GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 2nd October 1902, Ref. on C. No. 2931.

Article 19 of chapter II of the Madras Educational rules exempts primary schools and departments from the grant of fee receipts in token of payments of fees. But the Accountant-General points out that under G.Os., No. 558 M., dated 12th March 1898, and No. 141 M., dated 25th January 1899, the practice of granting such receipts applies to *all* municipal schools irrespective of their grade. As the practice is intended to act as a preventive against frauds which might occur as much in primary schools as in schools of higher grades, I am of opinion that it should be extended to all primary schools and departments under public management, and that a clause requiring the grant of a fee receipt for each payment of fee in every institution under public management should be inserted in chapter IV of the Educational rules. If the Government concur in this view, I have the honour to request that the enclosed draft notification may be approved and published in the *Fort St. George Gazette*.

ORDER—No. 652, Educational, dated 18th October 1902.

The draft notification as amended by Government is approved and will be published in the *Fort St. George Gazette*:—

NOTIFICATION.

His Excellency the Governor in Council directs that the following clause shall be inserted in the Madras Educational rules as clause (d) to article 5 of chapter IV, namely:—

"A receipt signed and dated by the headmaster or by some one deputed by him shall be granted for every payment of fee made under the above clauses. The receipt shall show the form or class in which the pupil is reading."

(True Extract.)

A. T. PRINGLE,
Assistant Secretary to Government
in charge.

To the Director of Public Instruction.

NOTES CONNECTED WITH G.O., No. 652, EDUCATIONAL, DATED
18TH OCTOBER 1902.

[SUBJECT.—Grant of receipts for payment of fees in primary schools.]

From the Director of Public Instruction, dated 2nd October 1902, No. 2931.

Article 19 of chapter II of the Educational rules exempts primary schools and departments from the grant of fee receipts only by implication, whereas it expressly lays down that for every payment of fee in secondary schools and departments a pupil shall receive a receipt signed and dated by the headmaster or some one deputed by him. To extend the provision to primary schools and departments the best course seems to be to omit the words "in secondary schools and departments" from the article. Instead of that the Director proposes to insert a provision binding on all schools and departments in chapter IV of the Educational rules. If this is approved, it seems necessary to omit article 19 of chapter II altogether, so that there may not be double provision about certain classes of schools, namely, those of the secondary grade. Such provision will in the end lead to confusion and misunderstanding.

The draft placed below may issue with the notification as revised in pencil.

P. T. THARYAN—6-10-02.

It will be better to refer to the Director of Public Instruction first and ask whether he agrees that article 19 should go out.

A. T. PRINGLE—7-10-02.

To the Director of Public Instruction.

Article 19, chapter II, prescribes receipts for all payments of fees in secondary schools and departments, whether under public or private management. The rules about fees in chapter IV apply only to schools under public management.

2. If article 19, chapter II, be omitted, schools under private management will be under no obligation to grant fee receipts even in their secondary departments. It is not intended to relieve them of this obligation.

3. On the other hand, if the words "in secondary schools and departments" be omitted from article 19, chapter II, primary schools and departments under private management would have to grant receipts. This is not intended, as in such schools fees are still sometimes paid in "kind". It is only proposed to extend the system of receipts to primary schools and departments under public management, where fees are of fixed amount and are always paid in money.

G. H. STUART—10-10-02.

In the circumstances the draft notification as now amended may be approved.

P. T. THARYAN—15-10-02.

The order may issue.

A. T. PRINGLE—18-10-02.
