Ref. No. 5233/02

Dated 29<sup>th</sup> August 1902.

Enclosures

Received 29 8 1902.

Registered 29 8 1902.

SUBJECT.

Requesting that, in the circumstances stated, permission be given to provide in the budget estimate for 1903-04 under permanent establishment for a Maistry on Rs 154 an assistant Maistry on Rs 9 and an allowance of Rs 25 p.m. for supervision in connection with the gas works at the Presidency College.

FURTHER PAPERS.

To

The Secretary to Government,

Educational Department.

Sir,

The temporary establishment maintained in connection with the gas works at the Presidency College, the continuance of which upto the 31st March 1903 has been sanctioned in G.O. No. 388 Mis. Educational, dated 7th July 1902 is, at present, paid from the provision for laboratory charges. As however, it is now certain that the expenditure on this account will be an annually recurring charge, it is desirable that permanent provision should be made for it. The manufacture of gas will have to be carried on continuously throughout the year, for the vacations of the College of Engineering do not coincide exactly with those of the Presidency College and further the Revenue Board office, which will soon be supplied with gas will require it all through the College vacations and on Saturdays and other holidays. The continuous maintenance of the gas works establishment will therefore be necessary. In these circumstances and to avoid application being made to Government every year for sanction for its continuance, I have the honour to request that you will be so good as to obtain the permission of Government to provide in the budget estimates for 1903-04 for a maistry on Rs 15 and an assistant maistry on Rs 9 under permanent establishment.

2. The Principal of the College reports that M.R.Ry. P. Rajagopala Aiyar, the present acting Professor of Physics has been and continues to be in charge of the gas works,

that

3  
that a very small proportion of the gas made for the College is consumed in the physical laboratory, that the College as a whole will hereafter consume less than 20 per cent of the gas to be manufactured and that therefore the superintendence of gas making can scarcely be said to be within his ordinary duties. He accordingly recommends that M.R.Ry. Rajagopala Aiyar may be allowed a monthly allowance of Rs 25 for his extra work. I consider the proposal and the allowance recommended reasonable and accordingly request the permission of Government to provide for this charge also in the budget estimate for 1903-04.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

C. No. 1282.

SUBJECT.

Establishment for the Gas works at the  
Presidency College.

The proposal to make the appointments  
of maistry and assistant maistry ~~may~~  
permanent may be approved.

2 The proposal to give a monthly  
allowance of Rs 25 to M. R. Py. P.  
Rajagopala Aiyar for supervising gas  
making may be refused. The work  
can hardly be said to be outside his  
ordinary duties. Messrs Mansfield & sons wanted  
only Rs 40 per mensem for the supply of gas, but with  
the Rs 25 now proposed establishment charges  
alone will come to Rs 49 per mensem under  
departmental working. It is submitted that  
the Director should have the interests of Govt.  
at heart and not of his subordinates alone.

Py  
4/9/12

I agree. A draft may  
be prepared on these lines  
for the Honble's approval.
