SEPTEMBER.

Public Service Notification.

Directing the publication of a notification in the *Fort St. George Gazette* adding certain words to article 4 (4) of the -- regarding the qualification required for the post of tracer.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

From F. J. WILSON, Esq., Officiating Superintending Engineer, VI Circle, to the Examiner of Public Works Accounts, dated 3rd June 1902, No. 786-M.D.

I have the honour to inform you that it would appear to have been customary in this circle to hold that "a tracer" is a clerk and not a draftsman with the somewhat absurd result that a man who is a qualified draftsman may without question draw

* *Vide* concession 3, page 26, in Proceedings of Madras Government, No. 317, Educational, dated 9th May 1894.

Rs. 30 per mensem as a draftsman,* but that if circumstances should arise under which it is desired to employ the same individual in the subordinate draftsman's

work as a *tracer* on Rs. 15 per mensem it becomes necessary to ask Government to exempt him from passing the Handwriting and Matriculation tests.

2. As a matter of fact a tracer is only a subordinate draftsman being only required to trace or copy plans, the draftsman proper being required to draw *original* plans and make estimates.

3. In these circumstances I have the honour to request you will inform me whether you will pass the appointment of tracers who are qualified draftsmen in future or whether you consider a reference to Government necessary. The case seems to me so obvious a misconception of the intention of the rules published in Proceedings of Madras Government, No. 317, Educational, dated 9th May 1894, that I thus address you, but in case you think otherwise I should be obliged if you would take the orders of Government on the point. There have been several cases involving this point lately.

From C. R. T. BALSTON, Esq., Examiner of Public Works Accounts, Madras and Coorg, to the Superintending Engineer, VI Circle, dated 8th July 1902, No. 861-A/E.

In reply to your letter No. 786-M.D., dated 3rd June 1902, I have the honour to suggest that you refer the point again for the orders of Government with reference to G.O., No. 44, Educational, dated 21st January 1897 (G.O., No. 356 W., dated 5th February 1897) and G.O., No. 130, Educational, dated 5th March 1896 (G.O., No. 929 W., dated 14th March 1896).

No. 1015-M.D.

Copies forwarded to the Chief Engineer, Public Works department, for orders. The Government orders quoted are stated not to have been received in the Superintending Engineer's office.

AMBASAMUDRAM,
17th July 1902.

F. J. WILSON,
Offg. Superintending Engineer, VI Circle.

No. 3991-C.

Transferred to the Educational department.

The rule in G.O., No. 44, Educational, dated 21st January 1897, should not apparently be enforced in cases where a qualified draftsman is appointed as a tracer.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 536, EDUCATIONAL, DATED
3RD SEPTEMBER 1902.

[SUBJECT.—*Qualifications for the post of tracer.*]

From the Public Works Department, No. 3991-C., dated 8th August 1902.

If a tracer is only a subordinate draftsman as seems to be the case, candidates qualified for the post of draftsman must be considered qualified for the post of tracer. If this is agreed to, draftsmen may be declared eligible to hold the post of tracer.

T. KANAKASUNDARAM PILLAI—16-8-02.

P. T. THARYAN—18-8-02.

They should of course be considered eligible.

A. T. PRINGLE—18-8-02.

I agree, but it is evident that difficulties would arise if the draftsman's certificate were laid down as the qualification for a tracer. See papers in G.O., No. 130, Educational, dated 5th March 1896. The best plan will be to order that a tracer must either possess a draftsman's certificate or the qualifications required for a clerical post on Rs. 15 and upwards. Will Public Works department kindly say whether they will accept this?

H. A. STUART—19-8-02.

To the Public Works department.

PUBLIC WORKS DEPARTMENT.

There is no objection to the proposal in this department.

S. B. MURRAY—29-8-02.

A. H. GARRETT—29-8-02.

EDUCATIONAL DEPARTMENT.

The draft placed below may issue with the concurrence of the Public Works department. The correspondence has arisen in connection with the appointment of tracers in the conservancy establishment which comes under article 4 (3) of the public service notification, but an addition is now proposed to article 4 (4) which refers to all departments. This seems to be the better course to follow.

P. T. THARYAN—29-8-02.
