EDUCATIONAL DEPARTMENT.

Read—again the following paper:—

G.O., R. No. 559, Educational, dated 21st August 1902.

Read—the following paper:—

From F. W. ASHPITEL, Esq., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works department, dated Chepauk, 12th August 1902, No. 1638.

From the enclosed copies of correspondence you will find that there will be considerable delay in fixing the site of the proposed hostel in connection with the Medical school at Rayapuram for which Rs. 50,000 has been allotted in the current year's budget. To avoid a lapse of grant you were pleased to permit the collection of materials in anticipation of sanction to the estimates (*vide* your memorandum, No. 3634-C, dated 15th July 1902).

I have therefore the honour to request that early steps may be taken to select the site.

ENCLOSURES.

From the Consulting Architect to Government, Madras, to the Surgeon, First District, Madras, dated 5th August 1902, No. 1568.

I have the honour to forward herewith survey of the vacant ground west of the Leper hospital Matron's quarters in which the proposed hostel for Medical school, Rayapuram, is to be built, and shall be glad if you will show to my Sub-divisional officer the exact site where the hostel and its out-houses are to be located. I shall then address the Collector of Madras to hand over to me the required extent of land.

From the Surgeon, First District, Madras, to the Consulting Architect to Government, dated 8th August 1902, No. 280.

With reference to your General No. 1568, dated 5th August 1902, I have the honour to state that a site cannot be fixed for the hostel until Government decide as to the site of the new hospital which they contemplate building near the present Native Infirmary.

No. 1113-D, dated 18th August 1902.

Transferred to the Public department with the request that early steps may be taken to select the site for the proposed hostel.

Order—R. No. 559, Educational, dated 21st August 1902.

The following telegram will be despatched to the Director of Public Instruction:—

[The] Proposed new buildings [for the] Rayapuram Medical school include [a] hostel. Please inspect [the] place and select [a] suitable site, it necessary, [in] consultation [with the] Surgeon, First District.

Read—also the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, to the Secretary to Government, Educational department, dated Madras, 25th August 1902, Ref. on C. No. 6299.

With reference to your telegram of the 21st instant, I have the honour to report that I inspected the old Bullet factory and the land in its neighbourhood yesterday. The most suitable sites for the proposed hostel are, in my opinion, those marked A and B on the enclosed tracing. If site A be adopted, it will probably be necessary to take in a small portion of the land belonging to the Monegar choultry. I understand from the Surgeon, First District, that the trustees of the Monegar choultry have offered to make over to Government the whole of their land and the buildings thereon, if Government will construct the new hospital there. If this offer be accepted, there will be no difficulty, but in any case the trustees will probably not object to transferring the small quantity of land that may be required in order to give the hostel suitable surroundings.

2. At B is an old powder magazine which I am told is not now used for any purpose. If the hostel is built here, this magazine would have to be destroyed. B is perhaps a better position as there is plenty of open ground behind which can be used for purposes of recreation.

On the other side of Old Jail street extending from the Bullet factory westward beyond B is a building formerly used as native infantry lines, but now set apart to be used as a plague hospital. The Surgeon, First District, considers that the vicinity of this plague hospital is no objection to the sites selected.

3. The whole of the land shown in the plan to the west of the Monegar choultry boundary belongs, I believe, to Government, though I am told that a portion of it bordering on the Tiruvottiur high road has been promised to the Madras Railway for the purpose of building quarters for their employes.

I am unable to say exactly how much land will be required for the hostel, as the Government Architect is away and I have therefore not been able to obtain the plans from him.

ORDER—No. 551, Educational, dated 10th September 1902.

The site marked *B* which has been selected by the Director is approved.

NOTES CONNECTED WITH G.O., No. 551, EDUCATIONAL, DATED
10TH SEPTEMBER 1902.

[SUBJECT.—*Medical School, Rayapuram.*]

From the Public Works Department, No. 1113-D., dated 18th August 1902.

The letter of the Surgeon, First district, to the Consulting Architect on page 5 of the file is not very clear. So far as the office is aware there is to be only one * hostel for the Rayapuram medical school, and it is a site for this which the Consulting Architect desires to be fixed. Perhaps the Director may be asked by telegraph to personally inspect the place and fix a site, if necessary, after consulting the Surgeon of the First district.

[G.O., R. No. 559, Educational, dated 21st August 1902.]

From the Director of Public Instruction, No. 6299, dated 25th August 1902.

The site marked *B* appears to be better than *A*; the Public Works department will be able to say whether the powder magazine can be destroyed. Moreover if *A* is selected, a reference will be necessary to the Directors of the Monegar Choultry and such a reference means delay. There is no chance of Government or the municipality constructing a new hospital for Black Town—*vide* G.O., No. 597-A M., dated 16th May 1902.

A. T. PRINGLE—28-8-02.

Site *B* may be approved.

H. A. STUART—28-8-02.

Agreed. Perhaps it will be as well to consult the Railway people as they seem to have some idea of using land in this quarter.
