To

The Secretary to Government,
Educational Department.

Sir,

I have the honour to request that the sanction of Government may be obtained to the employment of a chemical assistant on Rs.100 per mensem in the Aluminium Department of the School of Arts with effect from 1st October 1902 and until such time as that department is finally closed. The duties of this assistant, Mr. Chatterton states, will comprise "the analysis of consignments of aluminium, the investigation of causes of corrosion and the determination of numerous obscure points which have come to light in the practical working of the metal".

2. The sum of Rs.500 that will be required during the current year towards the salary of this assistant can be met from savings in the provision sanctioned for this department under salaries and under establishment.

3. If the proposal is sanctioned, I shall submit the usual proposition statement through the Accountant-General.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stueck

Director of Public Instruction.

A chemical asstt for the Aluminium dept.

May the proposal be sanctioned? There seems to be no necessity for the employment of this Assistant since the purchase of aluminium must be stopped almost immediately. vide G.O. No 488 Edt dt 18th August 1902.
