To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to request that you will be so good as to obtain the permission of Government to provide in the budget estimates for 1903-04 a sum of Rs. 6464 towards taking over under Government management the girls' schools named below as salary results schools:-

1. The Hindu girls' school, Tiruchengode
 2. Do , Hosur
 3. Do , Madanapalle
 4. The Muhammadan do do
 5. Do , Cuddapah
 6. The Hindu do do
 7. The Muhammadan girls from two mixed schools at Vellore.
 8. The Muhammadan girls' school, Porto Novo.
2. The necessity for provincializing these schools is explained in the subjoined extract from Miss Carr's letter on the subject:-

"Salem District

(1) The Hindu girls' school, Trichengode ~~which~~ has had a precarious existence for about 12 years. I visited and inspected it several times on my way to Namakal, and on each occasion was requested to take the school over under Government management, but there were then no funds. The present strength of the school is about 40.

(2) The Hindu girls' school, Hosur, ~~which~~ was once a Government institution, and was afterwards under private management. It was closed about two years ago, but was revived again in April 1901, chiefly through the influence of C. G. Spencer Esquire the Sub Collector. He has now been transferred to Madura, and a little time back he

wrote to me, asking whether the school could not be taken over, as he feared it would otherwise again be closed. The present strength is only about 20, but the attendance in former years has been as high as 50. Cuddapah District.

(1) The Hindu girls' school, Madanapalli. I inspected this school both last year and this, and on both occasions ascertained that there was a great desire on the part of the Hindu community and the Manager to transfer the school to Government. This year I also consulted with the Manager of the American Mission Hindu school as to whether there was room for two schools in the town. He said there was ample room, provided the situation of the proposed Government school should be on the other side of the town. I visited two sites and a building, and ascertained that they were all sufficiently central to secure a good attendance, but far enough from the Mission school to prevent unhealthy rivalry. The present strength of the school is 57.

(2) The Board Muhammadan girls' school, Madanapalli. This school consists of about 50 pupils, 35 of whom were present during my visit of inspection on the 6th instant. They are now taught in the same building as the boys, and by the same teachers - all men. The girls are simply screened off from the boys by a bamboo mat. The condition of the building is very bad, and the teachers are all unqualified. Several influential Muhammadans were present, and promised to provide a conveyance for the gosha girls, if the school were taken over under Government management. I also visited one building and one site, both in suitable localities. I have asked the President of the Taluk Board whether he is willing to hand the school over, and I think there can be very little doubt about the nature of his reply.

(3) The Hindu girls' school, Cuddapah. I inspected this school on the 8th instant and the manager is more than willing to hand it over. The teachers are all men, and therefore no needle work has been taught nor have any of the optional subjects been taught, even if

The accommodation too is poor. The present strength of the school is 45.

(4) The Muhammadan girls' school, Cuddapah. There are two small existing schools aided by results grants.

They are:-

(i) Abdul Khadir's Muhammadan girls' school and

(ii) Dadi Bi's Muhammadan girls' school.

In the former 24 pupils were present out of 28 on the rolls and in the latter 22 were present out of 27 on the rolls. The present accommodation of both schools is wretched in the extreme, and there is hardly any furniture or apparatus in either. Two buildings were visited, one of which is suitable, and may be rented for the school. Dadi Bi has been a teacher for 25 years, and has been manager and teacher of her present school for 5 years. She may become the last assistant of the Government girls' school. The Khazi of Cuddapah, and 5 other of the leading Muhammadan gentlemen of the town visited me and expressed a desire to have the school opened, promising to do all in their power to promote its welfare. In connection with the above recommendations

I would remark that at present there is not a single Government girls' school in the Cuddapah District. North Arcot District.

(1) The Muhammadan girls' school, Vellore. There is urgent need of a Government girls' school for Muhammadans in Vellore. There is a large Muhammadan community but not one girls' school. There are however about 18 Muhammadan girls attending each of two boys' schools. I had an interview with the Secretary of an Association of Muhammadans formed for the improvement of education and he has promised to use his influence for the welfare of the school, as soon as it is once established.

South Arcot District.

(1) The Muhammadan school, Porto Novo. There is at present a small school at Porto Novo attended by about 25 girls, and aided by results grants. The taking over of this school has been requested by the manager and strongly recommended by the Sub-Assistant Inspector of

Muhammadan schools, Southern Circle. As there is a Muhammadan population of about 3000, it is very probable that the numbers will speedily increase."

I may add that the President of the Taluk Board, Madanapalli, approves of the proposal to convert the Board Muhammadan girls' school, Madanapalli into a Government institution. 5

3. Excluding an initial outlay of Rs.960 for furnishing the school with the necessary articles of furniture, apparatus and appliances and a lump sum of Rs.800 towards paying results stipends and capitation allowance an expenditure of Rs.49 per mensem is proposed for each school as shown below:-

1 Headmistress	Rs.12 :	
1 1st assistant do	10 :	+ results stipends at 50 per cent
1 2nd do	10 :	
1 Peon	5	
1 Conductress	2	+ capitation allowance
1 Scavenger	2	
Rent	6	
Prize allowance	1	
Library ,,	$\frac{1}{2}$	
Contingencies	$\frac{1}{2}$	
	Rs.49	

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.
