Recording papers on the subject of the reorganization of the — pending receipt of the resolution of the Government of India on the report of the Committee on Industrial Education.

Read—also the following paper :—
 From A. WILLIAMS, Esq., Deputy Secretary to the Government of India,
 Home department (Education), to the Secretary to the Government of Madras,
 Educational department, dated Simla, 3rd September 1902, No. 771.

In compliance with the request contained in your letter No. 479, dated the 15th
 August last, I am directed to forward for the information of the Governor in Council,
 a copy of the report (parts I, II and III) of the Industrial Schools Committee. I
 am to add that the report is at present being considered by the Government of India.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—again the following paper :—

G.O., Nos. 478, 479, Educational, dated 15th August 1902.

Read—the following letter from the Hon'ble Mr. G. H. STUART, M.A., Director of
 Public Instruction, Madras, to the Secretary to Government, Educational
 department, dated 3rd June 1902, Cur. No. 4313 :—

With reference to G.O., No. 468, Educational, dated 22nd August 1901, I have
 the honour to suggest that orders may now be passed on the proposals contained in
 my letter, Ref. on Cur. No. 3575, dated 22nd May 1901. It does not appear that
 any further resolution will be passed by the Government of India on the recom-
 mendation of the Educational Conference. Further, as it appears probable that the
 report of the Technical Education Committee which visited Madras early this year will
 be largely based on what they saw there and as it seems to be admitted that we are
 considerably in advance of other provinces in respect of technical education, I submit
 that there is no necessity for awaiting the report of that committee.

Order—No. 478, Educational, dated 15th August 1902.

The following letter will be despatched.

(True Extract.)

H. A. STUART,
Ag. Secretary to Government.

Letter—No. 479, Educational, dated 15th August 1902, to the Secretary to the
 Government of India, Home department.

I am directed to request that, with the permission of His Excellency the
 Governor-General in Council, the Madras Government may be furnished with a copy
 of the report of the Committee on Industrial Education. The Governor in Council has
 under consideration proposals for the improvement of the Madras School of Arts
 and Industries and he has no doubt that the report of Colonel Clibborn's committee
 would assist him in disposing of this subject.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 614, EDUCATIONAL, DATED
4TH OCTOBER 1902.

*From the Government of India, Home Department (Education), No. 771,
dated 3rd September 1902.*

[SUBJECT.—*Reorganization of the School of Arts.*]

A copy of the report of the committee on industrial education was obtained as G.O., Nos. 478, 479, dated 15th August 1902. it was thought that this report would be helpful in disposing of the long-pending question of the re-organization of the Madras School of Arts. The committee however say that they have excluded from the scope of their enquiry instruction in fine arts and technical instruction other than that required by artisans and foremen—*vide* paragraph 1 of their report. For the training of artisans the committee recommend a system of apprenticeship in workshops, in preference to a system of instruction in schools—*vide* paragraph 15. It seems therefore that the idea of a school of arts and industries must be given up. The Madras school must, if the Committee's recommendation is approved, be in future a school of art, pure and simple. There appears therefore to be no use in adopting the present scheme of re-organization, but before orders are passed it is submitted that the resolution of the Government of India on the committee's report may be awaited. The Government of India say that the report is now under consideration and so it will not be very long before the resolution is received. The question may therefore be again hung up for some time longer.

P. T. THARYAN--18-9-02.

It is rather wearisome work this hanging up of subjects until the Government of India pass orders, but I can see nothing else which can very well be done in this case.

2. One thing is however perfectly certain, and that is that, whatever is done in regard to industries, the School of Arts at Madras will have to become a real school of arts again as it was in Mr. Havell's time and for that, a Superintendent from Europe will have to be imported. The Government might perhaps wish to make enquiries beforehand; it will not do to have any person of Mr. Porterfield's sort inflicted on Madras, but there is no reason to suppose that the next Superintendent will be like that officer.

A. T. PRINGLE--1-10-02.

We must wait for India's order. I don't think we can profitably do anything now.
