To

The Secretary to Government,

Educational Department.

Sir,

A building for the Government Training school, Madura, is one of the works included in Class B works of the Public Works Budget for the current year. As a suitable building site in a convenient and central locality is not available, the Inspector of schools, Southern Circle, recommends that the building and the compound shown in the accompanying tracing be purchased and that the former be adapted and rendered suitable for the Training school. The building is the property of the Zemindar of Thattappanaickanur and the compound belongs to one Ramaswami Chetti, but they are both enclosed within the same compound walls as they originally belonged to one person. The owners of both are willing to sell them and the Inspector thinks that they may be acquired for about Rs. 8750. I have the honour therefore to request that Government will be pleased to instruct the Collector of Madura to acquire at a very early date the two properties named above under the Land Acquisition Act.

2. The Executive Engineer of Madura whom I asked to report on the suitability of the building for a training school states that extensive alterations will have to be made to make it suitable for the purpose in view. In these circumstances I would have preferred to have an entirely new building constructed for the training school, but the Inspector reports that there are no suitable building sites in Madura. I request therefore that the Public Works Department may be instructed to prepare an estimate for the necessary alterations.

3. In my letter Ref. on C.No 5377/02, dated 4th September 1902

I have addressed Government regarding the transfer out of the provision for building grants under 22 - Education of a sum of Rs. 40000 to the Public Works Department for utilization on Government Educational buildings. I have also in my letters

Ref. on C.No 5377/02 and Ref. on C.No 5362/02, dated 1st July 1902 and 1st September 1902 respectively suggested the issue of orders for incurring an expenditure during the current year of Rs. 10000 on each of the buildings intended for the Training schools at Villupuram and Chicacole. I now request that the building for the Training school, Madura be transferred to Class A works and that a sum of Rs. 10000 inclusive of the cost of acquiring the existing building and the compound be spent upon it during the current year.

4. The Training school, Madura, is at present located in the buildings of the Board Technical Institute and the President of the District Board wrote to me in November last stating that in consequence of the steady development of the Industrial section more accommodation was urgently needed for it and requesting that arrangements might be made for removing the Government Training school to some other building. The Inspector reported that a suitable building could not be secured in Madura for rent, and I have acquainted the President with this fact and informed him that very early arrangements will be made to provide the Training school with a habitation of its own. I therefore request that the Public Works Department may be instructed to complete the alterations within the year so that the school may be removed to its new buildings by 1st April next.

I have the honour to be,

Sir,

Your most obedient servant,

J. R. Scott

SUBJECT.

Purchase of a building for the Govt.
Training School, Madura.

The draft placed below may issue
with the concurrence of the P.W.D.

7A
13-9-02.
With regard to para 3 of the Director's letter it may be
observed that the Director in surrendering Rs 40000
specified certain entirely different works on which
the amount might be spent. It might be enough if
the sum is placed at the unfettered disposal of the P.W.D.
so that they may be able to spend the whole of it on
such educational works as can be easily pushed
through.
