Sir,

With reference to G.Os.No 1537 L,dated 3rd August 1900 and No 1313 L,dated 12th Aug. 1901 I have the honour to request that you will be so good as to obtain the sanction of Government for the 14 girls' schools named in the enclosed proposition statement being taken over under departmental management as salary results girls' schools with financial effect from 1st April last in the case of all the schools except the one at Perambalur for which, as it is now under private management, the charges proposed will have to be incurred from the date on which it is actually taken over by Government.

2. The schools at Puthur, Nidamangalam, Nannilam, Pattukota, Atur and Perambalur are located in Local Fund or Government buildings and in cases in which the buildings belong to Local Boards I expect the Boards to make them over to Government with the schools. Similarly, it is expected that in all cases the Boards will transfer to Government also the articles of furniture, apparatus and appliances belonging to the schools. The Inspectresses have been instructed to ascertain and report the views of the Boards concerned on these points and the Inspectress of the Northern Circle, the only officer from whom the report called for has been received up to date, states that the Gooty and the Guntur Taluk Boards have consented to transfer with the schools at Uravakonda and Duggirola respectively the articles of furniture in use in them.

3. Miss Arnold, the Inspectress acting in the Southern Circle, considers that some of the Local Fund schools proposed to be transferred to Government are not in a satisfactory condition

3
and that their stability is doubtful. I am, however, sanguine that they will become more popular and efficient as Government schools. I propose to take over the existing staff on probation for a period of five years.

4. The expenditure proposed will be met from the lump provision of Rs.8200 entered for new Girls' Schools under "Government Schools, General" in the current year's budget.

5. In cases where the schools are held in rented buildings the rent for them will be sanctioned by me up to the limit of Rs.10 from the provision for contingencies from which also the charges on account of sweepers, scavengers and conductresses and library books and prizes will be met.

6. I have, in my letter Ref. on C.No 1060/02, dated 3rd July 1902, addressed Government regarding the transfer of the Board Girls' School, Udamalpet in the Coimbatore District.

7. If these proposals are sanctioned, the amount spent on the schools since 1st April by the Boards concerned will have to be repaid to them by this Department. I think the Boards may fairly be called upon to spend the money thus accruing to them in increasing their allotment for results grants.

I have the honour to be,

Sir,

Your most obedient servant,

T.H. Stuart
Director of Public Instruction.

Ootacamund.

Sir,

Referring to your telegram of the 16th instant enquiring why financial effect to the proposals relating to the provincialization of the Local Fund girls' schools should be given from 1st April last I have the honour to state that it will appear from G.Os. No 542, Educational, dated 5th September 1902 and No 498, Educational, dated 21st August 1902 that the municipal council, Mayaveram had made no provision in the current year's budget for the girls' school under its management and that the Coondapur Taluk Board was anxious as early as May last that the girls' school at Kalianpur should be taken over by Government without delay. Further I had no information as to which Boards had and which had not made provision for the girls' schools under them. I therefore thought it expedient to propose that all the schools might be taken over from 1st April last and that the Boards concerned should be required to transfer the provision made in the Local Fund budgets for these schools to the head of results grants, as thereby the provision made in the educational budget on behalf of these schools would be fully utilized and as the amount of contribution to be made to Local Boards for payment in full of fixed and results grants would be proportionately reduced.

2. If, however, Government should decide otherwise, I shall on receipt of orders submit proposals for the transfer of the amount that might thereby be saved to the Public Works budget to be utilized within the year on buildings for Government girls' schools.

3. In any case the charges relating to the municipal girls' school, Mayaveram will have to be paid from 1st April last. I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart
Director of Public Instruction.

Provincialisation of certain girls' schools.

The Financial department may be asked if there is any objection to approving and transferring the proposition statement to that department.

The Director's proposals in paragraphs

Rec
29/8/12

1. 415 of his letter may be approved and the proposition statement transferred to the Financial Department with their concurrence.
2. As regards para: 3, a probationary period of five years seems too long for these teachers. They ought to be able to prove their competency in two or at the most three years. If they are then found competent they should be confirmed: if not they should not be retained longer.
3. The proposal in para: 7 may be remitted to the L.F.M. Department for consideration. The Boards concerned should not be permitted to divert to other ~~the~~ grants any portion of the expenditure hitherto incurred on these schools.

Ans

The cost of all the schools, if transferred to Government, will be Rs 339 p.m. or 4,068 per annum. The extra cost thrown on Provincial funds on account of alterations in permanent establishments since 1st April last amounts to Rs 1,29,093 per annum. The cost in the current year (on account of the schools will) amounts to

Rs 3,621 ~~para~~. This, the Director says, can be met from the provision of Rs 8,200 for new girls' schools under "Government Girls' schools, General" in the current year's budget. (page 3 of current file).

H.M. But I don't see why the schools sh^d be taken over from 1st April seeing that the D.D. have all this time been apparently meeting the charges ~~in managing them~~.
 And see G.O. 12 Aug 1901 no 1313. Besides "financial effect" sh^d run with admin^{charge}.

[From the D.P. no 4440 dt 19-9-02].

Yes. He puts the case as it was originally understood in this Dept.

22.8.2

The Director seems to show good reasons for recommending that effect should be given to his proposals from 1st April 1902. The result is all the same at the end. If schools are taken over from 1st April and if there is provision in the L.T. Budget for them, this provision will be utilized in the payment of grants and there will be a corresponding reduction in the subsidy ~~paid~~ from Prov^l funds to enable local boards to pay their grants in full.

20/9/2

I submit that effect may be given to the proposals from the beginning of the official year.
