~~extent~~ in G.O. No. 97 Educational, dated 18th February 1897, which is only 3 acres 82 cents and is damp and low. It is for the acquisition of the above extent, viz, 7.87 acres, that draft notification is now submitted. The Receiver of the Tanjore Palace Estate, to which the land belongs states that there is no objection to the site being acquired, under the Act.

G.O 753 W
15.3.07

7. In resolution 2, passed at the meeting of the Executive Committee held on 12th December 1899, provision has been made for accommodation in the Hostel for all classes of students.

I have the honour to be,
Sir,
Your most obedient servant,

For Ag. Collector.

Proceedings of the Executive Committee of the Kumbakonam Students' Hostel Association dated the 12th day of December 1899.

Present:- E. Scott Esquire. Chairman.
M.R.Ry. N. Krishnasawmi Aiyangar Avargal) Members.
M.R.Ry. K. Renganadha Row Avl.)

Minutes of the Committee.

Read Letter No. R.C. 2795/G.R. of 99 dated the 6th September 1899 from the Collector of Tanjore.

---

(1). The Committee considers the site to the west of the College preferable to that on the east of the College, the site on the east being on a low level and damp.

(2). The Committee considers that a dining and cooking house sufficient for 25 students should be prepared in accordance with the plan of the dining and cooking house for Brahmin students. The President of the District Board will be asked to be good enough to have a plan and estimate prepared by the Local Fund Engineer.

(3). The Committee is strongly of opinion that the work should be carried out by the Department of Public Works; and the Executive Engineer will be asked if the execution of the work can be undertaken by him.

(4). The Committee with reference to the Principal's letter No. 386 dated 20th October 1899 is of opinion that the accommodation provided in the hostel is excessive and considers that the plan and estimate should be revised, one room on each side of the main entrance, both on the ground floor and the upper floor, being struck out. The building will then provide accommodation for 72 students which will, the Committee is satisfied, be ample.

From

E. Scott Esquire,
Sub. Collector of
Tanjore.

To

The Collector of
Tanjore.

Sir,

Referring to your reference on current No. 2795/G.R. of 1899, dated the 6th September 1899, I have the honour to inform you that the question of selecting the site required for the construction of the Kumbakonam Students' hostel, and the agency &c., by which the work can be carried out, was considered at a meeting of the Executive Committee on the 12th Instant. I enclose a copy of the resolution passed by the Committee.

2. With respect to the provision for additional accommodation, referred to in G.O. No. 97, Educational, dated the 18th February 1897, the Committee propose to construct a dining and cooking house sufficient for 25 non-brahmin students in accordance with the plan of the dining and cooking house for brahmins; and the Executive Engineer will be asked to have the necessary estimate and plan prepared. It was proposed by the Committee to ask the District Board Engineer to prepare it; but as the construction of the building is to be carried out by the Department of Public Works, I have thought it better that the plans and estimates should be prepared by that department.

3. As regards the agency for executing the work, the Committee consider it desirable to entrust the work to the Department of Public Works; and I am asking the Executive --

Engineer, Tanjore, if his Department will undertake the construction of the hostel.

4. In this connection, the present Principal of the College brought to ~~the~~ notice that the number of students likely to make use of the hostel was never likely to exceed 50. The number for which accommodation is provided in the original plan and estimate is 88; and seeing that the difference between this and the number expected in the future, is very great, the desirability of curtailing the accommodation was also considered by the Committee. The Committee has accordingly resolved to alter the plan and estimate for the main building, by taking away one room on each side of the main entrance both on the ground floor and upper floor, thus reducing the accommodation to 72 boarders, which will certainly be ample. The Executive Engineer has been asked to make the necessary changes in the plan and estimate.

5. The plans and estimates have all been forwarded to the Executive Engineer.

I have &c.,
Sd/:- E. Scott,
Sub. Collector.

Educational DEPARTMENT.

C. No. 1267, From the P.W.D., No. 4183 C., Dated 25th August 1902.

Subject. Acquisition of a site for the Kumbakonam hostel.

Slip R.

Under G.O. No 881 Revenue d/ 29th August 1900 the notification for the acquisition of the site has to be issued by the department which budgets for and carries out the work. The agency by which the construction of the Kumbakonam hostel should be undertaken has not however been yet settled, but the Superintending Engineer of the V Circle has addressed the Chief Engineer on the subject. It may take some little time for the question to be decided but it seems inadvisable to wait till that decision has been arrived at. The notification may therefore be published at once by the Educational Depart ~~with the concurrence of the P.W.D. &~~ the draft placed below may ~~therefore~~ issue.
