Industrial Art Exhibition at Delhi.

Sanctioning an additional allotment of Rs. 15,000 for manufacturing exhibits for the —.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, to the Secretary to Government, Educational Department, dated 23rd August 1902, R. C. No. 6164.

I have the honour to submit a letter from the Chairman, Delhi Darbar Exhibition Committee, Madras, and to request that the limit of expenditure on the articles to be made at the Madras School of Arts may be raised from Rs. 10,000 to Rs. 25,000; that the Chairman's proposal to purchase a few articles outside the school may be sanctioned; and that Mr. Chatterton may be authorized to go to the exhibition with a party of workmen in order to unpack and fit up the exhibits.

ENCLOSURES.

From the Hon'ble Mr. J. N. ATKINSON, I.C.S., Chairman of the Delhi Darbar Exhibition Committee, Madras, to the Director of Public Instruction, dated 14th August 1902.

Referring to G.O., No. 373, Educational, dated 27th June 1902, I have the honour to enclose a list of the exhibits now being prepared at the School of Arts for the Delhi Arts Exhibition, and to state that if more labour becomes available, considerable additions can be made to it. Mr. H. C. Irwin, C.I.E., is preparing plans for the decoration of the room 20 feet square which has been placed at the disposal of the Madras School of Arts by the Director of the Exhibition and which will be furnished with certain of the articles included in the list attached.

2. At the present moment it is impossible to say what the actual total expenditure will be; but, if the Madras School of Arts is to be worthily represented, probably it will not fall short of Rs. 25,000, the whole of which, except that expended on the decoration of the room, will eventually be recovered by the sale of the articles either at Delhi or elsewhere. Whatever articles are sent will be of first-class workmanship and the committee anticipate with some confidence that the whole of them will be sold at Delhi. I have the honour to request that, under the circumstances, the limit of expenditure prescribed under paragraph 3 of the Government Order quoted above may be raised from Rs. 10,000 to Rs. 25,000.

3. I have also the honour to request that the committee may be authorized to purchase a few articles, principally draperies, outside the School of Arts, where they are not manufactured, since without the lightening effect of such accessories, a room furnished only in rosewood and copper will be inartistic and unattractive.

4. It will be necessary to send a number of men from Madras to unpack the exhibits, fit them together and arrange them in the room. It will also be necessary to send carpenters to fit up the room, and in this connection I quote a passage from a letter of the Director of the Exhibition to Mr. Chatterton. He says: "With regard to the latest date at which exhibits may arrive, the railway concession expires on the 30th November. Everything must come before then." I believe it will be very necessary that you should send your own men to fit up the room, and if it could be arranged I should like to see you come with them. I will give your carpenters house accommodation within the exhibition grounds." The committee agree with Dr. Watt in thinking that it is very desirable that Mr. Chatterton should go to Delhi to look after the interests of the School of Arts at the exhibition, and I submit the suggestion for the favourable consideration of Government.

PRELIMINARY LIST OF EXHIBITS OF THE MADRAS SCHOOL OF ARTS AT THE DELHI DARBAR EXHIBITION.

Carved Wood Work.				RS.

Painting Department.				
A selection of about six pictures done by the school staff—				
Value of copper panels not included in above				700
Total				6,910
Value of stores approximately				1,050
Total				7,960

ORDER—No. 540, Educational, dated 4th September 1902.

The limit of expenditure fixed in G.O., No. 373, Educational, dated 27th June 1902, will be raised to Rs. 25,000. Orders will issue in the Financial department for placing at the disposal of the committee the additional sum of Rs. 15,000 by transfer from the grant for the manufacture of aluminium ware under 26-P. SCIENTIFIC, ETC.,

DEPARTMENTS—MISCELLANEOUS.

2. The proposals of the committee to purchase certain articles outside the School of Arts, and to depute Mr. Chatterton to Delhi with a party of workmen, are also approved : Mr. Chatterton should however return as soon as the room is fitted up and Mr. Thurston will then take his place at the exhibition.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 540, EDUCATIONAL, DATED 4TH SEPTEMBER 1902.

