Letter from the Executive Engineer, Coimbatore Division, No.182 S.E.dated 12th March 1902:-

In continuation of this office No.147 S.E.dated 1-3-02 I honour to inform you that as the Boer camp still gave Mr. Adam more work than he could do I had to send up Engineer subordinate student G.V.Kuppuswamy Iyer to his assistance. This of course involved the student in the purchase of warm clothes and other outfit which was the harder on him as his course is almost at an end, but it was the best arrangement I could make, having no one else to spare at a moment's notice. The student now asks for a hill allowance and it seems fair, under the above circumstances that he should get one, I venture to recommend that Government may be addressed on the subject. It might be well at the same time to make a general rule on the point to meet similar cases as it may not infrequently be desirable to send students to work in progress at Ootacamund, Coonoor Kodaikanal, Yercaud the Anamalais &c.

2. Mr. Adam also recommends a temporary increment to his clerk and his two peons on the ground that living at Kaity where there is no sort of accommodation and no bazaar within 5 miles they have been put to considerable hardship. I beg to support this recommendation, and to suggest that the clerk's pay may be raised from Rs.30 to Rs.35 and the peon's pay from Rs.8 to Rs.10 for the period of their work at Kaity.