[SUBJECT.—*Additional allotment for the Delhi Darbar Exhibits.*]

From the Director of Public Instruction, No. 6164, dated 23rd August 1902.

The sub-committee appointed under G.O., No. 373, Educational, dated 27th June 1902, now request that the original allotment of Rs. 10,000 for the exhibits may be raised to Rs. 25,000. The latter was Mr. Chatterton's figure—*vide* his demi-official on page 1 of the notes connected with the Government order just quoted.

2. The work now in hand is only of the estimated value of Rs. 7,960. Travelling allowance and the cost of fitting up the room allotted to Madras will probably absorb the balance of the grant. The committee do not say what further exhibits they would prepare, but if a further allotment is sanctioned it may be drawn from the aluminium budget. It is not likely that Mr. Chatterton will be able to spend the two and a half lakhs which was given him for aluminium manufacture. There is, however, very little time at the committee's disposal for undertaking further work.

3. The despatch of workmen from Madras to unpack the exhibits and fit them up will be necessary. Mr. Chatterton's presence also seems essential.

4. The sanction applied for in paragraph 3 of the committee's letter may be granted.

P. T. THARYAN—26-8-02.

We had better telegraph to the Director of Public Instruction to ask how he proposes to find the additional sum of '15. The Financial department won't be able to grant it.

A. T. PRINGLE—27-8-02.

H. A. STUART—27-8-02.

The telegram placed below may be despatched.

P. T. THARYAN—27-8-02.

A. T. PRINGLE—27-8-02.

Telegram from the Secretary to Government, Educational department, to the Director of Public Instruction, dated 27th August 1902.

Your letter No. 6164, 23rd instant. How do you propose meeting additional fifteen thousand rupees required.

*Telegram from the Director of Public Instruction, to the Secretary to Government,
Educational Department, dated Madras, 17th September 1902.*

My letter No. 6164, 23rd instant. Additional fifteen thousand rupees can be transferred from provision for aluminium.

The Director reports that the additional Rs. 15,000 required for the Delhi exhibits can be transferred from the provision for aluminium.

P. T. THARYAN—29-8-02.

I supposed so.

A. T. PRINGLE—29-8-02.

This department may recommend the additional grant. The chairman of the committee does not give much information about the purposes for which the money is required, but I think the committee may be trusted to make a good use of it.

2. Authority may be given to purchase articles and to send workmen to Delhi. But I do not think that Mr. Chatterton should be allowed to go as the School of Arts cannot be left without its Principal for so long a time. A good native subordinate can supervise the fitting up of the room and Mr. Thurston himself, a member of the committee, will, I understand, be present at the Darbar. He can put the finishing touches.

H. A. STUART—29-8-02.

We must give the money from the aluminium grant. I can hardly understand what they expect to do with it and they don't seem themselves to know very well. But expenditure may as well take this and not the aluminium form.

2. Chatterton had better be allowed to go and fit up his room. He can then return and Thurston take his place. Please ask Thurston when he means to be at Delhi.

To the Financial department.

FINANCIAL DEPARTMENT.

This department need not, it is submitted, object; but we may draw attention to the Financial department notes in G.O., No. 373, Educational, dated 27th June 1902, and ask Educational for more precise information as regards the total amount that is apparently locked up in the aluminium grant. As previously observed it is, it is submitted, altogether contrary to budget principles for a head of a department to dole out savings to Government. If the aluminium grant is too large—it certainly seems to be very elastic—it is the duty of the head of the department to surrender probable savings at once.

C. M. SCHMIDT—2-9-02.

Yes, certainly.

G. S. FORBES—2-9-02.

To the Educational department.

EDUCATIONAL DEPARTMENT.

The draft placed below may issue with the concurrence of the Financial department.

P. T. THARYAN—3-9-02.

The draft may issue as altered.

2. The Financial department have expressed concurrence so far as the proposals are concerned.

3. As regards further surrenders from the aluminium grant (on which point I venture to agree with what is said in the Financial department), we had better deal with the matter separately after issue of the draft.

A. T. PRINGLE—4-9-02.
